FUND INFORMATION

Fund Name	Aiiman Smart Invest Portfolio - Growth
Fund Type	Growth
Fund Category	Mixed assets (Fund-of-Funds) (Shariah-compliant)
Investment Objective	The Fund aims to provide investors with capital appreciation over medium to long-term period through a portfolio of Islamic collective investment schemes.
Benchmark	Absolute return of 8% per annum
Distribution Policy	The Fund is not expected to make distribution. However, incidental distribution may be declared whenever is appropriate.

FUND PERFORMANCE DATA

Category	As at 29 Feb 2024 (%)		As at 28 Feb 2023 (%)
Portfolio composition			
Collective investment scheme – local	41.89		34.19
Collective investment scheme – foreign	17.87		16.96
Total collective investment scheme	59.76		51.15
Exchange – traded fund – foreign	37.43		48.20
Cash & cash equivalent	2.81		0.65
Total	100.00		100.00
Share Class	Class A	Class B ¹	
Total NAV (million)	63.54	1.14	58.37
NAV per Unit (in respective currencies)	0.5568	0.5436	0.4502
Unit in Circulation (million)	114.13	2.11	129.66
Highest NAV	0.5611	0.5478	0.5125
Lowest NAV	0.4450	0.4964	0.4151
Return of the Fund (%)	23.68	8.72	(5.86)
- Capital Growth (%)	23.68	8.72	(5.86)
- Income Distribution (%)		0	0
Gross Distribution per Unit (sen)		Nil	Nil
Net Distribution per Unit (sen)		Nil	Nil
Total Expense Ratio (%) ²	1.16		1.66
Portfolio Turnover Ratio (times) ³	0.65		1.63

Basis of calculation and assumption made in calculating the returns:-

The performance figures are a comparison of the growth/decline in NAV for the stipulated period taking into account all the distribution payable (if any) during the stipulated period.

An illustration of the above would be as follow:-

Capital return	= NAV per Unit end / NAV per Unit begin – 1
Income return	= Income distribution per Unit / NAV per Unit ex-date
Total return	= (1+Capital return) x (1+Income return) – 1

¹ The data provided for this share class are since the investment date from 29 Nov 2023 until 29 Feb 2024.

² The TER of the Fund was slightly lower than previous year due to higher average NAV of the Fund during the period under review.

³ The PTR of the Fund was slightly lower than previous year due to low trading activities during the period under review.

Income Distribution / Unit Split

No income distribution nor unit split were declared for the financial year ended 29 February 2024.

Income Distribution Breakdown

No income distribution were declared for the financial year ended 29 February 2024.

Past performance is not necessarily indicative of future performance and that Unit prices and investment returns may go down, as well as up.

Asset Allocation

For a snapshot of the Fund’s asset mix during the period under review, please refer to Fund Performance Data.

During the period under review, the Fund’s total exposure into Shariah-compliant quoted equities and Exchange Traded Funds stood at 97.2% while the remaining was held in cash and cash equivalent.

Strategies Employed

The Fund continues to invest in a diversified portfolio of collective investment schemes, aiming to provide investors with regular income and capital growth over the medium to long-term period. The selection of collective investment schemes was made based on the geographical and asset class focus, broadening the investment reach to provide exposure into equities listed in global markets.

Market Review

Over the financial year under review on a total return basis, the Standard and Poor's ("S&P") 500 Index returned 30.34% with the Morgan Stanley Capital International ("MSCI") World index lagging slightly at 25.63%. Specific to the Asian region, MSCI AC Asia ex Japan Index saw a relatively weaker return of -2.69% while locally, the Financial Times Stock Exchange ("FTSE") Bursa Malaysia Kuala Lumpur Composite Index ("KLCI") fared better at 10.95% in Ringgit terms. Within bond markets, Bloomberg Barclays Global Aggregate Index gained 3.03% while domestically, the bond markets' benchmark 10-year Malaysian Government Securities ("MGS") yield closed at 3.86%.

