RISK FACTORS

This section of the Prospectus provides you with information on the general risks involved when investing in a unit trust fund and the specific risks associated with the securities/instruments that the Fund will be investing in.

GENERAL RISKS

➤ **Fund Management Risk**

This risk refers to our day-to-day management of the Fund which will impact the performance of the Fund. For example, our investment decisions as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the Deed, relevant law or guidelines due to factors such as human error, fraud, dishonesty or weaknesses in operational process and systems, may adversely affect the performance of the Fund.

➤ **Inflation Risk**

This is the risk that your investment in the Fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

➤ **Financing Risk**

This risk occurs when you take a financing to finance your investment. The inherent risk of investing with financed money includes you being unable to service the financing repayments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the financing.

➤ **Operational Risk**

This risk refers to the possibility of a breakdown in our internal controls and policies. The breakdown may be a result of human error, system failure or fraud where our employees collude with one another. This risk may cause monetary loss and/or inconvenience to you. We will regularly review our internal policies and system capability to mitigate this risk. Additionally, we maintain a strict segregation of duties to mitigate instances of fraudulent practices amongst our employees.

SPECIFIC RISKS

The specific risks associated with the securities/instruments in which the Fund will invest are as tabulated below:-

➤ **Shariah-compliant Equity Investment Risk**

The buying and selling of Shariah-compliant equities carry a number of risks, the most important being the volatility of the capital markets on which those securities are traded and the general insolvency risk associated with the issuers of Shariah-compliant equities.

The value of the Shariah-compliant equities depends on its growth and earning potential, sound management, treatment of minority shareholders, as well as a myriad of other factors. Failure to achieve the expected earnings would result in declining investment value which in turn affects the performance of the Fund. The Manager will employ stringent stock selection criteria which would effectively filter its stock components to Shariah-compliant equities which can provide returns to the Fund in the form of capital gains and income.

➤ **Currency Risk**

As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuation in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. You should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

Currency risk at the Fund level

The impact of the exchange rate movement between the Base Currency and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the Base Currency.

Currency risk at the Class level

The impact of the exchange rate movement between the Base Currency and the currency of the respective Class (other than RM Class) may result in a depreciation of your holdings as expressed in the Base Currency.

➤ **Shariah-compliant warrants investment risk**

The value of the Shariah-compliant warrants will depend on the pricing of the underlying security whereby the growth and performance prospect of the underlying security would consequentially affect the value of the Shariah-compliant warrants. In addition, the value of the Shariah-compliant warrants may decrease exponentially as the Shariah-compliant warrants approach its maturity date and the potential gains from a favourable price movement of the underlying may be offset by aggressive time decay. We may consider unwinding these Shariah-compliant warrants if there are material adverse changes to its value with the aim to mitigate the risk.

➤ **Country Risk**

Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund or prices of Units to fall.

➤ **Derivative Risk**

Valuation of Islamic derivatives takes into account a multitude of factors such as movement of the underlying asset, volatility of underlying assets, the correlation of the underlying assets with the Fund, the implied future direction of the underlying assets and other factors. Any adverse changes of the factors mentioned above may result in a lower NAV price.

➤ **Reclassification of Shariah-status Risk**

This risk refers to the risk that the currently held Shariah-compliant equities in the Fund may be reclassified to be Shariah non-compliant in the periodic review of the equities by the SAC of the SC, the Shariah Adviser or the Shariah boards of the relevant Islamic indices. If this occurs, we will take the necessary steps to dispose of such equities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities. We will be required to dispose of these equities immediately if the prices are above the purchase price. Should the prices be below the purchase price, we may choose to hold on to these holdings until the prices meet the purchase price. Nevertheless, should we decide to dispose of these equities below the purchase price, the Fund will be faced with the risk of realising its losses, thus negatively impacting the NAV of the Fund. Please refer to “*Shariah Investment Guidelines*” of this Prospectus on the Fund’s Shariah methodology on the treatment of gains and losses as a result of the reclassification of Shariah non-compliant equities.

RISK MANAGEMENT

In our day-to-day running of the business, we employ a proactive risk management approach to manage portfolio risks and operational risks. The Board has established a board compliance & risk management committee to oversee AHAM’s risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance & risk management committee comprises of at least three Board members and is chaired by an independent director. At the operational level, we have established a compliance & risk oversight committee with the primary function of identifying, evaluating and monitoring risks as well as to formulate internal control measures to manage and mitigate the exposure to risks that may affect the performance of the Fund, returns to the investors or Unit Holders’ interest within a clearly defined framework and is primarily responsible for ensuring that the policies and procedures that have been implemented are reviewed on an on-going basis with periodic assessments. The compliance & risk oversight committee reports to the board compliance & risk management committee on a quarterly basis.

In managing portfolio risks, we engage a stringent screening process by conducting fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors. Regular meetings are held to discuss investment themes and portfolio decisions taken at the meetings are then implemented according to the investment guidelines which also take into account requirements for minimum portfolio diversification across individual investment holdings, sectors, geographies and asset classes (based on the respective portfolio’s objective and strategy). We also practise prudent liquidity management with the objective to ensure that the Fund is able to meet its short-term expenses including repurchase requests by the Unit Holders.

We have in place a system that is able to monitor the transactions to ensure compliance with the Fund's investment limits and restrictions. These limits are system-controlled and not manually tracked, thus reducing the probability of human error occurring in ensuring the Fund's investment limits and restrictions are adhered to. We also undertake stringent evaluation of movements in market prices and regularly monitor, review and report to the investment committee to ensure that the Fund's investment objective is met. Regular portfolio reviews by senior members of the investment team further reduce the risk of implementation inconsistencies and violations of the Guidelines. We also have in place a credit risk management process to mitigate counterparty risk of derivatives whereby such risk arises when the counterparty is not able to meet their contractual obligations. Prior to entering into a contract with the counterparty, we will conduct an evaluation on the credit standing of the counterparty to ensure they are able to meet their contractual obligations. It is important to note that an event of downgrade does not constitute a default. If we view that the downgrade in the rating of the counterparty may lead to high credit risk, we will not hesitate to take pre-emptive measures to unwind these positions. In the event of a downgrade in the rating of the issuer in the case of OTC options, the Manager may opt to sell-down or reduce its exposure into the options. Nevertheless, the Manager will carry out a credit analysis on issuer to determine its ability of financial obligations prior to making the Fund's investment.

