NAV per Unit (RM)	0.2790	0.3036	0.3382
Unit in Circulation (million)	275.023	274.039	202.105
Highest NAV	0.3042	0.3421	0.3622
Lowest NAV	0.2552	0.2992	0.2029
Return of the Fund (%)	-3.32	-5.77	39.29
- Capital Growth (%)	-8.10	-10.23	31.49
- Income Distribution (%)	5.20	4.99	5.93
Gross Distribution per Unit (sen)	1.35	1.50	1.50
Net Distribution per Unit (sen)	1.35	1.50	1.50
Total Expense Ratio (%) ¹	1.63	1.61	1.69
Portfolio Turnover Ratio (times) ²	1.33	1.78	4.16

Basis of calculation and assumption made in calculating the returns:-

The performance figures are a comparison of the growth/decline in Net Asset Value (“NAV”) for the stipulated period taking into account all the distribution payable (if any) during the stipulated period.

An illustration of the above would be as follow:-

Capital return	= NAV per Unit end / NAV per Unit begin – 1
Income return	= Income distribution per Unit / NAV per Unit ex-date
Total return	= (1+Capital return) x (1+Income return) – 1

¹The TER of the Fund was higher due to lower average daily NAV for the Fund for the financial year.

²The Fund recorded a lower PTR as the Manager had reduced its trading activities during the financial year.

MANAGER'S REPORT

Income Distribution / Unit Split

The Net Asset Value per unit prior and subsequent to the distribution was as follows:-

Cum Date	Ex-Date	Cum-distribution (RM)	Distribution per Unit (RM)	Ex-distribution (RM)
19-Jul-22	20-Jul-22	0.2706	0.0135	0.2595

No unit split were declared for the financial year ended 28 February 2023.

Fund Performance

Performance Review (1 March 2022 to 28 February 2023)

For the period 1 March 2022 to 28 February 2023, the Fund registered a -3.32% return compared to the benchmark return of -3.26%. The Fund thus underperformed the Benchmark by 0.06%. The Net Asset Value per unit ("NAV") of the Fund as at 28 February 2023 was RM0.2790 while the NAV as at 28 February 2022 was RM0.3036. During the period under review, the Fund has declared a gross income distribution of RM0.0135 per unit.

Since commencement, the Fund has registered a return of 70.21% compared to the benchmark return of 65.69%, outperforming by 4.52%.

Past performance is not necessarily indicative of future performance and that Unit prices and investment returns may go down, as well as up.

Asset Allocation

For a snapshot of the Fund's asset mix during the period under review, please refer to Fund Performance Data.

As at 28 February 2023, the Manager had reduced its equity exposure to 73.54% from 79.99%, while the fixed income exposure remained the same. Within the local equities, the Manager had reduced exposure to the technology, industrial product and service, energy and healthcare sector, while adding exposure across other sectors. The Fund raised its cash level to 15.79%.

Strategy Employed

The Fund raised cash levels around mid of the year amidst prevailing market volatility. In contrast to the expected slowdown in the US economy, Malaysia's economic fundamentals remain strong with the gross domestic product (GDP) expected to be one of the strongest in ASEAN in 2023. Hence, the Fund maintained higher invested level to local equities that would benefit from domestic earning growth and China's further economic reopening. Closer to the end of the financial year, the Fund reduced foreign equities exposure especially China markets due to US China tensions.

Market Review

2022 was a challenging year with market headwinds including inflation, geopolitical risks, slowing economic growth, and an uncertain earnings picture. Inflation was one of the key concerns given the hawkish stance adopted by central banks in an attempt to quell the ever-present inflation concerns. During last year, the Federal Reserve (Fed) embarked on a series of rapid and synchronised tightening to tamp down on inflation, raising the fed funds rate to 4.50% in December 2022. The Fed raised rates by 25 basis points ("bps") to 4.75% at the beginning of February. Later in the month, Jay Powell cautioned that he expected a long process of disinflation and necessity of further rate hikes, if the economic data does not cooperate. January US headline and core Consumer Price Index ("CPI") rose at a year-on-year rate of 6.4% and 5.6% respectively,

slightly higher than expectations. The unemployment rate declined to a multi-decade low of 3.4% while US retail sales climbed to a two-year high. The European Central Bank (“ECB”) raised interest rates by a further 50bps in February. Eurozone headline inflation fell to 8.5% while core inflation increased to 5.3%.

The macro volatility and uncertainties were the main drivers behind the decline in developed market equities last year. The MSCI World index fell 6.8% Year-over-Year (“YoY”), European equity market were up 5.3%; while US equities decreased by 7.7%, which was among the worst performing regions in 2022, with Fed comments throughout the year inferring that they would move with more haste to quell the ever-present inflation concerns.

In 2022, the Asia ex Japan equity returns were supported by China’s reopening as authorities shifts away from its strict zero COVID policy in an abrupt announcement last December, Beijing announced that it will be unwinding all its COVID restrictions as well as lift its border closures to allow for international travel. However, the broader MSCI Asia ex Japan index fell 14.1% YoY as tensions between US and China were rekindled. The relative lull between US and China was pierced through after US military firefighter jets shot down a suspected spy balloon owned by China. During the month of February, we saw an exchange of rancour as US sanctioned various China-based firms that were allegedly connected to the spy balloon. Similarly, China imposed sanctions on two defence companies for allegedly selling weapons and military technology to Taiwan.

On the domestic front, the benchmark KLCI fell 5.8% YoY, and edged 2.11% lower in February as market reaction to Budget 2023 was neutral. In his budget speech, Prime Minister cum Finance Minister Datuk Seri Anwar Ibrahim emphasised fiscal discipline and vowed to bring down the country’s fiscal deficit to 5.00% of GDP. This will be supported by new tax measures to bolster revenue collections including the introduction of a luxury goods tax, excise duties on liquid/gel products containing nicotine as well as higher dividends from national major Petronas of RM 40 billion.

Global bond markets performed negatively in 2022, arising from central banks boosting interest rates to control the inflation. The “higher-for-longer” chorus on interest rates harmonised with the hard landing recessionary fears, which led to an inversion of the yield curve on 1st April between the 2-Year and 10-Year Treasury, closing the year on 4.4% and 3.5%, respectively. The US investment grade credit spreads tightened 26 bps in the last quarter of 2022, ending the quarter at 121 bps. Credit spreads tightened during the quarter amid modestly better growth expectations and declining inflation. In the month of February, the government bond yields were broadly higher. US 10-year yields rose from 3.53% to 3.91%, with the two-year yield increasing from 4.21% to 4.80%. Both US and European high yield showed negative performance. US and European investment grade performed mildly positively. Emerging market debt performed negatively both in local currency terms and in USD terms.

Asian credits retreated 1.33% in February, with losses entirely driven by higher United States Treasury (UST) yields as credit spreads tightened about 8 bps. Asian high-grade (HG) credit returned -1.29%, while Asian high-yield (HY) credit retreated 1.55%.

On local fixed income, the 10-year Malaysian Government Securities (MGS) yield rose 12 bps to close at 3.92% in February. With a commitment to remain fiscally disciplined as well as lower expected government bond issuances, the bond market could take positive cues from Budget 2023.

Investment Outlook

Despite strong returns over recent months, global equity markets remain susceptible to shifting sentiment towards geopolitical tensions, inflation, economic growth and ultimately corporate earnings. Valuations have already significantly adjusted to reflect a change in the market environment, and we believe reflect realistic expectations for inflation, rates and risk premia. Consequently, the source of risk has now shifted from valuation to earnings in light of the softer growth and prospects for a recession, which appears increasingly likely.

Within Asia, we continue to believe that China is expected to be a strong source of growth and returns for Asia. The Chinese equities as well as credit market took a breather in February after strong rally in the past months. Market sentiment was dampened by the re-intensifying geopolitical tensions between US-China which arose from the balloon controversies and the plan to expand US troops in Taiwan for military training. On the other hand, macro and economic front continued to deliver encouraging data. Consumption continued to recover in

February, stronger and at a faster pace than expected. Signs of the rebound were evident over the Chinese New Year holiday, and domestic tourism recorded the strongest visitor and revenue levels since the pandemic. Manufacturing activity also picked up. China's official manufacturing Purchasing Managers' Index ("PMI") rose to 52.6 in February from 50.1 in January. Non-manufacturing PMI also jumped 12.8pt to 54.4, the highest reading in seven months. The supportive stance continued into 2023 and was recently validated by the 2 sessions that took place in early March. The general positive tone on economic recovery and consumption stimulus remains, alongside with the announcement of the new cabinet and securing of President Xi's third term.