The United States ("US") Federal Reserve ("Fed") conducts monetary policy by setting a target range for the federal funds rate, which does not directly affect firms and household in the economy. Instead, monetary policy effect cascades to the broader economy by affecting financial conditions including the longer-term interest rates and the exchange value of the dollar. Analysts posit that the Fed's actions of supporting the US economy during the peak of the coronavirus crisis by initiating large purchases of US government and mortgage-backed securities, lending to support household and employers could have been overdone and led to the unwelcome surge in increased inflationary pressures. The Fed has been engaging in a tightening monetary policy stance throughout 2023 to address said inflationary pressures, only relenting towards the end of 2023 when signs of tighter policy was slowing down the economy. Unprecedented global events that unfolded in 2023 also contributed to the Fed's challenge in reigning in inflation rates.

One of the most significant events of 2023 was the eruption of the Israel-Palestinian conflict in October, which led to a sharp depreciation of the Israeli shekel. Gold, viewed as a safe-haven asset surged significantly in the short term and investors' bullish sentiment towards oil also intensified from concern over a disruption to oil supplies in the Middle East, a major oil-producing region. The strained banking sector in US triggered by the collapse of Silicon Valley Bank ("SVB") weighed heavily on investors sentiments. With an abundant of deposits over loans, SVB had placed them into available-for-sale and held-to-maturity securities like Treasuries and mortgage-backed securities when yields were at all-time lows. However, as interest rates began to rise rapidly, it recorded massive outflows in deposits alongside the rest of the banking sector. SVB sold substantially all of its available-for-sale securities to accommodate the outflows, incurring a massive loss which eventually led to a bank run. Smaller US banks were caught also caught in the turmoil as concerns spread.

Since the debut of ChatGPT, last year also saw the surge of Artificial Intelligence ("AI") technology and explosive growth of generative AI tools like image recognition and image generation. Google launched the Bard the chatbot and later released Gemini, touted as the largest and most versatile AI model. Nvidia also dominated the market with its flagship chip, leading to a doubling in its stock price and contributing to the AI boom. The market's biggest tech stocks, which investors dub the magnificent seven of the Nasdaq 100 – Microsoft, Apple, Alphabet, Nvidia, Amazon, Meta and Tesla saw massive outperformance relative to the Nasdaq composite and S&P500 over the past year.

Global financial markets confounded gloomy expectations in 2023. Despite a lacklustre start to the year, even prolonging to the second half of 2023, the stock market eventually rallied, bonds reversed heavy losses made early in the year as recession fears were replaced by increasing confidence that an economic soft landing would be achieved. The rally began in November as Fed chair, Jerome Powell fanned hopes that borrowing costs had peaked. Entering 2024, US equities started the year on a strong note to the surprise of investors, underpinned by robust economic indicators that fortified the case for a soft landing. The gains were also supported by good corporate earnings, including from the top technology names of the market.

Asia ex Japan equities experienced a mix of ups and downs over the financial year, reflecting the volatile nature of the global market landscape. The year commenced with a negative performance in the second quarter of 2023, marked by declines in Chinese equities as the country's economic rebound post pandemic began to slow. Despite this, markets in India, South Korea, and Taiwan saw gains, fueled by factors such as foreign inflows and investor enthusiasm for AI related stocks. The challenges persisted trough to the second half of 2023 with concerns over the Chinese economy and global economic growth weighing on investor sentiment across the region. Chinese stocks faced sharp declines amid doubts about government stimulus measures, while markets in Hong Kong, Taiwan, and South Korea also witnessed significant downturns. However, as hopes of stable US interest rates renewed investor appetite for risk assets the outlook improved in the fourth quarter. While Chinese stocks continued to struggle, markets in Taiwan, South Korea, and India saw robust growth, driven by factors such as technology stocks and chipmakers. Other markets in the region

also achieved positive growth, albeit more modestly. Markets saw positive momentum carried into the first quarter of 2024, with Asia ex Japan equities achieving modest gains. Despite ongoing concerns, particularly regarding China's economic outlook and geopolitical tensions, markets in Taiwan, India, and the Philippines performed strongly. However, challenges persisted in markets such as Hong Kong, Thailand, and China, where share prices ended the quarter in negative territory.