We also employ a performance attribution system that enables us to review the performance of the Fund to determine the key factors that have contributed to and detracted from the Fund's performance. This system complements our overall risk management process as the system also provides standard risk analytics on the portfolio such as the Fund's standard deviation, tracking error and measures of excess return. The data produced by the performance attribution system is reviewed regularly and at least on a monthly basis in meetings chaired by the managing director and participated by the portfolio managers and the performance evaluation team.

! It is important to note that events affecting the investments cannot always be foreseen. Therefore, it is not possible to protect investments against all risks. You are recommended to read the whole Prospectus to assess the risks associated with the Fund. If necessary, you should consult your professional adviser(s) for a better understanding of the risks.

ASSET ALLOCATION

Shariah-compliant equities	Minimum of 70% of the Fund's NAV
Islamic liquid assets which may include Islamic money market instruments and Islamic deposits	Maximum of 30% of the Fund's NAV

INVESTMENT STRATEGY

The Fund will focus on achieving its objective by investing in a diversified portfolio consisting a minimum of 70% of the Fund's NAV in Shariah-compliant equities and a maximum of 30% of the Fund's NAV in Islamic money market instruments and/or Islamic deposits.

As the Fund focuses on participating in growth opportunities within the Asian (ex Japan) region, the Fund's investments will be primarily into Shariah-compliant equities listed or issued within the Asian (ex Japan) markets. Secondly, the Fund will also hold the flexibility to invest up to a maximum of 30% of the Fund's NAV into opportunities outside the Asian (ex Japan) markets to capitalise on sectors and/or markets that would benefit from the growth prospects of the Asian (ex Japan) region.

The investment selection process will be focused on companies that are able to provide growth potential over the medium to longer term investment horizon. As such, we would adopt a top-down and bottom-up strategy investment approach to identify investment opportunities in the prevailing market. Fundamental analysis will also be carried out to determine the attractiveness of investment ideas. Key factors which are useful in identification of such companies would include sales and profit growth, financial strength and gearing levels, expected future earnings growth, share price valuation as well as management quality.

While the Fund's core investments will remain in Shariah-compliant equities, the Fund holds the option to invest into Islamic money market instruments and Islamic deposits. The selection will depend largely on its credit quality where the respective issuers display strong ability to meet their financial obligations, healthy cash-flow, the collateral type, value, claims priority as well as offer highest safety for timely payment of profit and principal.

To achieve its objective, the Fund will also have the flexibility to hold exposure in Shariah-compliant warrants, as well as Islamic collective investment schemes.

The Fund will be actively managed and we look to maintain some core holdings that are held over the medium to long term, which is similar to a buy and hold strategy. We will also maintain a trading portion for the portfolio, which we will use to take advantage by participating in investment opportunities that are set to benefit from prevailing market conditions, with the aim of boosting the Fund's performance.

Foreign Investments

To meet its objective, the Fund will maintain a minimum of 70% of the Fund's NAV in investments listed or issued within the Asian (ex Japan) markets. The Fund will have a flexibility to invest up to 30% of its NAV in investments listed or issued in foreign markets outside the Asian (ex Japan) region. The decision to invest into foreign markets will be opportunistically driven where we would seek out investments that could provide a potential to enhance the returns of the Fund. The Fund will invest only into countries where the regulatory authorities are ordinary or associate members of the IOSCO.

Islamic Derivative Investments for Hedging Purposes Only

The Fund may employ Islamic derivatives such as Islamic cross currency swaps and Islamic forwards contracts that are certified by the Shariah Adviser for hedging purposes.

These instruments may be used to hedge the principal and/or the returns of the foreign-currency denominated investments back to the Fund's Base Currency. While the hedging strategy will assist with mitigating the potential foreign exchange losses by the Fund, any potential foreign exchange gains from the hedging strategy will be capped as well.

The employment of Islamic derivatives under these circumstances is expected to reduce the impact of foreign currency movements on the Fund's NAV.

Temporary Defensive Position

We hold the option to take temporary defensive positions that may be inconsistent with the Fund's principal strategy and asset allocation to protect the Fund against adverse market conditions that may impact financial markets. To manage the risk of the Fund, we may shift the Fund's focus and exposure into lower risk investments such as Islamic money market instruments and/or Islamic deposits.

PERMITTED INVESTMENTS

The Fund will invest in the following assets, subject to the Deed, the objective of the Fund, the Guidelines and all relevant laws:-

- Shariah-compliant securities listed on Bursa Malaysia or any other approved exchanges;
- Unlisted Shariah-compliant securities including without limitation, Shariah-compliant securities that have been approved by the relevant regulatory authorities for the listing of and quotation of such securities;

 - arrangements for the unimpeded transmission of income and capital from the foreign market.
- *Shariah-compliant investments in a foreign market are limited to markets where the regulatory authority is an ordinary or associate member of the IOSCO;
- o) The Fund's investments in Islamic collective investment schemes must not exceed 25% of the units/shares in any one Islamic collective investment scheme;
 - p) The value of the Fund's investments in units/shares of any Islamic collective investment scheme must not exceed 20% of the Fund's NAV;
 - q) There will be no limits and restrictions on Shariah-compliant securities/instruments issued or guaranteed by the Malaysian government or Bank Negara Malaysia; and
 - r) Any other investment restrictions or limits imposed by the relevant regulatory authorities, the Guidelines, the relevant laws and/or regulations applicable to the Fund.

The abovementioned restrictions and limits will be complied with at all times based on the up-to-date value of the Fund, and the value of its investments and instruments. However, a 5% allowance in excess of any limit or restriction imposed under the Guidelines is permitted where the limit or restriction is breached through the appreciation or depreciation of the NAV of the Fund (whether as a result of an appreciation or depreciation in value of the Shariah-compliant investments, or as a result of repurchase of Units or payment made from the Fund).