In contrast to the expected slowdown in the developed market economy, Malaysia's economic fundamentals continues to remain strong. The government unveiled its revised budget, focusing on sustainable economic growth, institutional reforms and reducing social inequality. The benchmark KLCI edged 2.11% lower as market reaction to Budget 2023 was neutral. Our view is that newly tabled budget is a pragmatic one that should restore confidence and shore up support in the long run. The absence of any prosperity tax is a huge relief to the market that should augur well for corporate earnings.

Bond investors may see some relief this year after enduring a painful 2022 which saw rates volatility reaching unprecedented highs. In 2023, volatility in rates is expected to temper down as we see a slower pace of adjustment in rates. In addition, a slower growth outlook is beneficial for rates. On local fixed income, credit rating agencies are likely to maintain the sovereign ratings of Malaysia bonds. We expect range bound yields in 1Q23. Local demand for bonds is still healthy and is expected to be anchored by real money investors. Rates volatility will be driven by external development.

China property developers went through an unprecedented phase which caused a widespread default in the USD Asia Credit market. In 2022, USD 67.3 billion of defaults emerged from the China high-yield (HY) property sector, which translated to a default rate of close to 66%, or 52% of China HY. The defaults started emerging after a series of tightening policies that were rolled out by the Chinese government in their attempt to rein in financial risks after being the first to emerge out of Covid-19. Some of the tightening measures that the Chinese government used include tighter funding channels, tighter escrow account monitoring, and slower mortgage approvals by the local governments. The Covid-19 lockdowns implemented for the most part of 2022 also dampened property sales in China sharply.

The property sector is an important sector for the Chinese economy given that it accounted for 25% to 30% of China's GDP. While the Chinese Government has cut interest rates and made various announcements that it will support the property sector, it was only in 4Q22 that the Chinese government started rolling out more constructive measures. They introduced the Three Arrows (loans, onshore bonds and equity) and 16-point plan to support for the property market. Several developers were able to issue onshore bonds with credit enhancements like guarantees from China State-owned entities or credit risk management tools.

The CIFI Holdings defaulted on their offshore debt obligations after not being able to cure their missed coupons, for 4.375% senior notes due 2027, within the 30 days grace period which ended on 11 Nov 2022. The default of CIFI was a surprise to the bond market as they had access to various funding channels such as tapping the onshore bond market, securing M&A lines from banks and equity placement in Aug 2022. Since the default, we believe CIFI management is working on restructuring of their offshore bonds. CIFI recently announced some preliminary restructuring plans for the offshore bonds which included no hair cut to bondholders, an extension of repayment of not more than 7 years and some potential debt to equity swap. In terms of rating actions, Moody's downgraded CIFI's issuer rating by multiple notches in 2022 on several occasions, from Ba2 to Ca. The rating outlook remains negative. S&P downgraded CIFI's rating from BB to B+ in Sep 2022 and they subsequently withdrawn the ratings on CIFI in Oct 2022. Fitch downgraded CIFI's issuer rating by multiple notches in 2022 on several occasions, from BB to CC, before withdrawing their ratings on CIFI in Oct 2022.

The Times China defaulted on their offshore debt obligations after not being able to cure their missed coupons, for 6.6% senior notes due 2023, within the 30 days grace period which ended on 30 Dec 2022. The default highlighted the tough operating environment and tight liquidity positions of the smaller developers. According to the Bloomberg news on 9 Feb 2023, Times China is in the midst of engaging their onshore holders to extend all of their onshore bonds. The company proposed to repay the bonds which they have extended previously by around 3.5 years, while the ones that they have not extended before, they are looking to extend repayment by 4.5years. Instalment payments will start from Nov 2024 or Dec 2024 on a quarterly basis if approved. Subsequently, per Caixin's news on 23 Feb 2023, the payment extension period for all their onshore debt will be shortened by half a year and bondholders is to be scheduled to meet between 23 Feb 2023 to 3 March 2023. It is unclear whether the proposal has been approved. If the onshore bond restructuring progresses well, it should help push through the restructuring talks for offshore bond investors. We await further details on the restructuring plan of the offshore bonds. Times China's bonds are still tradable in the market.

Yuzhou Group officially defaulted on their offshore debt obligations after not being able to cure their missed coupons, for 8.5% senior notes due 2023, within the 30 days grace period which ended on 6 March 2022. The default of Yuzhou reflected the tough operating environment and tight liquidity positions of the smaller developers in China. In terms of rating actions, Moody's downgraded Yuzhou's issuer rating from Caa2 to Ca in June 2022. The company's rating remained on negative rating outlook. Fitch downgraded Yuzhou's issuer rating from B to restricted default (RD) in Feb 2022 before withdrawing their ratings on the company in May 2022.

Shimao Holdings officially defaulted on their offshore debt obligations after missing principal and coupon interest payments on their 4.75% senior note due 2022 with outstanding size of USD 1 billion. There was no grace period for the bond given that it was a default on the bond's maturity. The default of Shimao was driven by the tough operating environment and the large amount of off-balance sheet debt that they have. Shimao is in the midst of restructuring their onshore bonds where it was reported that they are seeking to extend at least 5 of their domestic bonds until September 2027. In terms of rating actions, Moody's downgraded Shimao's issuer rating from B2 to Caa1 in Feb 2022. Subsequently, the rating was withdrawn April 2022. In Jan 2022, Shimao's issuer rating was downgraded by 2 notches to B- from B+ by S&P and remained on negative rating watch. Fitch withdrawn their issuer ratings for Shimao in April 2022. This was after they downgraded the ratings by 2 notches in March 2022 from B- to CCC.

State of Affairs of the Fund

There is neither any significant change to the state affairs of the Fund nor any circumstances that materially affect any interests of the unit holders during the period under review.

Soft Commissions received from Brokers

Soft commissions received from brokers/dealers may be retained by the management company only if the:–

- (i) goods and services provided are of demonstrable benefit to Unit holders of the Fund; and
- (ii) goods and services are in the form of research and advisory services that assists in the decision making process.

During the financial year under review, the Fund has received soft commissions from brokers/dealers who have also executed trades for other funds managed by AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad). The soft commissions were utilised for goods and services in the form of research materials, data and quotation services, investment-related publications, market data feed, industry benchmarking agencies and investment-related publications to assist the Manager in the investment decision-making process. The soft commission received were for the benefit of the fund and there was no churning of trades.

Cross Trade

Cross trade transactions have been carried out during the reported period and the Investment Committee of the Fund has reviewed that such transactions are in the best interest of the Fund, transacted in the normal course of business at agreed terms and on a fair value basis.

Securities Financing Transactions

The Fund has not undertaken any securities lending or repurchase transactions during the financial year under review.

Changes Made to the Fund's Prospectus

A Replacement Prospectus dated 24 March 2023 ("Effective Date") was issued during the financial year under review to reflect the various changes made to the Fund. This includes:

1. a change in the name of the Fund;
2. updates to the investment restrictions and limits to be in line with the Securities Commission Malaysia's ("SC") Guidelines on Unit Trust Funds; and

Kindly refer next page for the full list of changes made to the Fund.

AHAM TACTICAL FUND (FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND) ("FUND")

LIST HIGHLIGHTING THE AMENDMENTS FROM THE PROSPECTUS DATED 22 SEPTEMBER 2017 ("PROSPECTUS") AS MODIFIED BY THE REPLACEMENT PROSPECTUS DATED 24 MARCH 2023 ("REPLACEMENT PROSPECTUS") IN RELATION TO THE FUND.