Within Malaysia, several policy announcements made by the government in July 2023 caught the attention of investors as markets started to gain. These positive sentiments lifted foreign investors' confidence as they poured into local equities. They include the Ekonomi Madani Plan which outlined several key economic targets, Part 1 of the National Energy Transition Roadmap ("NETR") which intends to achieve 70% renewable energy capacity mix by 2050 and Part 2 of the NETR as well as the New Industrial Masterplan. The unveiling of Budget 2024 in October 2023 also helped shed light on the government's policies and laid down the groundwork for the government's path to fiscal consolidation. According to the Budget, the government aims to narrow the fiscal deficit from 5.0% to 4.3% in 2024 in line with its broader policy objective to bring it down to 3.10% by 2026. Towards the end of the financial year, the benchmark KLCI surged with Johor-focused names taking the spotlight following the installation of the new Yang Di-Pertuan Agong. However, the small cap space saw more measured gains of 2.30%.

The bond market experienced dynamic shifts, influenced by factors such as inflation concerns, central bank policies, and global economic conditions. The second quarter of 2023 witnessed a decline in market volatility, accompanied by a rise in government bond yields, albeit with some divergence among countries. The United Kingdom ("UK") and Australia underperformed due to higher-than-expected inflation, leading to more aggressive actions by central banks to combat inflation. The Fed paused its consecutive rate increases after more than a year, marking a notable shift in monetary policy. Corporate balance sheets remained relatively strong, despite an uptick in default rates, and global high yield outperformed investment grade bonds. At the start of second half of 2023, the US economy displayed resilience, with signs of improvement in the manufacturing sector and a relatively robust labor market. However, concerns over rising US debt issuance and a downgrade in the US credit rating by Fitch Ratings weighed on the Treasury market. Despite a significant rise in oil prices, inflationary pressures eased in most economies, allowing major central banks to signal a pause in further rate hikes. The last quarter of 2023 was marked by a perceived shift in monetary policy direction, with central banks adopting a more dovish tone. This led to a rally in government bond markets, with yields falling sharply and credit markets outperforming government bonds. Despite a slowing growth outlook, corporate bonds staged an impressive rally on hopes of averting a deep recession. The first quarter of 2024 saw a significant shift in inflation and interest rate expectations, with markets initially anticipating faster central bank action to lower rates. However, expectations were scaled back, with central banks proceeding with caution and avoiding premature declarations of victory over inflation. Global economic activity showed signs of improvement, particularly in the US, eurozone, and China, although inflation remained a central concern.

Investment Outlook

In 2023, the Fund maintained most of its strategies in global equities, constructing a portfolio with a lower beta of 0.8-0.9 to broader markets to mitigate potential risks associated with a soft or hard landing scenario by raising c.15% cash beginning of the Fund's FYE. The decision was made to refrain from betting on economic outcomes amidst a high-interest-rate environment.

During the first half of the financial year ending (FYE), the Fund delivered positive returns but underperformed global Islamic index mainly due to USD strength as the Fed continued its rate hike regime. US technology were the top contributors to returns as it was a heavy weight within the Fund. Healthcare within Europe has also done well with tailwinds surrounding big pharma sector earnings growth from weight loss drug.

Market sentiment in the last two months of 2023 indicated a peak in the rate cycle, echoed by the final Federal Reserve meeting of the year. The strategy benefitted from market's bullish sentiment and big tech companies rally from AI's demand as well as its boost towards productivity. However, the manager's outlook for 2024 differed, cautioning against overly aggressive rate cut expectations. Strong corporate earnings and low unemployment figures suggested a potential upside surprise in inflation, limiting the Federal Reserve's scope for rate cuts, especially in an election year. However, the strategy looks to capitalize on anticipated growth in large tech firms moving forward by reducing its cash levels, with earnings broadening out to sectors that may potentially benefit from AI productivity and demand.

State of Affairs of the Fund

There is neither any significant change to the state affairs of the Fund nor any circumstances that materially affect any interests of the unit holders during the period under review.

Soft Commissions received from Brokers

Soft commissions received from brokers/dealers may be retained by the management company only if the :–

- (i) goods and services provided are of demonstrable benefit to Unit holders of the Fund; and
- (ii) goods and services are in the form of research and advisory services that assists in the decision making process.

During the financial period/year under review, no soft commission was received by the Manager on behalf of the Fund.

Cross Trade

No cross-trade transactions have been carried out during the reported period.

Securities Financing Transactions

The Fund has not undertaken any securities lending or repurchase transactions during the financial period under review.