We will not make any further acquisitions to which the relevant limit is breached and within a reasonable period of not more than three (3) months from the date of the breach, we will take all necessary steps and actions to rectify the breach.

The following are the Shariah investment guidelines for the Fund, which the Manager, is to strictly adhere to on a continuous basis. At all times the Fund shall invest in investment instruments that are allowed under Shariah principles and shall not invest in instruments that are prohibited by Shariah principles based on the parameters of the applicable Shariah Advisory Council and the Shariah Adviser.

Investment in Malaysia

Equity

The Fund will invest based on a list of Shariah-compliant equities by the SAC of the SC.

For initial public offering (IPO) companies that have yet to be determined the Shariah status by the SAC of the SC, the Shariah Adviser adopts the following analysis as a temporary measure in determining its Shariah status until the SAC of the SC releases the Shariah status of the respective companies.

(1) Qualitative analysis

In this analysis, the Shariah Adviser will look into aspects of general public perception of the companies' images, core businesses which are considered important and *maslahah* (beneficial) to the Muslim *ummah* (nation) and the country. The non-permissible elements are very small and involve matters like *umum balwa* (common plight and difficult to avoid), *'uruf* (custom) and rights of the non-Muslim community which are accepted under the Shariah.

(2) Quantitative analysis

Companies which passed the above qualitative analysis will be further subjected to quantitative analysis. The Shariah Adviser deduces the following to ensure that they are lower than the Shariah tolerable benchmarks:

(a) Business activity benchmarks

The 5 per cent benchmark would be applicable to the following business activities:

- Conventional banking;
- Conventional insurance;
- Gambling;
- Liquor and liquor-related activities;
- Pork and pork-related activities;
- Non-halal food and beverages;
- Shariah non-compliant entertainment;
- Tobacco and tobacco-related activities;
- Interest income from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitrator);
- Dividends from Shariah non-compliant investments; and
- Other activities considered non-compliant according to Shariah.

The 20 per cent benchmark would be applicable to the following activities:

- Share trading;
- Stockbroking business;
- Rental received from Shariah non-compliant activities; and
- Other activities that are considered as non Shariah-compliant.

The above-mentioned contribution of Shariah non-compliant businesses/activities to the overall revenue/sales/turnover/income and profit before tax of the companies will be calculated and compared against the relevant business activity benchmarks i.e. must be less than 5 per cent and less than 20 per cent respectively as stated above.

(b) Financial ratio benchmarks

The financial ratios applied are as follows:

- Cash over total assets:

Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.

- Debt over total assets:

Debt will only include interest-bearing debt whereas Islamic financing or Sukuk will be excluded from the calculation.

Both ratios, which are intended to measure *riba'* and *riba'*-based elements within a company's statement of financial position, must be less than 33 per cent.

Should any of the above deductions fail to meet the benchmarks, the Shariah Adviser will not accord Shariah-compliant status for the companies.

Islamic money market instruments

The Fund will invest in Islamic money market instruments approved by the SAC of the BNM and/or Shariah Adviser. The Shariah Adviser will review any Islamic money market instruments to be invested by the Fund based on the data available at bond info hub (www.bondinfo.bnm.gov.my) and fully automated system for issuing/tendering (www.fast.bnm.gov.my).

Investment in Islamic Deposits

The Fund is also prohibited from investing in interest-bearing deposits and recognizing any interest income.

Investment in Foreign Markets

The Fund shall invest in securities listed under the list of Shariah-compliant securities issued by:

- the local Shariah governing bodies of the respective countries such as Majelis Ulama Indonesia in Indonesia; and/or
- any Shariah indices recognized internationally including but not limited to the Dow Jones Islamic market indices.

Any foreign securities which are not certified by the local Shariah governing bodies of the respective countries or listed under the list of Shariah-compliant securities issued by Shariah indices recognized internationally shall be determined in accordance with the ruling issued by the Shariah adviser as follows:

(1) Sector-based screens

The Shariah investment guidelines do not allow investment in companies which are directly active in, or derive more than 5% of their revenue or profit before taxation (cumulatively) from, the following activities ("prohibited activities"):

- Alcohol;
- Tobacco;
- Pork-related products;
- Conventional financial services (banking, insurance, etc.);
- Weapons and defense; and
- Entertainment (hotels, casinos/gambling, cinema, pornography, music, etc).

(2) Accounting-based screens

The accounting-based screens applied are as follows and must be less than 33%:

- (a) Total debt over trailing 24-months average market capitalization
- (b) The sum of a company's cash and interest bearing securities divided by trailing 24-months average market capitalization
- (c) Accounts receivables divided by trailing 24-months average market capitalization

Should any of the above deductions fail to meet the benchmarks, the Shariah Adviser will not accord Shariah-compliant status for the companies.

Purification Process for the Fund

Shariah non-compliant investment

The Fund Manager will immediately dispose-off any Shariah non-compliant investment inadvertently made in the Fund. If the disposal of the Shariah non-compliant investment results in losses to the Fund, the losses are to be borne by the Manager. The said investment will be disposed/withdrawn with immediate effect or within a month of knowing the status of the securities. Any capital or dividend gains received during or after disposal of the investment will be channeled to *baitulmal* or any other charitable bodies as advised by the Shariah Adviser.

Reclassification of Shariah status of the Fund's investment

Equities which were earlier classified as Shariah-compliant equities may subsequently be reclassified as Shariah non-compliant due to certain reasons such as changes in the companies' operations.

If at the time the announcement/review is made, the value of the equities held exceeds the investment cost, such non-compliant equities will be liquidated. The Fund may keep any dividends received and capital gains arising from the disposal of the non-compliant equities made at the time of the announcement/review. However, any dividends received and excess capital gains made from the disposal after the announcement/review day at a market price that is higher than the closing price on the announcement/review day will be channelled to *baitulmal* or any other charitable bodies as advised by the Shariah Adviser.

If the market price of the said equities is below the investment cost at the time the announcement/review is made, the Fund may hold the non-compliant equities and keep dividends received during the holding period until the total amount of dividends received and the market value of the non-compliant equities held equal the investment cost. At this stage, the Fund will dispose of the said equities.