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	<p>Introduction:</p> <p>In general, the amendments made to the Prospectus are to reflect the following:</p> <ol style="list-style-type: none"> Requirements of Guidelines on Unit Trust Funds (Revised: 28 November 2022) ("Revised GUTF") and Prospectus Guidelines For Collective Investment Schemes (Revised; 1 September 2022) ("Revised PCIS"); Change in the shareholding of AHAM which took effect on 29 July 2022, whereby AHAM ceased to be a subsidiary of Affin Hwang Investment Bank and the Affin Banking Group. AHAM's ultimate major shareholders now, is CVC Capital Partners Asia Fund V, a private equity fund managed by CVC Capital Partners ("Change in Shareholding"); and Amendments made to the Fourth Supplemental Deed which was registered and lodged with the SC on 31 January 2023 ("Supplemental Deed"). <p>We are of the view that amendments reflected in the Replacement Prospectus do not materially prejudice the unit holders' interests as they do not result in (1) change to the nature/objective of the Fund; (2) change to the risk profile of the Fund; (3) change in the distribution policy; (4) introduction of a new category of fees/charges; or (5) increase in fees/charges of the Fund (collectively known as "Material Prejudice Circumstances"). Hence a unit holders' approval is not required under paragraph 9.70 of the Revised GUTF and section 295(4)(a) of the Capital Markets and Services Act 2007.</p> <p>Additionally, except for the amendments pertaining to (1) repurchase proceed payout period; (2) suspension of dealing in units and risk associated with suspension of repurchase request; and (3) update to switching fee disclosure on difference in sales charge of the fund (or class) to be switched into will be borne by the unit holders, we are of the view that other amendments are not significant changes that will affect unit holders' decision to stay invested in the Fund as they do not result in change to (1) investment strategy; (2) distribution policy; or (3) minimum balance of the Fund ("Significant Change Circumstances").</p>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	PHS Product Highlights Sheet. RAM RAM Rating Services Berhad. SC Securities Commission Malaysia.	PHS Product Highlights Sheet. RAM RAM Rating Services Berhad. SC Securities Commission Malaysia.
5.	GLOSSARY	
5.1	the Board Means the board of directors of Affin Hwang Asset Management Berhad.	Means the board of directors of <u>the Manager</u> .
5.2	Business Day Means a day on which Bursa Malaysia is open for trading.	Business Day Means a day on which Bursa Malaysia <u>and/or one or more of the foreign markets in which the Fund is invested in are open for business/trading.</u>
5.3	Nil.	Inserted the following after “ Business Day ”: <u>CVC Capital Partners Asia Fund V</u> Means collectively (1) <u>CVC Capital Partners Asia V L.P.</u> ; (2) <u>CVC Capital Partners Investment Asia V L.P.</u> ; and (3) <u>CVC Capital Partners Asia V Associates L.P.</u>
5.4	Deed Refers to the deed dated 8 April 2010, first supplemental deed dated 22 July 2014 and second supplemental deed dated 6 August 2015 entered into between the Manager and the Trustee.	Deed Refers to the deed dated 8 April 2010, first supplemental deed dated 22 July 2014, second supplemental deed dated 6 August 2015, <u>third supplemental deed dated 5 October 2018 and fourth supplemental deed dated 28 December 2022</u> entered into between the Manager and the Trustee.
5.5	Nil	Inserted the following after “ Deed ”: <u>eligible market(s)</u> Means an <u>exchange, government securities market or an over-the-counter market–</u> (a) <u>that is regulated by a regulatory authority of that jurisdiction;</u> (b) <u>that is open to the public or to a substantial number of market participants; and</u> (c) <u>on which financial instruments are regularly traded.</u>
5.6	Latest Practicable Date or LPD	Latest Practicable Date or LPD

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	Means 1 July 2017 and is the latest practicable date for the purposes of ascertaining certain information deemed relevant in this Prospectus.	Means <u>30 December 2022</u> and is the latest practicable date for the purposes of ascertaining certain information deemed relevant in this Prospectus.
5.7	Nil	Inserted the following after “ Latest Practicable Date or LPD ”: <u>licensed bank</u> Means a bank licensed under the Financial Services Act 2013. <u>licensed investment bank</u> Means an investment bank licensed under the Financial Services Act 2013. <u>licensed Islamic bank</u> Means an Islamic bank licensed under the Islamic Financial Services Act 2013.
5.8	Net Asset Value or NAV Means the value of the Fund which is determined by deducting the value of all the Fund’s liabilities from the value of all the Fund’s assets, at the valuation point. <i>For the purpose of computing the annual management fee and annual trustee fee, the NAV of the Fund should be inclusive of the management fee and trustee fee for the relevant day.</i>	Net Asset Value or NAV Means the value of the Fund which is determined by deducting the value of all the Fund’s liabilities from the value of all the Fund’s assets, at the valuation point.
5.9	Prospectus Means this prospectus including any supplementary thereof, as the case may be.	Prospectus Means this prospectus including <u>any supplemental or replacement prospectus</u> , as the case may be.
5.10	Sales Charge Means a fee imposed pursuant to a purchase request.	Sales Charge Means a <u>charge</u> imposed pursuant to a purchase request.
5.11	Selling Price Means the price payable by the Unit Holder for the Manager to create a Unit in the Fund and it shall be exclusive of any Sales Charge. <i>The Selling Price is equivalent to the NAV per Unit as at the next valuation point.</i>	Selling Price Means the price payable by the Unit Holder for the Manager to create a Unit in the Fund and it shall be exclusive of any Sales Charge.
5.12	short term Means a period of 3 years or less.	short-term Means a period of <u>1 year</u> or less.
5.13	Unit Holder, you Means the person for the time being who, in full compliance to the relevant laws and under the Deed, is registered pursuant to the Deed as a holder of Units of the Fund, including jointholder.	Unit Holder(s), you <u>Means the person / corporation registered as a holder of Units, including persons jointly registered.</u>
5.14	Note:	Deleted