Changes Made to the Fund's Prospectus

AIIMAN SMART INVEST PORTFOLIO – GROWTH (“FUND”)

APPENDIX A: LIST HIGHLIGHTING THE AMENDMENTS FROM THE PROSPECTUS DATED 28 FEBRUARY 2023 (“PROSPECTUS”) AS MODIFIED BY THE FIRST SUPPLEMENTAL PROSPECTUS (“SUPPLEMENTAL PROSPECTUS”) IN RELATION TO THE FUND.

NO.	(A) PROSPECTUS	(B) SUPPLEMENTAL PROSPECTUS	(C) REASONS FOR AMENDMENTS	(D) COMPLIANCE TO PARAGRAPHS 9.70 TO 9.71 OF THE REVISED GUTF
<p>Introduction:</p> <p>In general, the amendments made to the Prospectus are to reflect the following:</p> <ol style="list-style-type: none"> The issuance of a new share class (“Class B”) of the Fund and redesignation of the existing Unit Holders to Class A; and Amendments made to the Second Supplemental Deed which was registered and lodged with the SC on 21 July 2023 (“Supplemental Deed”). <p>We are of the view that amendments reflected in the Supplemental Prospectus do not materially prejudice the unit holders’ interests as they do not result in (1) change to the nature/objective of the Fund; (2) change to the risk profile of the Fund; (3) change in the distribution policy; (4) introduction of a new category of fees/charges; or (5) increase in fees/charges of the Fund (collectively known as “Material Prejudice Circumstances”). Hence a unit holders’ approval is not required under paragraph 9.70 of the Guidelines on Unit Trust Funds (Revised: 28 November 2022) (“Revised GUTF”) and section 295(4)(a) of the Capital Markets and Services Act 2007.</p> <p>Additionally, we are of the view that the amendments are not significant changes that affect existing unit holders’ position as they do not result in change to (1) investment strategy; (2) distribution policy; or (3) minimum balance of the Fund (“Significant Change Circumstances”).</p>

2.8	Unit(s) Means an undivided share in the beneficial interest and/or right in the Fund and a measurement of the interest and/or right of a Unit Holder in the Fund.	Means an undivided share in the beneficial interest and/or right in the Fund and a measurement of the interest and/or right of a Unit Holder in the Fund <u>and means a unit of the Fund; if the Fund has more than one Class, it means a unit issued for each Class.</u>	To update the definition due to the introduction classes of the Fund.	Even though the amendments are not significant changes that will affect unit holders' decision to stay invested in the Fund, we will inform unit holders of the amendments via a written notice 14 days before the effective date of the Replacement Prospectus.
3.	RISK FACTORS			
3.1	GENERAL RISKS Suspension of repurchase request risk Having considered the best interests of Unit Holders, the repurchase requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the Fund's assets cannot be determined. Such exceptional circumstances may occur when, amongst others, the Islamic CIS that make up material portion of the NAV of the Fund suspend the dealings* and the inability to repatriate the proceeds of the redemptions of the shares or units of the Islamic CIS arising from the regulatory restrictions and/or foreign exchange controls imposed by the authorities in respective jurisdictions. In such case, Unit Holders will not be able to redeem their Units and will be compelled to remain invested in the Fund for a longer period of time. Hence, their investments will continue to be subject to the risks inherent to the Fund. * <i>The Manager may consider suspending the Fund when multiple Islamic CIS (which make up material portion of the Fund's NAV) that the Fund invests in suspend the dealings under circumstances, amongst others, as follows:</i> <i>(i) Should redemption applications by investors of the</i>	Suspension of repurchase request risk Having considered the best interests of Unit Holders, the repurchase requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the Fund's assets cannot be determined. Such exceptional circumstances may occur when, amongst others, the Islamic CIS that make up material portion of the NAV of the Fund suspend the dealings* and the inability to repatriate the proceeds of the redemptions of the shares or units of the Islamic CIS arising from the regulatory restrictions and/or foreign exchange controls imposed by the authorities in respective jurisdictions. In such case, Unit Holders will not be able to redeem their Units and will be compelled to remain invested in the Fund <u>or a Class</u> for a longer period of time. Hence, their investments will continue to be subject to the risks inherent to the Fund. * <i>The Manager may consider suspending the Fund <u>or a Class</u> when multiple Islamic CIS (which make up material portion of the Fund's NAV) that the Fund invests in suspend the dealings under circumstances, amongst others, as follows:</i> <i>(i) Should redemption applications by investors of the</i>	To update the disclosures due to the introduction of classes of the Fund.	Given reasons stated in column (C), we are of the view that the amendments are not a significant change that will affect existing unit holders' decision to stay invested in the Fund and the interests of the existing unit holders will not be materially prejudiced as the amendments do not fall within the Significant Change Circumstances and Material Prejudice Circumstances. Even though the amendments are not significant changes that will affect unit holders' decision to stay invested in the Fund, we will inform unit holders of the amendments via a written notice 14 days before the effective date of the Replacement Prospectus.