The investment portfolio of the Fund comprises of instruments that are classified as Shariah-compliant by the SAC of the SC and, where applicable by the SAC of the BNM. For instruments which are not classified as Shariah-compliant by the SAC of the SC and, where applicable by the SAC of the BNM, the instruments will be determined in accordance with the ruling by the Shariah Adviser.

VALUATION OF PERMITTED INVESTMENTS

All foreign assets are translated into RM based on the bid exchange rate quoted by Bloomberg or Reuters at 4.00 p.m. (United Kingdom time) which is equivalent to 11 p.m. or 12 midnight (Malaysian time) on the same day, or such time as stipulated in the investment management standards issued by the FIMM.

We will obtain the daily price or value of the assets for the purpose of valuing the Fund in accordance to the Malaysian Financial Reporting Standard 9 issued by the Malaysian Accounting Standards Board. In the absence of daily price or value of the assets, we will use the latest available price or value of the assets respectively.

The valuation bases for the permitted investments of the Fund are as below:

➤ **Listed Shariah-compliant securities**

Valuation of listed Shariah-compliant securities such as Shariah-compliant equities, Shariah-compliant warrants or listed Islamic collective investment schemes shall be based on market price i.e. closing bid price. Where no market value is publicly available or where the use of the quoted market value is inappropriate, or where no market price is available, including in the event of suspension in the quotation of the Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, such listed Shariah-compliant securities will be valued at fair value as determined in good faith by the Manager or its delegate, based on the methods or bases approved by the Trustee after appropriate technical consultation.

➤ **Unlisted Shariah-compliant securities**

Unlisted Shariah-compliant securities will be valued based on fair value as determined in good faith by the Manager using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

➤ **Islamic deposits**

Islamic deposits placed with Financial Institutions are valued by reference to the principal value of such investments and the profits accrued thereon for the relevant period.

➤ **Sukuk**

Valuation of unlisted Sukuk denominated in Ringgit Malaysia will be done using the fair value price quoted by a bond pricing agency ("BPA") registered with the SC. If the Manager is of the view that the price quoted by BPA differs from the "market price" quoted by at least 3 independent and reputable institutions by more than 20 basis points and the Manager determines that the methodology used by the independent and reputable institutions to obtain the "market price" is more appropriate, the Manager may elect to use the price quoted by the independent and reputable institutions as the "market price", provided that the Manager records its basis for using a non-BPA price, obtains the necessary internal approvals to use the non-BPA price and keeps an audit trail of all decisions and basis for adopting the "market yields". Investments in other unlisted Sukuk will be valued using the average indicative price quoted by at least 3 independent and reputable institutions. In the case of listed Sukuk, the last traded prices quoted on an exchange will be used if the Manager deems this method is more appropriate. Furthermore, in the case where the Manager is unable to obtain quotation from 3 independent and reputable institutions, both listed and unlisted Sukuk will be valued in accordance to fair value as determined in good faith by the Manager, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

➤ **Islamic money market instruments**

The valuation of MYR denominated Islamic money market instruments will be done using the price quoted by the BPA registered with the SC. For foreign Islamic money market instruments, valuation will be done using the average indicative yield quoted by three (3) independent and reputable institutions.

➤ **Islamic derivatives**

The valuation of Islamic derivatives will be based on the rates provided by the respective issuers. For foreign exchange forward contracts ("FX Forwards"), we will apply interpolation formula to compute the value of the FX Forwards based on the rates provided by Bloomberg/Reuters. If the rates are not available on Bloomberg/Reuters, the FX Forwards will be valued by reference to the average indicative rate quoted by at least 3 independent dealers. In the case where the Manager is unable to obtain quotation from 3 independent dealers, the FX Forwards will be valued in accordance to fair value as determined by us in good faith, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

➤ **Unlisted Islamic collective investment schemes**

Unlisted Islamic collective investment schemes will be valued based on the last published repurchase price.

VALUATION POINT OF THE FUND

The valuation point for the purpose of determining the NAV of the Fund and NAV per Unit will be carried out at 11.00 a.m. on the next Business Day (or “trading day + 1”).

If the foreign market in which the Fund is invested therein is closed for business, the Manager will value the investment based on the latest available price as at the day the particular foreign market was last opened for business.

POLICY ON GEARING AND MINIMUM LIQUID ASSETS REQUIREMENTS

The Fund is not permitted to seek financing (including those within the meaning of the SC’s Securities Borrowing and Lending Guidelines [SBL Guidelines]) in connection with its activities. However, the Fund may seek cash financing for the purpose of meeting repurchase requests for Units and for short-term bridging requirements. Such financings are subjected to the following:-

- the Fund’s cash financing is only on a temporary basis and that financings are not persistent;
- the financing period should not exceed one (1) month;
- the aggregate financings of the Fund should not exceed 10% of the Fund’s NAV at the time the financing is incurred; and
- the Fund may only obtain Shariah-compliant financing from Financial Institutions; and
- the instruments for such activity must comply with the Shariah requirements.

Except for securities lending as provided under the SBL Guidelines, none of the cash or investments of the Fund may be lent. Furthermore, the Fund may not assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person.

In structuring the portfolio of the Fund, we will maintain sufficient Islamic liquid assets to ensure short-term liquidity in the Fund to meet operating expenses and possible repurchase of Units.

ZAKAT FOR THE FUND

The Fund does not pay zakat on behalf of Muslim individuals and Islamic legal entities, who are Unit Holders. Such Unit Holders are thus required to pay zakat on their own behalf.

EPF INVESTMENT

The Fund is approved under EMIS. However, the Fund is subject to the annual evaluation by the EPF. In the event the Fund is no longer offered under the EMIS after the annual evaluation process, the Unit Holders who have invested through the EMIS will remain invested in the Fund, but there will not be any sale of new Units to the Unit Holders/investors under the EMIS.

The Fund may create new classes of Units in the future. You will be notified of the issuance of the new classes of Units by way of a Communiqué and the prospective investors will be notified of the same by way of a supplemental/replacement prospectus.