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	Reference to “day(s)” in this Prospectus will be taken to mean calendar day(s) unless otherwise stated.	
6.	RISK FACTORS	
6.1	GENERAL RISKS Country risk The prices of securities may also be affected by the political and economic conditions of the country in which the securities are issued.	Deleted.
6.2	Nil.	Inserted the following after “ General Risks – Country risk ”: <u>Suspension of repurchase request risk</u> <u>Having considered the best interests of Unit Holders, the repurchase requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the Fund’s assets cannot be determined. In such case, Unit Holders will not be able to redeem their Units and will be compelled to remain invested in the Fund for a longer period of time. Hence, their investments will continue to be subject to the risks inherent to the Fund.</u>
6.3	SPECIFIC RISKS Market risk Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the Fund’s NAV.	Market risk <u>Market risk arises because of factors that affect the entire market place. Factors such as economic growth, political stability and social environment are some examples of conditions that have an impact on businesses, whether positive or negative. Market risk cannot be eliminated but may be reduced through diversification. It stems from the fact that there are economy-wide perils, or instances of political or social instability which threaten all businesses. Hence, the Fund will be exposed to market uncertainties and fluctuations in the economic, political and social environment that will affect the market price of the investments either in a positive or negative way.</u>
6.4	Nil.	Inserted the following after “ Stock specific risk ”: <u>Liquidity risk</u> <u>Liquidity risk refers to two scenarios. The first is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment</u>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
		<u>to be sold below its fair value which would adversely affect the NAV of the Fund and subsequently the value of Unit Holders' investments in the Fund.</u>
6.5	<p>SPECIFIC RISKS</p> <p>Credit and default risk</p> <p>Credit risk relates to the creditworthiness of the issuers of the fixed income instruments such as debentures or money market instruments investment (hereinafter referred as "investment") and their expected ability to make timely payment of interest and/or principal. Any adverse situations faced by the issuer may impact the value as well as liquidity of the investment. In the case of rated investments, this may lead to a credit downgrade. Default risk relates to the risk of an issuer of the investment either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the investment. This could adversely affect the value of the Fund.</p>	<p>Credit and default risk</p> <p>Credit risk relates to the creditworthiness of the issuers of the fixed income instruments such as debentures or money market instruments investment <u>and the Financial Institutions where the deposits are placed</u> (hereinafter referred to as "investment") and their expected ability to make timely payment of interest and/or principal. Any adverse situations faced by the issuer <u>and/or Financial Institution</u> may impact the value as well as liquidity of the investment. In the case of rated investments, this may lead to a credit downgrade. Default risk relates to the risk of an issuer <u>and/or Financial Institution</u> of the investment either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the investment. This could adversely affect the value of the Fund.</p>
6.6	<p>SPECIFIC RISKS</p> <p>Interest rate risk</p> <p>This risk refers to the impact of interest rate changes on the valuation of the fixed income instruments such as debentures or money market instruments (hereinafter referred as "investment"). When interest rates rise, the investment prices generally decline and this may lower the market value of the investment. The reverse may apply when interest rates fall.</p>	<p>Interest rate risk</p> <p>This risk refers to the impact of interest rate changes on the valuation of the fixed income instruments such as debentures or money market instruments (hereinafter referred to as "investment"). <u>Generally, movement in interest rates affects the prices of investment inversely. For example, when interest rates rise, prices of investment will fall. The fluctuations of the prices of will also have an impact on the NAV of the Fund. This risk can largely be eliminated by holding investment until their maturity. We also manage interest rate risk by considering each investment's sensitivity to interest rate changes. When interest rates are expected to increase, the Fund would then likely seek to switch to investment that are less sensitive to interest rate changes. For investments into deposits, the fluctuations in the interest rates will not affect the placement of deposits but will result in the opportunity loss by the Fund if the placement of deposits is made at lower interest rate.</u></p>
6.7	<p>RISK MANAGEMENT</p> <p>In our day-to-day running of the business, we employ a proactive risk management approach to manage portfolio risks and operational risks. The Board of Directors of AHAM ("the Board") has established a board compliance & risk management committee to oversee AHAM's risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance & risk management committee comprises of at least three Board members and</p>	<p>In our day-to-day running of the business, we employ a proactive risk management approach to manage portfolio risks, operational risks <u>and liquidity risk</u>. The Board has established a board compliance & risk management committee to oversee AHAM's risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance & risk management committee comprises of at least three Board members and is chaired by an independent</p>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	<p>is chaired by an independent director. At the operational level, we have established a compliance & risk oversight committee with the primary function of identifying, evaluating and monitoring risks as well as to formulate internal control measures to manage and mitigate the exposure to risks that may affect the performance of the Fund, returns to the investors or Unit Holders' interest within a clearly defined framework and is primarily responsible for ensuring that the policies and procedures that have been implemented are reviewed on an on-going basis with periodic assessments. The compliance & risk oversight committee reports to the board compliance & risk management committee on a quarterly basis.</p> <p>In managing portfolio risks, we engage a stringent screening process by conducting fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors. Regular meetings are held to discuss investment themes and portfolio decisions taken at the meetings are then implemented according to the investment guidelines which also take into account requirements for minimum portfolio diversification across individual investment holdings, sectors, geographies and asset classes (based on the respective portfolio's objective and strategy). We also practise prudent liquidity management with the objective to ensure that the Fund is able to meet its short-term expenses including repurchase requests by the Unit Holders.</p> <p>We have in place a system that is able to monitor the transactions to ensure compliance with the Fund's investment limits and restrictions. These limits are system-controlled and not manually tracked, thus reducing the probability of human error occurring in ensuring the Fund's limits and restrictions are adhered to. We also undertake stringent evaluation of movements in market prices and regularly monitor, review and report to the investment committee to ensure that the Fund's investment objective is met. Regular portfolio reviews by senior members of the investment team further reduce the risk of implementation inconsistencies and violations of the Guidelines.</p> <p>We also employ a performance attribution system that enables us to review the performance of the Fund to determine the key factors that have contributed and detracted from the Fund's performance. This system complements our overall risk management process as the system also provides standard risk analytics on the portfolio such as the Fund's standard deviation, tracking error and measures of excess return. The data produced by the performance attribution system is reviewed regularly and at least on a monthly basis in meetings chaired by the managing director and participated by the portfolio managers and the performance evaluation team.</p>	<p>director. NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
		<p><u>We have established liquidity risk management policies to enable us to identify, monitor and manage the liquidity risk of the Fund in order to meet the repurchase requests from the Unit Holders with minimal impact to the Fund as well as safeguarding the interests of the remaining Unit Holders. Such policies take into account, amongst others, the asset class of the Fund and the redemption policy of the Fund. To manage the liquidity risk, we have put in place the following procedures:</u></p> <p>a) <u>The Fund may hold 10% to 90% of its NAV in money market instruments and/or deposits. This will allow the Fund to have sufficient buffer to meet the Unit Holders' repurchase request;</u></p> <p>b) <u>Regular review by the designated fund manager on the Fund's investment portfolio including its liquidity profile;</u></p> <p>c) <u>Daily monitoring of the Fund's net flows and periodic liquidity stress testing of the Fund's assets against repurchase requests during normal and adverse market conditions are performed as pre-emptive measures in tracking the Fund's liquidity status. This will ensure that we are prepared and able to take the necessary action proactively to address any liquidity concerns, which would mitigate the potential risks in meeting Unit Holders' repurchase requests; and</u></p> <p>d) <u>Suspension of repurchase requests from the Unit Holders under exceptional circumstances where the market value or fair value of a material portion of the Fund's assets cannot be determined. During the suspension period, the repurchase requests from the Unit Holders will be accepted but will not be processed. Such repurchase requests will only be processed on the next Business Day once the suspension is lifted. That said, the action to suspend repurchase requests from the Unit Holders shall be exercised only as a last resort by the Manager having considered the best interests of Unit Holders.</u></p>
7.	ABOUT AHAM TACTICAL FUND	
7.1	<p>Deed</p> <p>Deed dated 8 April 2010, first supplemental deed dated 22 July 2014 and second supplemental deed dated 6 August 2015.</p>	<p>Deed dated 8 April 2010, first supplemental deed dated 22 July 2014, second supplemental deed dated 6 August 2015, <u>third supplemental deed dated 5 October 2018 and fourth supplemental deed dated 28 December 2022.</u></p>
7.2	<p>INVESTORS' PROFILE</p> <p>This Fund is suitable for you if you:-</p> <ul style="list-style-type: none"> ➤ wish to capture returns from directional trends of both asset classes; ➤ wish to take advantage of short-term market events; ➤ seek potentially medium to long term capital appreciation. 7.4	<p>INVESTMENT STRATEGY</p> <p>The Fund is designed to deliver medium to long term capital appreciation and protection against adverse markets by enabling investors to participate in the growth prospect of the Malaysian market by tactically allocating its' assets. Exposure will be tactically allocated into the equity market and lower risk assets to maintain potential for growth opportunities within the domestic market at the prevailing market environment.</p>	<p>The Fund is designed to deliver medium to long term capital appreciation and protection against adverse markets by enabling investors to participate in the growth prospect of the Malaysian market by tactically allocating its' assets. Exposure will be tactically allocated into the equity market and lower risk assets to maintain potential for growth opportunities within the domestic market at the prevailing market environment.</p>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	<p>The Fund shall invest in a broadly diversified portfolio of equities and equity-linked instruments, and fixed income instruments. The Fund's investments into the various asset classes may range between 10% to 90% of the Fund's NAV.</p> <p>Through the use of tactical strategies and frequent portfolio reallocation reviews between equities and equity linked instruments, and fixed income instruments, the asset allocation can vary between defensive or aggressive at any given time. This will be dependent on the current market environment and/or based on the Manager's view in order to take advantage of short-term market inefficiencies in both asset classes as well as to navigate changing markets with the objective of achieving sustainable, long term positive return.</p> <p>The reallocation of assets may occur in the following circumstances:</p> <ul style="list-style-type: none"> • Higher weighting in fixed income instruments when the in-house macro view of the equity market is less favourable; or • Higher weighting in equities and equity linked instruments when the in-house macro view of the equity market is more favourable; or • Higher allocation to cash or cash equivalents during adverse market conditions. <p>The portfolio will be managed on an active basis to enhance returns and provide investors with the opportunity to obtain capital appreciation over the long haul through a disciplined investment and risk management approach.</p> <p>For the stock selection process, the Manager combines the qualitative top-down and bottom-up approach. The top-down approach begins with a review of the Malaysian economy and its financial markets in the context of global economic scenario and capital flows. Stock selection will then be carried out after an analysis on the outlook for the broad domestic economy, the individual sectors within the economy and the companies within each sector is carried out. Generally, the equity investments will focus on index linked and blue chip stocks with high liquidity and comparatively higher dividend yield against its peers. In identifying individual companies, the Manager conducts fundamental bottom-up assessment which will include, amongst others, historical and expected dividend yield, return on equity, earnings per share growth rate, financial strength, and management quality/track records. The Fund will not invest in sinful stocks such as gaming, liquor and tobacco.</p> <p>The Manager may invest in collective investment schemes that hold similar investment objectives to the Fund's investment objective.</p>	<p>The Fund shall invest in a broadly diversified portfolio of equities and <u>securities equivalent to equities</u>, and fixed income instruments. NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	<p>shall within a reasonable period of not more than three (3) months from the date of the breach, take all necessary steps and actions to rectify the breach.</p>	<p>(o) <u>Where the Single Issuer Limit is increased to 35% of the Fund's NAV, the Single Issuer Aggregate Limit may be raised, subject to the Group Limit not exceeding 35% of the Fund's NAV; and</u></p> <p>(p) <u>Any other investment limits or restrictions imposed by the relevant regulatory authorities or pursuant to any laws and regulations applicable to the Fund.</u></p> <p><u>Please note that the above limits and restrictions, do not apply to securities or instruments issued or guaranteed by the Malaysian government or Bank Negara Malaysia.</u></p> <p><u>In respect of the above investment restrictions and limits, any breach as a result of any (a) appreciation or depreciation in value of the Fund's investments; (b) repurchase of Units or payment made out of the Fund; (c) change in capital of a corporation in which the Fund has invested in; or (d) downgrade in or cessation of a credit rating, must be rectified as soon as practicable within three months from the date of the breach unless otherwise specified in the Guidelines. Nevertheless, the three-month period may be extended if it is in the best interests of Unit Holders and the Trustee's consent has been obtained. Such extension must be subject to at least a monthly review by the Trustee.</u></p>
7.7	<p>VALUATION OF THE FUND</p> <p>1st paragraph: - We will obtain the daily price or value of the assets for the purpose of valuing the Fund in accordance to the Financial Reporting Standard 139 issued by the Malaysian Accounting Standards Board. In the absence of daily price or value of the assets, we will use the latest available price or value of the assets respectively.</p>	<p><u>We will ensure that the valuation of the Fund is carried out in a fair manner in accordance to the relevant laws and Guidelines.</u> We will obtain the daily price or value of the assets for the purpose of valuing the Fund in accordance to the <u>Malaysian Financial Reporting Standard 9</u> issued by the Malaysian Accounting Standards Board. In the absence of daily price or value of the assets, we will use the latest available price or value of the assets respectively.</p>
7.8	<p>VALUATION OF THE FUND</p> <p>Listed securities</p> <p>Valuation of listed securities such as equities, warrants or listed collective investment schemes shall be based on closing market price. Where no market value is publicly available or where the use of the quoted market value is inappropriate, or where no market price is available, including in the event of suspension in the quotation of the securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, such listed securities will be valued at fair value determined in good faith by us, based on the methods or bases approved by the Trustee after appropriate technical consultation.</p>	<p>Valuation of <u>investments</u> in listed securities shall be based on the <u>closing price or last known transacted price on the eligible market on which the investment is quoted.</u> If the price is <u>not representative of its fair value or is not available to the market,</u> including in the event of suspension in the quotation of the securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, <u>the investments</u> will be valued at fair value <u>as determined in good faith by the Manager or its delegate,</u> based on the methods or bases <u>verified by the auditor of the Fund and approved by the Trustee.</u></p>
7.9	<p>VALUATION OF THE FUND</p> <p>Unlisted securities</p>	