Investment Amount	MYR 10,000.00																											
Selling Price per Unit	MYR 0.50																											
Number Of Units Received*	MYR 10,000 ÷ MYR 0.50 = 20,000 Units																											
Sales Charge	0.00%																											
Sales Charge Paid By Investor**	0.00% x MYR 0.50 x 20,000 Units = MYR 0																											
Total Amount Paid By Investor***	MYR 10,000 + MYR 0 = MYR 10,000																											
Class	Class A	Class B																										
Investment Amount	MYR 10,000.00	<u>MYR 10,000.00</u>																										
Selling Price per Unit	MYR 0.50	<u>MYR 0.50</u>																										
Number Of Units Received*	MYR 10,000 ÷ MYR 0.50 = 20,000 Units	<u>MYR 10,000 ÷ MYR 0.50 = 20,000 Units</u>																										

NO.	(A) PROSPECTUS	(B) SUPPLEMENTAL PROSPECTUS	(C) REASONS FOR AMENDMENTS	(D) COMPLIANCE TO PARAGRAPHS 9.70 TO 9.71 OF THE REVISED GUTF
-----	-------------------	--------------------------------	----------------------------------	--

Sales Charge	0.00%	<u>3.00% of the NAV per Unit</u>
Sales Charge Paid By Investor**	0.00% x MYR 0.50 x 20,000 Units = MYR 0	<u>3.00% x MYR 0.50 x 20,000 Units = MYR 300</u>
Total Amount Paid By Investor***	MYR 10,000 + MYR 0 = MYR 10,000	<u>MYR 10,000 + MYR 300 = MYR 10,300</u>

Formula for calculating:-

* Number of Units received = $\frac{\text{Investment Amount}}{\text{Selling Price per Unit}}$

** Sales Charge paid by investor = Sales Charge x Selling Price per Unit x Number of Units received

*** Total amount paid by investor = Investment Amount + Sales Charge paid by investor

Calculation of Repurchase Price

For illustration purposes, let's assume the following:-

Units Repurchased	20,000 Units
Repurchase Price per Unit	MYR 0.50
Repurchase Amount^	20,000 Units x MYR 0.50 = MYR 10,000
Repurchase Charge	3.00% of the NAV per Unit
Repurchase Charge Paid By Investor^^	3.00% x MYR 10,000 = MYR 300
Total Amount Received By Investor^^^	MYR 10,000 - MYR 300 = MYR 9,700

Formula for calculating:-

^ Repurchase amount = Unit repurchased x Repurchase Price per Unit

^^ Repurchase Charge paid by investor = Repurchase Charge x Repurchase amount

^^^ Total amount received by investor = Repurchase amount - Repurchase Charge paid by investor

Calculation of Repurchase Price

For illustration purposes, let's assume the following:-

Class	Class A	Class B
Units Repurchased	20,000 Units	<u>20,000 Units</u>
Repurchase Price per Unit	MYR 0.50	<u>MYR 0.50</u>
Repurchase Amount^	20,000 Units x MYR 0.50 = MYR 10,000	<u>20,000 Units x MYR 0.50 = MYR 10,000</u>
Repurchase Charge	3.00% of the NAV per Unit	<u>0.00%</u>
Repurchase Charge Paid By Investor^^	3.00% x MYR 10,000 = MYR 300	<u>0.00% x MYR 10,000 = MYR 0</u>
Total Amount Received By Investor^^^	MYR 10,000 - MYR 300 = MYR 9,700	<u>MYR 10,000 - MYR 0 = MYR 10,000</u>

Formula for calculating:-

^ Repurchase Amount = Unit repurchased x Repurchase Price per Unit

^^ Repurchase Charge paid by investor = Repurchase Charge x Repurchase Amount

^^^ Total amount received by investor = Repurchase Amount - Repurchase Charge paid by investor

AIIMAN SMART INVEST PORTFOLIO - GROWTH

MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024

The following accounting policies have been used in dealing with items which are considered material in relation to the financial statements.