After the Initial Offer Period, if we receive your purchase application at or before 3.30 p.m. on a Business Day (“or T day”), we will create your Units based on the NAV per Unit of a Class for that Business Day. Any purchase request received or deemed to have been received by us after 3.30 p.m. will be transacted on the next Business Day (or “T + 1 day”), unless a prior arrangement is made to our satisfaction.
- Sale of Units will be honoured upon receipt of complete set of documents together with the proof of payments.

WHAT ARE THE MINIMUM INITIAL INVESTMENT, MINIMUM ADDITIONAL INVESTMENT, MINIMUM REPURCHASE AMOUNT AND MINIMUM HOLDING OF UNITS?

	RM Class	AUD Class	GBP Class	SGD Class	USD Class
Minimum Initial Investment	RM1,000	AUD5,000	GBP5,000	SGD5,000	USD5,000
Minimum Additional Investment	RM100	AUD1,000	GBP1,000	SGD1,000	USD1,000
Minimum Repurchase Amount	2,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units
Minimum Holding of Units	2,000 Units	10,000 Units	10,000 Units	10,000 Units	10,000 Units

- At our discretion, we may reduce the minimum initial investment amount, minimum additional investment amount, minimum repurchase amount and minimum holding of Units.

WHAT IS THE DIFFERENCE BETWEEN PURCHASING RM CLASS AND OTHER CLASSES?

- You should note that there are differences when purchasing Units of the RM Class and other Classes in the Fund. For illustration purposes, assuming you have RM 10,000 to invest:

	RM Class	AUD Class	GBP Class	SGD Class	USD Class
NAV per Unit	RM 0.50	AUD 0.50	GBP 0.50	SGD 0.50	USD 0.50
Currency exchange rate	RM 1 = RM 1	RM 1 = AUD0.33	RM 1 = GBP0.17	RM 1 = SGD0.33	RM 1 = USD 0.25
Invested amount	RM 10,000 x RM 1 = RM 10,000	RM10,000 x AUD 0.33 = AUD 3,300	RM 10,000 x GBP 0.17 = GBP 1,700	RM10,000 x SGD0.33 = SGD 3,300	RM10,000 x USD 0.25 = USD 2,500
Units received	RM 10,000 ÷ RM 0.50 = 20,000 Units	AUD 3,300 ÷ AUD 0.50 = 6,600 Units	GBP 1,700 ÷ GBP 0.50 = 3,400 Units	SGD 3,300 ÷ SGD 0.50 = 6,600 Units	USD 2,500 ÷ USD 0.50 = 5,000 Units

Invested amount = RM 10,000 x currency exchange rate of the Class

Units received = Invested amount ÷ NAV per Unit of the Class

By purchasing Units in the RM Class, you will receive more Units for every RM invested in the Fund (i.e. 20,000 Units) compared to purchasing Units in Classes other than RM Class (i.e. 6,600 Units for the AUD Class and SGD Class, 3,400 Units for the GBP Class and 5,000 Units for the USD Class). Higher unit holdings (regardless of value) may give you an advantage when voting is taken by poll at Unit Holders meetings as you have more voting rights

due to the larger amount of Units held (except in situations where a show of hands is required to pass a resolution). However, you should also note that in a Unit Holders' meeting to terminate the Fund, a Special Resolution may only be passed by a majority in number representing at least $\frac{3}{4}$ of the value of the Units held by Unit Holders voting at the meeting, and not based on number of Units owned.

HOW TO REPURCHASE UNITS?

- It is important to note that, you must meet the minimum holding of Units for a particular Class after a repurchase transaction. If the balance of your investment (i.e. total number of Units) is less than the minimum holding of Units, we may withdraw all your holding of Units and pay the proceeds to you.

We may, with the consent of the Trustee, reserve the right to defer your repurchase request if such transaction would adversely affect the Fund or the interest of the Unit Holders.

- You may submit the repurchase request by completing a transaction form and returning it to us at or before 3.30 p.m. on a Business Day.
- In the transaction form, you may choose to receive the repurchase proceeds in the manner of a cheque (for RM Class only) or bank transfer (for all Classes). If cheque is your option, we will issue the cheque in your name. If bank transfer is your option, proceeds will be transferred to your bank account. Where Units are held jointly, payment will be made to the person whose name appears first in the register of Unit Holders.
- Any incurred bank charges and other bank fees due to a withdrawal by cheque, bank transfer or other special arrangement method will be borne by you.
- If you invest through the EMIS, we will remit the repurchase proceeds to EPF for crediting back into your EPF account. If you are above the age of fifty five (55) years old and invest through the EMIS, we will remit the repurchase proceeds to you directly.

WHAT IS THE PROCESS OF REPURCHASE APPLICATION?

- For a repurchase request received or deemed to have been received by us at or before 3.30 p.m. on a Business Day (or "T day"), Units will be repurchased based on the NAV per Unit of a Class for that Business Day. Any repurchase request received after 3.30 p.m. will be transacted on the next Business Day (or "T + 1 day").
- Repurchase of Units must be made in terms of Units and not in terms of RM, AUD, GBP, SGD or USD value.
- Processing is subject to receipt of a complete transaction form and such other documents as may be required by us.

WHAT IS THE REPURCHASE PROCEEDS PAYOUT PERIOD?

- You will be paid within ten (10) days (for RM Class) and within fourteen (14) days (for Classes other than RM Class) from the day the repurchase request is received by us, provided that all documentations are completed and verifiable.

COOLING-OFF PERIOD

You have the right to apply for and receive a refund for every Unit that you have paid for within six (6) Business Days from the date we received your purchase application. You will be refunded for every Unit held based on the price of a unit on the day the Units were purchased and the Sales Charge, on the day those Units were first purchased and you will be refunded within ten (10) days from the receipt of the cooling-off application.

Please note that the cooling-off right is applicable to you if you are an individual investor and investing in any of our funds for the first time. However, if you are a staff of AHAM or a person registered with a body approved by the SC to deal in unit trusts, you are not entitled to this right.

Processing is subject to receipt of a complete transaction form and such other documents as may be required by us.

The cooling-off right is not applicable for EPF investors.

At our discretion, we may reduce the minimum holding of Units.