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	For unlisted securities, valuations will be based on fair value as determined in good faith by us using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.	For unlisted <u>MYR denominated debt securities</u> , valuation will be <u>done using the price quoted by a bond pricing agency (“BPA”) registered with the SC</u> . For non-MYR denominated <u>unlisted debt securities</u> , valuation will be based on the <u>average indicative price quoted by independent and reputable institutions</u> . Where the Manager is of the view that the <u>price quoted by BPA differs from the fair value or where reliable market quotations are not available</u> , the fair value <u>will be</u> determined in good faith by <u>the Manager</u> using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee. <u>For other unlisted securities, valuation will be based on fair value as determined in good faith by the Manager using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.</u>
7.10	VALUATION OF THE FUND Fixed deposits Fixed deposits placed with Financial Institutions will be by reference to the principal value of such investments and the profits accrued thereon for the relevant period.	Deposits <u>Valuation of</u> deposits placed with Financial Institutions will be <u>done</u> by reference to the principal value of such investments and the <u>interests</u> accrued thereon for the relevant period.
7.11	VALUATION OF THE FUND Debentures Valuation of unlisted debentures denominated in Ringgit Malaysia will be done using the fair value price quoted by a bond pricing agency (“BPA”) registered with the SC. If we are of the view that the price quoted by BPA differs from the “market price” by more than 20 basis points, we and our delegate may use the “market price”, provided that we or our delegate records its basis for using a non-BPA price, obtains the necessary internal approvals to use the non-BPA price and keeps an audit trail of all decisions and basis for adopting the “market yields”. Investments in other unlisted debentures will be valued using the fair value by reference to the average indicative price quoted by at least 3 independent and reputable institutions. In the case of listed debentures, the last traded prices quoted on an exchange will be used. However, where (a) valuation based on the market price does not represent the fair value of the securities, for example during abnormal market conditions and (b) no market price is available, including in the event of a suspension in the quotation of the securities for a period exceeding 14 days, or such shorter period as agreed by the trustee, then the securities should be valued at fair value, as determined in good faith by us or our delegate, based on the methods or bases approved by the Trustee after appropriate technical consultation.	Deleted

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
7.12	<p>VALUATION OF THE FUND</p> <p>Money market instruments For money market instruments, the valuation may use the amortization method, i.e. the purchased discount or premium will be amortized to the remaining period of maturity.</p>	<p><u>Valuation of MYR denominated money market instruments will be done using the price quoted by a BPA registered with the SC. For non-MYR denominated money market instruments, valuation will be done using an average of quotations provided by reputable financial institutions. Where the Manager is of the view that the price quoted by BPA differs from the fair value or where reliable market quotations are not available, the fair value will be determined in good faith by the Manager. This may be determined by reference to the valuation of other money market instruments which are comparable in rating, yield, expected maturity date and/or other characteristics.</u></p>
7.13	<p>VALUATION OF THE FUND</p> <p>Unlisted collective investment schemes</p> <p>Unlisted collective investment schemes will be valued based on the last published repurchase price.</p>	<p><u>Collective investment schemes</u></p> <p>Unlisted collective investment schemes will be valued based on the last published repurchase price.</p> <p><u>For listed collective investment schemes, the valuation will be done in a similar manner used in the valuation of listed securities as described above.</u></p>
7.14	<p>VALUATION POINT FOR THE FUND</p> <p>The Fund will be valued at 6.00 p.m. on every Business Day (or “trading day” or “T” day). However, if the Fund has exposure to investments outside of Malaysia, the Fund shall be valued at 11.00 a.m. on the next Business Day (or “T + 1”).</p> <p>All foreign assets are translated into the base currency based on the latest available exchange rate quoted by Bloomberg/Reuters at 4.00 p.m. (United Kingdom time) which is equivalent to 11 p.m. or 12 a.m. midnight (Malaysian time) on the same day, or at such time as stipulated in the investment management standards issued by the FiMM. If the foreign market in which the Fund is invested in is closed for business, we will value the underlying assets based on the latest available price as at the day the particular foreign market was last opened for business.</p>	<p>The Fund will be valued at 6.00 p.m. on every Business Day (or “trading day” or “T” day). However, if the Fund has exposure to investments outside of Malaysia, the Fund shall be valued at 11.00 a.m. on the next Business Day (or “T + 1 <u>day</u>”).</p> <p>All foreign assets are translated into the base currency <u>of the Fund</u> based on the <u>last available bid</u> exchange rate quoted by Bloomberg/<u>Refinitiv</u> at 4.00 p.m. (United Kingdom time) which is equivalent to 11 p.m. or 12 midnight (Malaysian time) on the same day, or at such time as stipulated in the investment management standards issued by the FiMM.</p>
7.15	<p>POLICY ON GEARING AND MINIMUM LIQUID ASSETS REQUIREMENTS</p> <p>The Fund is not permitted to borrow cash or other assets (including the borrowing of securities within the meaning of the Securities Borrowing and Lending Guidelines [SBL Guidelines]) in connection with its activities. However, the Fund may borrow cash for the</p>	<p><u>FINANCING AND SECURITIES LENDING</u></p> <p>The Fund is not permitted to borrow <u>or lend</u> cash or other assets in connection with its activities. PROSPECTUS

(B)
REPLACEMENT PROSPECTUS

Calculation of Repurchase Price

The Repurchase Price is the NAV per Unit of the Fund. Any Repurchase Charge payable by the Unit Holder would be calculated as a percentage of the Repurchase Price of the Fund.