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRS") and International Financial Reporting Standards ("IFRS"). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including derivative financial instruments) at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reported financial year. It also requires the Manager to exercise their judgement in the process of applying the Fund's accounting policies. Although these estimates and judgement are based on the Manager's best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note M.

- (a) Standards, amendments to published standards and interpretations that are applicable and effective:

There are no standards, amendments to standards or interpretations that are applicable and effective for annual periods beginning on 1 January 2023 that have a material effect on the financial statements of the Fund.

- (b) Standards and amendments that have been issued that are applicable to the Fund but not yet effective:

- Amendments to MFRS 101 'Classification of liabilities as current or non-current' (effective 1 January 2024) clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity's expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). In addition, the amendments clarify that when a liability could be settled by the transfer of an entity's own equity instruments (e.g. a conversion option in a convertible bond), conversion option meeting the definition of an equity instrument in MFRS 132 'Financial Instruments: Presentation' does not impact the current or non-current classification of the convertible instrument.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONTINUED)

- (b) Standards and amendments that have been issued that are applicable to the Fund but not yet effective: (continued)

The amendments also specify that covenants of loan arrangements which an entity must comply with only after the reporting date would not affect classification of a liability as current or non-current at the reporting date. However, those covenants that an entity is required to comply with on or before the reporting date would affect classification of a liability as current or non-current, even if the covenant is only assessed after the reporting date.

The adoption of the above standards, amendments to standards or interpretations is not expected to have a material effect on the financial statements of the Fund.

B INCOME RECOGNITION

Dividend income

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income on the ex-dividend date, when the right to receive the dividend has been established.

Profit income

Profit income from short-term Shariah-based deposits with licensed financial institutions is recognised based on effective profit rate method on an accrual basis.

Profit income is calculated by applying the effective profit rate to the gross carrying amount of a financial asset, except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective profit rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Realised gains and losses on sale of investments

For Shariah-compliant quoted equities, Shariah-compliant collective investment schemes and Shariah-compliant exchange-traded funds realised gains and losses on sale of Shariah-compliant investments are accounted for as the difference between the net disposal proceeds and the carrying amount of the Shariah-compliant investments, determined on a weighted average cost basis.

C TRANSACTION COSTS

Transaction costs are costs incurred to acquire financial assets or financial liabilities at fair value through profit or loss. They include the bid-ask spread, fees and commissions paid to agents, advisors, brokers and dealers. Transaction costs, when incurred, are immediately recognised in the statement of comprehensive income as expenses.

D TAXATION

Current tax expense is determined according to the Malaysian tax laws at the current rate based upon the taxable profits earned during the financial year.

Tax on investment income from foreign investments is based on the tax regime of the respective countries that the Fund invests in.

AIIAMAN SMART INVEST PORTFOLIO - GROWTH

MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

D TAXATION (CONTINUED)

Withholding taxes on investment income from foreign investment are based on tax regime of the respective countries that the Fund invests in. Such withholding taxes are not "income tax" in nature and are recognised, measured based on the requirements of MFRS 137. They are presented within other expenses line in the statement of comprehensive income.

E FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Malaysian Ringgit ("MYR"), which is the Fund's functional and presentation currency.

F FOREIGN CURRENCY TRANSLATION

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year/period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in statement of comprehensive income, except when deferred in other comprehensive income as qualifying cash flow hedges.

G FINANCIAL ASSETS AND FINANCIAL LIABILITIES

(i) Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss, and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as financial assets measured at fair value through other comprehensive income.

The contractual cash flows of the Fund's debt securities are solely payments principal and interest* ("SPPI"). However, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments and derivatives not designated as hedging instruments are measured at fair value through profit or loss.