In such case, the period of the suspension shall not exceed twenty one (21) days of the commencement of the suspension.

Unit prices and distributions payable, if any, may go down as well as up.

UNCLAIMED MONIES

TRANSFER FEE

There will be no transfer fee imposed on the transfer facility.

SWITCHING FEE

FEES AND EXPENSES

With the issuance of multiple Classes in this Fund, the fees and expenses for the Fund are apportioned based on the size of the Class relative to the whole Fund, which is also known as multi-class ratio. This apportionment is expressed as a ratio and calculated as a percentage.

As an illustration, assuming there is an indirect fee chargeable to the Fund of RM 100 and assuming further the size of the RM Class over the size of the Fund is 60% whereas the size of the SGD Class over the size of the Fund is 40%, the ratio of the apportionment based on the percentage will be 60:40, 60% being borne by the RM Class and 40% being borne by the SGD Class.

We may (in our sole and absolute discretion), waive or reduce the amount of any fees (except the trustee fee) and expenses of the Fund, either for all the investors or a particular investor.

The following are the fees that you may **indirectly** incur when you invest in the Fund.

ANNUAL MANAGEMENT FEE

The management fee is up to 1.80% per annum of the NAV of the Fund, and is calculated using the Base Currency (before deducting the management fee and trustee fee). The management fee is accrued daily and payable monthly. For the avoidance of doubt, the fees payable to the External Fund Manager is fully borne by the Manager.

Please note that the example below is for illustration only:

Management fee per annum	:	1.80% of the NAV of the Fund
Total NAV of the Fund (before deducting the management fee and the trustee fee)	:	RM 130 million
Management fee for the day	:	$\frac{\text{RM } 130,000,000 \times 1.80\%}{365 \text{ days}} = \text{RM } 6,410.96$

The management fee is payable monthly to the Manager and is apportioned to each Class based on the multi-class ratio.

ANNUAL TRUSTEE FEE

The trustee fee is up to 0.06% per annum of the NAV of the Fund (excluding foreign custodian fees and charges) and is calculated using the Base Currency (before deducting the management fee and trustee fee). The trustee fee is accrued daily and payable monthly. In addition to the annual trustee fee, the Trustee may be reimbursed by the Fund for any expenses properly incurred by it in the performance of its duties and responsibilities.

Please note that the example below is for illustration only:

Trustee fee per annum	:	0.06% of the NAV of the Fund
Total NAV of the Fund (before deducting the management fee and the trustee fee)	:	RM 130 million
Trustee fee for the day	:	$\frac{\text{RM } 130,000,000 \times 0.06\%}{365 \text{ days}} = \text{RM } 213.70$

The trustee fee is payable monthly to the Trustee and is apportioned to each Class based on the multi-class ratio.

ADMINISTRATIVE FEES

Only fees and expenses that are directly related and necessary to the business of the Fund may be charged to the Fund. These include the following:-

- Commissions or fees paid to brokers or dealers in effecting dealings in the investments of the Fund, shown on the contract notes or confirmation notes;
- (where the custodial function is delegated by the Trustee) charges and fees paid to sub-custodians taking into custody any foreign investments of the Fund;
- Taxes and other duties charged on the Fund by the government and/or other authorities;

We or any of our delegates thereof will not retain any rebate or soft commission from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission should be directed to the account of the Fund.

PRICING

COMPUTATION OF NAV AND NAV PER UNIT

In this section, you will be introduced to certain terms used to explain how the Fund arrives at its NAV and consequently, NAV per Unit for each Class of the Fund. Under this section, please note the following definitions:-

“Value of the Fund before Income & Expenses”	Refers to the current value of the Fund inclusive of purchases and/or repurchases before the next valuation point.
“Value of a Class before Income & Expenses”	Refers to the current value of a Class inclusive of purchases and/or repurchases before the next valuation point.

You should also note that the NAV of the Fund is determined by deducting the value of all the Fund’s liabilities from the value of all the Fund’s assets, at a particular valuation point. The NAV per Unit of a Class is the NAV of the Fund attributable to a Class divided by the number of Units in Circulation for that particular Class, at the same valuation point.

Please refer to Section “*Valuation Point of The Fund*” of this Prospectus for an explanation of the valuation point.

For illustration purposes, the following is the computation of NAV per Unit for a particular day for the RM Class and SGD Class. The multi-class ratio will vary and be apportioned accordingly when further Class(es) are introduced by us:-

	Fund (RM)	RM Class (RM)	SGD Class (RM)
Value of the Fund/Class before Income & Expenses	154,200,000.00	54,201,300.00	99,998,700.00
Multi-class ratio[^]	100.00%	35.15%	64.85%
Add: Income	2,500,000.00	878,750.00	1,621,250.00
Gross asset Value/ GAV	156,700,000.00	55,080,050.00	101,619,950.00
Less: Fund expenses	<u>(80,000.00)</u>	<u>(28,120.00)</u>	<u>(51,880.00)</u>
NAV of the Fund (before deduction of management and trustee Fees & GST)	156,620,000.00	55,051,930.00	101,568,070.00
Less:			
<u>Management fee (% p.a.)</u>	<u>1.80%</u>		
Management fee for the day	(7,723.73)	(2,714.89)	(5,008.84)
<u>Trustee fee (% p.a.)</u>	<u>0.06%</u>		
Trustee fee for the day	<u>(257.46)</u>	<u>(90.50)</u>	<u>(166.96)</u>
NAV of the Fund (after deduction of management and trustee Fees)	156,612,018.81	55,049,124.61	101,562,894.20
NAV per Unit * (in RM)		<u>0.6116</u>	<u>1.7511</u>
NAV per Unit * (in SGD)			<u>0.5837¹</u>
Total of Units in Circulation for that day	148,000,000	90,000,000	58,000,000

Note:

¹ – Assuming the foreign exchange rate SGD \$1 = RM3.000, the NAV per Unit for the SGD Class will be a conversion of the NAV per Unit in RM to SGD based on the foreign exchange rate on the valuation day i.e. RM 1.7511 ÷ 3.000 = SGD 0.5837.