For illustration purposes, let's assume the following:-

	20,000 Units
	MYR 0.50
	20,000 Units x MYR 0.50 = MYR 10,000
	0.00%
	0.00% x MYR 10,000 = MYR 0.00
	RM 0.00 x 6% = MYR 0.00
	MYR 10,000 + MYR 0.00 + MYR 0.00 = MYR 10,000

Formula for calculating:-

- ^ Repurchase amount = Unit repurchased x Repurchase Price
- ^^ Repurchase Charge paid by investor = Repurchase Charge x Repurchase amount
- ^^^ GST of 6% = Repurchase Charge paid by investor x 6%
- ^^^^ Total amount received by investor = Repurchased amount + Repurchase Charge paid by investor + GST

Calculation of Repurchase Price

For illustration purposes, let's assume the following:-

	20,000 Units
	MYR 0.50
	20,000 Units x MYR 0.50 = MYR 10,000
	0.00%
	0.00% x MYR 10,000 = MYR 0.00
	MYR 10,000 - MYR 0.00 = MYR 10,000

Formula for calculating:-

- ^ Repurchase amount = Unit repurchased x Repurchase Price per Unit
- ^^ Repurchase Charge paid by investor = Repurchase Charge x Repurchase amount
- ^^^ Total amount received by investor = Repurchase Amount - Repurchase Charge paid by investor

TRUSTEE'S REPORT

TO THE UNIT HOLDERS OF AHAM TACTICAL FUND (FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND) ("FUND")

We have acted as the Trustee of the Fund for the financial year ended 28 February 2023 and we hereby confirm to the best of our knowledge, after having made all reasonable enquiries, AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad) has operated and managed the Fund during the year covered by these financial statements in accordance with the following:-

1. Limitations imposed on the investment powers of the Management Company under the Deed, securities laws and the Guidelines on Unit Trust Funds;
2. Valuation and pricing is carried out in accordance with the Deeds; and
3. Any creation and cancellation of units are carried out in accordance with the Deeds and any regulatory requirement.

The distribution of income made by AHAM Tactical Fund (formerly known as Affin Hwang Tactical Fund) as declared by the Manager is appropriate and reflects the investment objective of the Fund.

Yours faithfully

AMANAHRAYA TRUSTEES BERHAD

ZAINUDIN BIN SUHAIMI

Chief Executive Officer

Kuala Lumpur, Malaysia

26 April 2023

The accompanying summary of significant accounting policies and notes to the financial statements form an integral part of these financial statements.

AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023

The following accounting policies have been used in dealing with items which are considered material in relation to the financial statements.

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the Malaysian Financial Reporting Standards (“MFRS”) and International Financial Reporting Standards (“IFRS”). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including derivative financial instruments) at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reported financial year. It also requires the Manager to exercise their judgment in the process of applying the Fund’s accounting policies. Although these estimates and judgment are based on the Manager’s best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note L.

(a) Standards, amendments to published standards and interpretations that are effective:

- Amendments to MFRS 3 ‘Reference to Conceptual Framework’ (effective 1 January 2022) replace the reference to Framework for Preparation and Presentation of Financial Statements with 2018 Conceptual Framework.
- Annual Improvements to MFRSs 2018 – 2020 Cycle (effective for annual periods beginning on or after 1 January 2022).
- Amendments to MFRS 137 ‘Onerous contracts - cost of fulfilling a contract’ (effective 1 January 2022) clarify that direct costs of fulfilling a contract include both the incremental cost of fulfilling the contract as well as an allocation of other costs directly related to fulfilling contracts.

The adoption of the above standards, amendments to standards or interpretations did not have a material effect on the financial statements of the Fund.

(b) Standards and amendments that have been issued but not yet effective:

- Amendments to MFRS 101 ‘Classification of liabilities as current or non-current’ (effective 1 January 2024) clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity’s expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). In addition, the amendments clarify that when a liability could be settled by the transfer of an entity’s own equity instruments (e.g. a conversion option in a convertible bond), conversion option meeting the definition of an equity instrument in MFRS 132 ‘Financial Instruments: Presentation’ does not impact the current or non-current classification of the convertible instrument.

AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONTINUED)

(b) Standards and amendments that have been issued but not yet effective: (continued)

The amendments also specify that covenants of loan arrangements which an entity must comply with only after the reporting date would not affect classification of a liability as current or non-current at the reporting date. However, those covenants that an entity is required to comply with on or before the reporting date would affect classification of a liability as current or non-current, even if the covenant is only assessed after the reporting date.

The adoption of the above standards, amendments to standards or interpretations is not expected to have a material effect on the financial statements of the Fund.

B INCOME RECOGNITION

Dividend Income

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income on the ex-dividend date, when the right to receive the dividend has been established.

Interest Income

Interest income from short-term deposits with licensed financial institutions and unquoted fixed income securities are recognised based on effective interest rate method on an accrual basis.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Realised gains and losses on sale of investments

For quoted equities, realised gains and losses on sale of investments are accounted for as the difference between the net disposal proceeds and the carrying amount of investments, determined on a weighted average cost basis.

For unquoted fixed income securities, realised gains and losses on sale of investments are accounted for as the difference between the net disposal proceeds and the carrying amount of investments, determined on cost adjusted for accretion of discount or amortisation of premium on investments.

C TRANSACTION COSTS

Transaction costs are costs incurred to acquire or dispose financial assets or liabilities at fair value through profit or loss. They include the bid-ask spread, fees and commissions paid to agents, advisors and brokers. Transaction costs, when incurred, are immediately recognised in the statement of comprehensive income as expenses.

**AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)**

D TAXATION

Current tax expense is determined according to the Malaysian tax laws at the current rate based upon the taxable profits earned during the financial year.

Tax on investment income from foreign investments is based on the tax regime of the respective countries that the Fund invests in.

Withholding taxes on investment income from foreign investment are based on tax regime of the respective countries that the Fund invests in. Such withholding taxes are not “income tax” in nature and are recognized, measured based on the requirements of MFRS 137. They are presented within other expenses line in the statement of comprehensive income.

E DISTRIBUTION

A distribution to the Fund’s unitholders is accounted for as a deduction from realised reserve. A proposed distribution is recognised as a liability in the year in which it is approved by the Trustee of the Fund.

F FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”), which is the Fund’s functional and presentation currency.

G FOREIGN CURRENCY TRANSLATION

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in statement of comprehensive income, except when deferred in other comprehensive income as qualifying cash flow hedges.

**AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)**

H FINANCIAL ASSETS AND FINANCIAL LIABILITIES

(i) Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss, and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income

The contractual cash flows of the Fund's debt securities are solely payments of principal and interest ("SPPI"). However, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments and derivatives not designated as hedging instruments are measured at fair value through profit or loss.

The Fund classifies cash and cash equivalents, amount due from brokers, amount due from Manager and dividends receivable as financial assets at amortised cost as these financial assets are held to collect contractual cash flows that represent SPPI.

The Fund classifies amount due to brokers, amount due to Manager, amount due to Trustee, auditors' remuneration, tax agent's fee and other payables and accruals as financial liabilities measured at amortised cost.

(ii) Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date – the date on which the Fund commits to purchase or sell the asset. Investments are initially recognised at fair value. Transaction costs are expensed in the statement of comprehensive income.

Financial liabilities, within the scope of MFRS 9 are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

**AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)**

H FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(ii) Recognition and measurement (continued)

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Gains or losses arising from changes in the fair value of the “financial assets at fair value through profit or loss” category including the effects of currency transactions are presented in the statement of comprehensive income within “net gain/(loss) on financial assets at fair value through profit or loss” in the financial year which they arise.

The fair value of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the financial year end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

If a valuation based on the market price does not represent the fair value of the securities, for example during abnormal market conditions or when no market price is available, including in the event of a suspension in the quotation of the securities for a period exceeding 14 days, or such shorter period as agreed by the Trustee, then the securities are valued as determined in good faith by the Manager, based on the methods or basis approved by the Trustee after appropriate technical consultation.

Unquoted fixed income securities denominated in Ringgit Malaysia are revalued on a daily basis based on fair value prices quoted by a bond pricing agency (“BPA”) registered with the Securities Commission (“SC”) as per the SC’s Guidelines on Unit Trust Funds. Where such quotation are not available or where the Manager is of the view that the price quoted by the BPA for a specific unquoted fixed income securities differs from the market price by more than 20 basis points, the Manager may use the market price, provided that the Manager:

- (i) records its basis for using a non-BPA price;
- (ii) obtains necessary internal approvals to use the non-BPA price; and
- (iii) keeps an audit trail of all decisions and basis for adopting the market yield.

Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective interest method.

**AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)**

H FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(iii) Impairment

The Fund's financial assets measured at amortised cost are subject to expected credit losses. The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

The Fund defines a financial instrument as default, which is fully aligned with the definition of credit-impaired, when it meets one or more of the following criteria:

Quantitative criteria:

Any contractual payment which is more than 90 days past due is considered credit-impaired.

Qualitative criteria:

The debtor meets unlikelihood to pay criteria, which indicates the debtor is in significant financial difficulty. The Fund considers the following instances:

- the debtor is in breach of financial covenants
- concessions have been made by the lender relating to the debtor's financial difficulty
- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation
- the debtor is insolvent

Financial instruments that are credit-impaired are assessed on individual basis.

AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)

H FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(iii) Impairment (continued)

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Fund may write off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in bad debt recoveries. There are no write-offs/recoveries during the financial year.

I CASH AND CASH EQUIVALENTS

For the purpose of statement of cash flows, cash and cash equivalents comprise cash and bank balances and short-term deposits held in highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

J AMOUNT DUE FROM/(TO) BROKERS

Amounts due from and to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. The due from brokers balance is held for collection. Refer to Note H for accounting policy on recognition and measurement.

Any contractual payment which is more than 90 days past due is considered credit-impaired.

Significant financial difficulties of the brokers, probability that the brokers will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required.

**AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)**

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)**

K UNITHOLDERS' CAPITAL

The unitholders' contributions to the Fund meet the criteria to be classified as equity instruments under MFRS 132 "Financial Instruments: Presentation". Those criteria include:

- the units entitle the holder to a proportionate share of the Fund's net asset value ("NAV");
- the units are the most subordinated class and class features are identical;
- there is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units over its life are based substantially on the profit or loss of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial year if the unitholders exercise the right to put the unit back to the Fund.

Units are created and cancelled at the unitholders' option at prices based on the Fund's NAV per unit at the time of creation or cancellation. The Fund's NAV per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

L CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS IN APPLYING ACCOUNTING POLICIES

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information contents on the estimates, certain key variables that are anticipated to have material impacts to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgments are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

However, the Manager is of the opinion that there are no accounting policies which require significant judgment to be exercised.

In undertaking any of the Fund's investment, the Manager will ensure that all assets of the Fund under management will be valued appropriately, that is, at fair value and in compliance with the SC's Guidelines on Unit Trust Funds.

M REALISED AND UNREALISED PORTIONS OF PROFIT OR LOSS AFTER TAX

The analysis of realised and unrealised profit or loss after tax as presented on the statement of comprehensive income is prepared in accordance with SC's Guidelines on Unit Trust Funds.

**AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023**

1 INFORMATION ON THE FUND

The Unit Trust Fund was constituted under the name Affin Tactical Fund (“the Fund”) pursuant to the execution of a Master Deed dated 8 April 2010, as modified by first Supplemental Deed dated 22 July 2014, Second Supplemental Deed dated 6 August 2015, Third Supplemental Deed dated 5 October 2018 and Fourth Supplemental Deed dated 28 December 2022 (the “Deeds”) entered into between AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad) (“the Manager”) and AmanahRaya Trustees Berhad (“the Trustee”). The Fund has changed its name from Affin Tactical Fund to Affin Hwang Tactical Fund as amended by the First Supplemental Deed dated 22 July 2014 and from Affin Hwang Tactical Fund to AHAM Tactical Fund as amended by Fourth Supplemental Deed dated 28 December 2022.

The Fund commenced operations on 8 April 2010 and will continue its operations until terminated by the Trustee as provided by Clause 12.3 of the Deed.

The Fund may invest in the following assets, subject to the Deed, the Fund’s objective, the Guidelines, the requirements of the SC and any other regulatory body and all relevant laws:

- (i) Listed securities;
- (ii) Unlisted securities including, without limitation, securities that have been approved by relevant authorities for the listing of and quotation for such securities;
- (iii) Fixed deposits with financial institutions;
- (iv) Money market instruments;
- (v) Government bonds, treasury bills and other Government approved or guaranteed bonds;
- (vi) Debentures including private debt securities and bonds;
- (vii) Units/shares in collective investment schemes, both local and foreign which are in line with the objective of the Fund;
- (viii) Equity linked instruments such as warrants and rights; and
- (ix) Any other form of investments as may be permitted by the SC from time to time that is in line with the Fund’s objectives.

The objective of the Fund is to seek a stable return and generate capital growth over the medium to long term period in diversified mix of assets.

The Manager is a company incorporated in Malaysia. The principal activities of the Manager are establishment and management of unit trust funds, exchange-traded funds and private retirement schemes as well as providing fund management services to private clients. On 10 November 2022, the Manager has changed its name from Affin Hwang Asset Management Berhad to AHAM Asset Management Berhad.

The financial statements were authorised for issue by the Manager on 26 April 2023.

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES
(CONTINUED)

Market risk

(a) Price risk

Price risk arises mainly from the uncertainty about future prices of investments. It represents the potential loss the Fund might suffer through holding market positions in the face of price movements. The Manager manages the risk of unfavourable changes in prices by continuous monitoring of the performance and risk profile of the investment portfolio.

The Fund's overall exposure to price risk was as follows:

	<u>2023</u> RM	<u>2022</u> RM
Quoted investments		
Quoted equities	56,437,726	66,540,678
	<u> </u>	<u> </u>
Unquoted investments		
Unquoted fixed income securities*	8,192,054	8,890,007
	<u> </u>	<u> </u>

* Includes interest receivable of RM113,094 (2022: RM136,067)

The following table summarises the sensitivity of the Fund's loss after taxation and net asset value to price risk movement. The analysis is based on the assumptions that the market price increased by 10.0% (2022: 2.0%) and decreased by 10.0% (2022: 2.0%) with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the quoted securities having regard to the historical volatility of the prices.

<u>% Change in price</u>	<u>Market value</u> RM	<u>Impact on</u> <u>loss after</u> <u>tax/NAV</u> RM

**2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES
(CONTINUED)**

Market risk (continued)

(b) Interest rate risk

In general, when interest rates rise, unquoted fixed income securities prices will tend to fall and vice versa. Therefore, the NAV of the Fund, may also tend to fall when interest rates rise or are expected to rise. However, investors should be aware that should the Fund hold an unquoted fixed income security until maturity, such price fluctuations would dissipate as it approaches maturity, and thus the growth of the NAV shall not be affected at maturity. In order to mitigate interest rates exposure of the Fund, the Manager will manage the duration of the portfolio via shorter or longer tenured assets depending on the view of the future interest rate trend of the Manager, which is based on its continuous fundamental research and analysis.

This risk is crucial in an unquoted fixed income securities fund since unquoted fixed income securities portfolio management depends on forecasting interest rate movements. Prices of unquoted fixed income securities move inversely to interest rate movements, therefore as interest rates rise, the prices of unquoted fixed income securities decrease and vice versa. Furthermore, unquoted fixed income securities with longer maturity and lower yield coupon rates are more susceptible to interest rate movements.

Investors should note that unquoted fixed income securities and money market instruments are subject to interest rate fluctuations. Such investments may be subject to unanticipated rise in interest rates which may impair the ability of the issuers to make payments of interest income and principal, especially if the issuers are highly leveraged. An increase in interest rates may therefore increase the potential for default by an issuer.

The table below summarises the sensitivity of the Fund's NAV and loss after tax to movements in prices of unquoted fixed income securities held by the Fund as a result of movement in interest rate. The analysis is based on the assumptions that the interest rate increased and decreased by 2% (2022: 2%) (200 basis points) with all other variables held constant.

<u>% Change in interest rate</u>	<u>Impact on loss after tax/NAV</u>	
	<u>2023</u> RM	<u>2022</u> RM
+ 2% (2022: + 2%)	(28,018)	(26,445)
- 2% (2022: - 2%)	28,158	26,572

The Fund's exposure to interest rate risk associated with deposits with licensed financial institutions is not material as the carrying value of the deposits are held on a short-term basis.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations. The Manager manages this risk by maintaining sufficient level of liquid assets to meet anticipated payments and cancellation of units by unitholders. Liquid assets comprise cash, deposits with licensed financial institutions and other instruments, which are capable of being converted into cash within 7 days.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date.

The amounts in the table below are the contractual undiscounted cash flows:

	<u>Within</u> <u>one month</u> RM	<u>Between one</u> <u>month to</u> <u>one year</u> RM	<u>Total</u> RM
<u>2023</u>

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit Risk

Credit risk refers to the ability of an issuer or counterparty to make timely payments of interest, principals and proceeds from realisation of investment. The Manager manages the credit risk by undertaking credit evaluation to minimise such risk.