[^] – Multi-class ratio is apportioned based on the size of the Class relative to the whole Fund. This means the multi-class ratio is calculated by taking the *Value of a Class before Income & Expenses* for a particular day and dividing it with the *Value of the Fund before Income & Expenses* for that same day. This apportionment is expressed as a ratio and calculated as a percentage.

* NAV per Unit of a Class is derived from the following formula:-

$$\frac{\text{NAV of the particular Class}}{\text{Units in Circulation for the particular Class}}$$

The rounding policy is four (4) decimal points for the purposes of publication of the NAV per Unit per Class. However, the rounding policy will not apply when calculating the Sales Charge and Repurchase Charge (where applicable).

INCORRECT PRICING

We will take immediate action to rectify any incorrect valuation and/or pricing of the Fund and/or the Units and to notify the Trustee and the SC of the same unless the Trustee considers the incorrect valuation and/or pricing of the Fund and/or the Units is of minimal significance.

The Trustee will not consider an incorrect valuation and/or pricing of the Fund and/or the Units to be of minimal significance if the error involves a discrepancy of 0.5% or more of the NAV per Unit unless the total impact on your account is less than RM 10.00 or its foreign currency equivalent, if applicable. An incorrect valuation and/or pricing not considered to be of minimal significance by the Trustee will result in reimbursement of moneys in the following manner:

	Reimbursement by:	Receiving parties:
Over valuation and/or pricing in relation to the purchase and creation of Units.	Fund	Unit Holder
Over valuation and/or pricing in relation to the repurchase of Units.	AHAM	Fund
Under valuation and/or pricing in relation to the purchase and creation of Units	AHAM	Fund
Under valuation and/or pricing in relation to the repurchase of Units	Fund	Unit Holder or former Unit Holder

COMPUTATION OF SELLING PRICE AND REPURCHASE PRICE

The Selling Price and the Repurchase Price are equivalent to the NAV per Unit. Any applicable Sales Charge and Repurchase Charge are payable separately from the Selling Price and Repurchase Price.

During Initial Offer Period, the Selling Price and the Repurchase Price for all Classes is equivalent to the Initial Offer Price of each Class and thereafter, the NAV per Unit of the respective Class. Forward Pricing will be used to determine the Selling Price and the Repurchase Price of the respective Class after the Initial Offer Period, i.e. the NAV per Unit of each Class as at the next valuation point after we receive the purchase request or repurchase request.

The Selling Price and Repurchase Price for Units of the Fund created under EMIS will be based on the NAV per Unit at the end of the Business Day on which the purchase request or repurchase request is received by us.

Calculation of Selling Price

Any Sales Charge payable by the Unit Holder would be calculated as a percentage of Initial Offer Price during Initial Offer Period and thereafter, of the NAV per Unit of the respective Class.

For illustration purposes, we would assume the following during the Initial Offer Period:

Class	RM Class	AUD Class	GBP Class	SGD Hedged-class	USD Class
Investment Amount	RM 10,000	AUD 10,000	GBP 10,000	SGD 10,000	USD 10,000
Selling Price	RM 0.50	AUD 0.50	GBP 0.50	SGD 0.50	USD 0.50
Number Of Units Received*	$RM\ 10,000 \div RM\ 0.50$ = 20,000 Units	$AUD\ 10,000 \div AUD\ 0.50$ = 20,000 Units	$GBP\ 10,000 \div GBP\ 0.50$ = 20,000 Units	$SGD\ 10,000 \div SGD\ 0.50$ = 20,000 Units	$USD\ 10,000 \div USD\ 0.50$ = 20,000 Units
Sales Charge	6.50%	6.50%	6.50%	6.50%	6.50%
Sales Charge Paid By Investor**	$6.50\% \times RM\ 0.50 \times 20,000\ Units$ = RM 650	$6.50\% \times AUD\ 0.50 \times 20,000\ Units$ = AUD 650	$6.50\% \times GBP\ 0.50 \times 20,000\ Units$ = GBP 650	$6.50\% \times SGD\ 0.50 \times 20,000\ Units$ = SGD 650	$6.50\% \times USD\ 0.50 \times 20,000\ Units$ = USD 650
Total Amount Paid By Investor***	$RM\ 10,000 + RM650$ = RM 10,650	$AUD\ 10,000 + AUD\ 650$ = AUD 10,650	$GBP\ 10,000 + GBP\ 650$ = GBP 10,650	$SGD\ 10,000 + SGD\ 650$ = SGD 10,650	$USD\ 10,000 + USD\ 650$ = USD 10,650

Formula for calculating:-

* Number of Units received	=	$\frac{\text{Investment Amount}}{\text{Selling Price}}$
** Sales Charge paid by investor	=	Sales Charge x Selling Price per Unit x Number of Units received
*** Total amount paid by investor	=	Investment Amount + Sales Charge paid by investor

Calculation of Repurchase Price

Any Repurchase Charge payable by the Unit Holder would be calculated as a percentage of Initial Offer Price during Initial Offer Period and thereafter, of the NAV per Unit of the respective Class.

For illustration purposes, we would assume the following during the Initial Offer Period:

Class	RM Class	AUD Class	GBP Class	SGD Hedged-class	USD Class
Units Repurchased	20,000 Units	20,000 Units	20,000 Units	20,000 Units	20,000 Units
Repurchase Price	RM 0.50	AUD 0.50	GBP 0.50	SGD 0.50	USD 0.50
Repurchased Amount^	$20,000\ Units \times RM\ 0.50$ = RM 10,000	$20,000\ Units \times AUD\ 0.50$ = AUD 10,000	$20,000\ Units \times GBP\ 0.50$ = GBP 10,000	$20,000\ Units \times SGD\ 0.50$ = SGD 10,000	$20,000\ Units \times USD\ 0.50$ = USD 10,000
Repurchase Charge	0.00%	0.00%	0.00%	0.00%	0.00%
Repurchase Charge Paid By Investor^^	$0.00\% \times RM10,000$ = RM 0.00	$0.00\% \times AUD\ 10,000$ = AUD 0.00	$0.00\% \times GBP\ 10,000$ = GBP 0.00	$0.00\% \times SGD\ 10,000$ = SGD 0.00	$0.00\% \times USD\ 10,000$ = USD 0.00
Total Amount Received By Investor^^^	$RM\ 10,000 - RM\ 0.00$ = RM 10,000	$AUD\ 10,000 - AUD\ 0.00$ = AUD 10,000	$GBP\ 10,000 - GBP\ 0.00$ = GBP 10,000	$SGD\ 10,000 - SGD\ 0.00$ = SGD 10,000	$USD\ 10,000 - USD\ 0.00$ = USD 10,000