Credit risk arising from cash and bank balances is managed by ensuring that they are held by parties with credit rating of AA or higher.

Credit risk arising from placements of deposits in licensed financial institutions is managed by ensuring that the Fund will only place deposits in reputable licensed financial institutions.

The settlement terms of amount due from brokers are governed by the relevant rules and regulations as prescribed by the respective stock exchanges.

For unquoted fixed income securities, the manager regularly reviews the rating assigned to the issuer so that necessary steps can be taken if the rating falls below those described by the Deeds and SC's Guidelines on Unit Trust Funds.

The settlement terms of the proceeds from the creation of units receivable from the Manager are governed by the SC's Guidelines on Unit Trust Funds.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)**

**2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES
(CONTINUED)**

Capital risk

The capital of the Fund is represented by equity consisting of unitholders' capital and retained earnings. The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unitholders.

The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unitholders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

3 FAIR VALUE ESTIMATION

Financial instruments comprise financial assets and financial liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of financial assets traded in active markets (such as trading securities) is based on quoted market prices at the close of trading on the financial year end date. The Fund utilises the current bid price for financial assets which falls within the bid-ask spread.

An active market is a market in which transactions for the asset take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

(i) Fair value hierarchy

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)

3 FAIR VALUE ESTIMATION (CONTINUED)

(i) Fair value hierarchy (continued)

The determination of what constitutes 'observable' requires significant judgment by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Fund's financial assets (by class) measured at fair value:

	<u>Level 1</u> RM	<u>Level 2</u> RM	<u>Level 3</u> RM	<u>Total</u> RM
<u>2023</u>				
Financial assets at fair value through profit or loss:				
- quoted equities	56,437,726	-	-	56,437,726
- unquoted fixed income securities	-	8,192,054	-	8,192,054
	<u>56,437,726</u>	<u>8,192,054</u>	<u>-</u>	<u>64,629,780</u>
<u>2022</u>				
Financial assets at fair value through profit or loss:				
- quoted equities	66,540,678	-	-	66,540,678
- unquoted fixed income securities	-	8,890,007	-	8,890,007
	<u>66,540,678</u>	<u>8,890,007</u>	<u>-</u>	<u>75,430,685</u>

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include active listed equities. The Fund does not adjust the quoted prices for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include unquoted fixed income securities. As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

- (ii) The carrying values of cash and cash equivalents, amount due from brokers, amount due from Manager and dividends receivable and all current liabilities are a reasonable approximation of the fair values due to their short-term nature.

(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)**

4 MANAGEMENT FEE

In accordance with the Deeds, the Manager is entitled to a management fee at a rate of up to 3.00% per annum on the NAV of the Fund, calculated on a daily basis.

For the financial year ended 28 February 2023, the management fee is recognised at a rate of 1.50% (2022: 1.50%) per annum on the NAV of the Fund, calculated on a daily basis as stated in Fund's Prospectus.

There will be no further liability to the Manager in respect of management fee other than amounts recognised above.

5 TRUSTEE FEE

In accordance with the Deeds, the Trustee is entitled to a fee of up to 0.08% per annum of the NAV of the Fund, calculated on a daily basis, subjected to a minimum of RM 18,000 per annum (excluding foreign custodian fees and charges).

For the financial year ended 28 February 2023, the Trustee fee is recognised at a rate of 0.08% (2022: 0.08%) per annum on the NAV of the Fund, calculated on a daily basis as stated in Fund's Prospectus.

There will be no further liability to the Trustee in respect of Trustee fee other than amounts recognised above.

6 TAXATION

	<u>2023</u> RM	<u>2022</u> RM
Current taxation – local	13,827	-

AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)

6 TAXATION (CONTINUED)

The numerical reconciliation between net loss before taxation multiplied by the Malaysian statutory tax rate and tax expense of the Fund is as follows:

	<u>2023</u> RM	<u>2022</u> RM
Net loss before taxation	(2,909,656)	(4,288,826)
Tax at Malaysian statutory tax rate of 24% (2022: 24%)	(698,317)	(1,029,318)
Tax effects of:		
Investment loss not subject to tax	272,748	534,813
Expenses not deductible for tax purposes	194,475	212,851
Restrictions on tax deductible expenses for Unit Trust Funds	242,550	281,654
Income subject to different tax rate	2,371	-
Tax expense	<u>13,827</u>	<u>-</u>

7 DISTRIBUTION

	<u>2023</u> RM	<u>2022</u> RM
Distribution to unitholders is from the following sources:		
Previous financial year's realised income	3,503,574	3,467,580
Net distribution amount	<u>3,503,574</u>	<u>3,467,580</u>
Gross/Net distribution per unit (sen)	<u>1.35</u>	<u>1.50</u>
Ex-date	<u>20.07.2022</u>	<u>21.07.2021</u>

Gross distribution per unit is derived from gross realised income less expenses and divided by the number of units in circulation, while net distribution per unit is derived from gross realised income less expenses and taxation divided by the number of units in circulation.

Included in distribution for the financial year is an amount of RM3,503,574 (2022: RM3,467,580) made from previous financial year's realised income.

There are unrealised losses of RM290,595 (2022:RM2,984,900) arising during the financial year.

AHAM TACTICAL FUND
(FORMERLY KNOWN AS AFFIN HWANG TACTICAL FUND)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 28 FEBRUARY 2023 (CONTINUED)

13 TOTAL EXPENSE RATIO (“TER”)

	<u>2023</u> %	<u>2022</u> %
TER	1.63	1.61

TER is derived from the following calculation:

$$\text{TER} = \frac{(A + B + C + D + E)}{F} \times 100$$

- A = Management fee, excluding management fee rebate
- B = Trustee fees
- C = Auditors' remuneration
- D = Tax agent's fee
- E = Other expenses, excluding sales and service tax on transaction costs
- F = Average net asset value of the Fund calculated on a daily basis

The average net asset value of the Fund for the financial year calculated on daily basis is RM73,884,035 (2022: RM77,246,117).

14 PORTFOLIO TURNOVER RATIO (“PTR”)

	<u>2023</u>	<u>2022</u>
PTR (times)	1.33	1.78

PTR is derived from the following calculation:

$$\frac{(\text{Total acquisition for the financial year} + \text{total disposal for the financial year}) \div 2}{\text{Average net asset value of the Fund for the financial year calculated on daily basis}}$$

where: total acquisition for the financial year = RM 93,010,363 (2022: RM143,360,607)
total disposal for the financial year = RM 103,534,168 (2022: RM132,129,176)

**INDEPENDENT AUDITORS' REPORT
TO THE UNITHOLDERS OF AHAM TACTICAL FUND
(Formerly known as Affin Hwang Tactical Fund)**

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our opinion

In our opinion, the financial statements of AHAM Tactical Fund (“the Fund”) (formerly known as Affin Hwang Tactical Fund) give a true and fair view of the financial position of the Fund as at 28 February 2023, and of its financial performance and its cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

What we have audited

We have audited the financial statements of the Fund, which comprise the statement of financial position as at 28 February 2023, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 1 to 42.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the “Auditors’ responsibilities for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants (“By-Laws”) and the International Ethics Standards Board for Accountants’ International Code of Ethics for Professional Accountants (including International Independence Standards) (“IESBA Code”), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors’ report thereon

The Manager of the Fund is responsible for the other information. The other information comprises the Manager's Report, but does not include the financial statements of the Fund and our auditors’ report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

**INDEPENDENT AUDITORS' REPORT
TO THE UNITHOLDERS OF AHAM TACTICAL FUND (CONTINUED)**
(Formerly known as Affin Hwang Tactical Fund)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Information other than the financial statements and auditors' report thereon (continued)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager for the financial statements

The Manager of the Fund is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to terminate the Fund, or has no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT
TO THE UNITHOLDERS OF AHAM TACTICAL FUND (CONTINUED)
(Formerly known as Affin Hwang Tactical Fund)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Auditors' responsibilities for the audit of the financial statements (continued)

- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- (d) Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**INDEPENDENT AUDITORS' REPORT
TO THE UNITHOLDERS OF AHAM TACTICAL FUND (CONTINUED)**
(Formerly known as Affin Hwang Tactical Fund)

OTHER MATTERS

This report is made solely to the unitholders of the Fund, and for no other purpose. We do not assume responsibility to any other person for the content of this report.