Formula for calculating:-

^ Repurchase amount	=	Unit repurchased x Repurchase Price
^^ Repurchase Charge paid by investor	=	Repurchase Charge x Repurchase amount
^^^ Total amount received by investor	=	Repurchased amount - Repurchase Charge paid by investor

TAX ADVISER'S LETTER

29 April 2019

The Board of Directors
Affin Hwang Asset Management Berhad
Ground Floor, Menara Boustead
69 Jalan Raja Chulan
50200 Kuala Lumpur

Dear Sirs

Affin Hwang Aiiman Asia (ex Japan) Growth Fund

Taxation of the Fund and Unit Holders

1. This letter has been prepared for inclusion in this Prospectus in connection with the offer of units in the **Affin Hwang Aiiman Asia (ex Japan) Growth Fund** (hereinafter referred to as "the Fund").

The following is general information based on Malaysian tax law in force at the time of lodging the Prospectus with the Securities Commission Malaysia ("SC") and investors should be aware that the tax law may be changed at any time. To an extent, the application of tax law depends upon an investor's individual circumstances. The information provided below does not constitute tax advice. The Manager therefore recommends that an investor consult his accountant or tax adviser on questions about his individual tax position.

2. Taxation of the Fund

2.1 Income Tax

As the Fund's Trustee is resident in Malaysia, the Fund is regarded as resident in Malaysia. The taxation of the Fund is governed principally by Sections 61 and 63B of the Malaysian Income Tax Act, 1967 ("MITA").

Pursuant to the Section 2(7) of MITA, any reference to interest shall apply, mutatis mutandis, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

The income of the Fund in respect of dividends, interest or profits from deposits and other investment income (other than income which is exempt from tax) derived from or accruing in Malaysia is liable to income tax. The Fund may be receiving income such as exit fee which will be subject to tax at the prevailing tax rate applicable on the Fund. Gains on disposal of investments by the Fund will not be subject to income tax.

The income tax rate applicable to the Fund is 24%.

Tax exempt interest as listed in the Appendix attached received by the Fund are not subject to income tax.

With effect from 1 January 2014, Malaysia has fully moved to a single-tier income tax system. The Fund is not liable to tax on any Malaysia sourced dividends paid, credited or distributed to the Fund under the single tier tax system, where the company paying such dividend is not entitled to deduct tax under the MITA. The tax deductibility of other deductions by the Fund against such dividend income will be disregarded in ascertaining the chargeable income of the Fund.

In addition to the single-tier dividend that may be received by the Fund, the Fund may also receive Malaysian dividends which are tax exempt from investments in companies which had previously enjoyed

or are currently enjoying the various tax incentives provided under the law. The Fund is not subject to income tax on such tax exempt dividend income.

The Fund may also receive dividends, profits and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia by a unit trust is exempted from Malaysian income tax. However, such income may be subject to foreign tax in the country from which the income is derived.

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into. Generally, any gain or loss relating to the principal portion will be treated as capital gain or loss. Gains or losses relating to the income portion would normally be treated as revenue gains or losses. The gain or loss on revaluation will only be taxed or claimed upon realisation. Any gain or loss on foreign exchange is treated as capital gain or loss if it arises from the revaluation of the principal portion of the investment.

Generally, income from distribution by the Malaysia Real Estate Investment Trusts (“REIT”) will be received net of withholding tax of 10%. No further tax will be payable by the Fund on the distribution. Distribution from such income by the Fund will also not be subject to further tax in the hands of the Unit Holders.

Expenses being manager’s remuneration, maintenance of register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage, which are not allowed under the general deduction rules, qualify for a special deduction, subject to a minimum of 10% and a maximum of 25% of such expenses pursuant to Section 63B of the MITA.

2.2 Gains on Disposal of Investments

Gains on disposal of investments by the Fund will not be subject to income tax but where the investments represent shares in real property companies, such gains may be subject to Real Property Gains Tax (“RPGT”) under the RPGT Act, 1976. A real property company is a controlled company which owns or acquires real properties or shares in real property companies with a market value of not less than 75% of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

2.3 Goods and Services Tax (“GST”) and Service Tax

GST was repealed effective from 1 September 2018 and Service Tax was introduced as a replacement tax effective from 1 September 2018.

As the Fund is not providing a taxable service under the Service Tax Regulations 2018, it is not required to register for Service Tax or charge Service Tax. Should the Fund provide taxable services (i.e. management and consulting services) with an aggregate value of RM500,000 or more in a 12 months period, the Fund would be required to register for Service Tax and charge Service Tax on the said services at the prevailing rate of 6%. The issuance of units by the Fund to investors will not be subject to Service Tax, and no Service Tax would be included in the price of the units. Any distributions made by the Fund to unitholders are also not subject to Service Tax.

Any fund management fees that are charged to the Fund by the Fund Managers in relation managing the Fund would not be subject to Service Tax as fund management fees are excluded from the scope of Service Tax under the Service Tax Regulations 2018. To the extent that the Fund invests in any financial services products (e.g. securities, derivatives, units in a fund or unit trust), the acquisition of these interests will also not be subject to Service Tax.

3. Taxation of Unit Holders

3.1 Taxable Distribution

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Fund to the extent such income is distributed to them. Unit Holders are also liable to pay income tax on the taxable income distributions paid by the Fund. Taxable income distributions carry a tax credit in respect of the tax chargeable on that part of the Fund. Unit Holders will be subject to tax on an amount equal to the net taxable income distribution plus attributable underlying tax paid by the Fund.

Income distributed to Unit Holders is generally taxable as follows in Malaysia :-