The Fund classifies cash and cash equivalents, amount due from Manager and dividends receivable as financial assets measured at amortised cost as these financial assets are held to collect contractual cash flows that represent SPPI.

AIIAMAN SMART INVEST PORTFOLIO - GROWTH

MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

G FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(i) Classification (continued)

The Fund classifies amount due to Manager, amount due to Trustee, payables for auditors' remuneration and tax agent's fee as financial liabilities measured at amortised cost.

* For the purpose of this Fund, interest refers to profit earned from Shariah-compliant investments.

(ii) Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date – the date on which the Fund commits to purchase or sell the asset. Shariah-compliant investments are initially recognised at fair value. Transaction costs are expensed as incurred in the statement of comprehensive income.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the Shariah-compliant investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category including the effects of foreign transactions are presented in the statement of comprehensive income within 'net gain/(loss) on financial assets at fair value through profit or loss' in the financial year which they arise.

The fair value of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the financial year end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

If a valuation based on the market price does not represent the fair value of the securities, for example during abnormal market conditions or when no market price is available, including in the event of a suspension in the quotation of the securities for a period exceeding 14 days, or such shorter period as agreed by the Trustee, then the securities are valued as determined in good faith by the Manager, based on the methods or basis approved by the Trustee after appropriate technical consultation.

Financial assets at amortised cost and other financial liabilities, except forward foreign currency contracts are subsequently carried at amortised cost using the effective profit method.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

G FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(iii) Impairment

The Fund's financial assets measured at amortised cost are subject to expected credit losses. The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

The Fund defines a financial instrument as default, which is fully aligned with the definition of credit-impaired, when it meets one or more of the following criteria:

Quantitative criteria:

Any contractual payment which is more than 90 days past due is considered credit-impaired.

Qualitative criteria:

The debtor meets unlikeliness to pay criteria, which indicates the debtor is in significant financial difficulty. The Fund considers the following instances:

- the debtor is in breach of financial covenants;
- concessions have been made by the lender relating to the debtor's financial difficulty;
- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation; and
- the debtor is insolvent.

Financial instruments that are credit-impaired are assessed on individual basis.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Fund may write off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in bad debt recoveries. There are no write-offs/recoveries during the financial year.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

H CASH AND CASH EQUIVALENTS

For the purpose of statement of cash flows, cash and cash equivalents comprise cash and bank balances and Shariah-based deposits held in highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

I AMOUNT DUE FROM/(TO) BROKERS

Amounts due from and to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. The due from brokers balance is held for collection. Refer to Note G for accounting policy on recognition and measurement.

Any contractual payment which is more than 90 days past due is considered credit-impaired.

Significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required.

J CREATION AND CANCELLATION OF UNITS

The unitholders' contributions to the Fund meet the definition of puttable instruments classified as financial liability under MFRS 132 "Financial Instruments: Presentation".

The Fund issues cancellable units, in two classes of units, known respectively as the Class A, and Class B, which are cancelled at the unitholder's option and do not have identical features. The units are classified as financial liabilities. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's net asset value ("NAV") of respective classes. The outstanding units are carried at the redemption amount that is payable at the date of the statement of financial position if the unitholder exercises the right to put back the unit to the Fund.

Prior to 28 November 2023, the Fund met the criteria of definition of puttable instruments to be classified as equity under MFRS 132 "Financial Instruments: Presentation". However, the amendment requires puttable financial instruments that do not meet the definition of an equity to be classified as financial liability where certain strict criteria are not met. Those criteria include:

- the units entitle the holder to a proportionate share of the Fund's net asset value;
- the units are the most subordinated class and class features are identical;
- there is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units over its life are based substantially on the profit or loss of the Fund.

These conditions were no longer met upon the launch of Class B by the Fund on 28 November 2023.

As a result of the reclassification of puttable instruments from equities to liabilities, the Fund's distribution are no longer be classified as dividend distribution in the statement of changes in net assets attributable to unitholders, but rather as finance cost in the statement of comprehensive income.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

MATERIAL ACCOUNTING POLICY INFORMATION FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

J CREATION AND CANCELLATION OF UNITS (CONTINUED)

Units are created and cancelled at the unitholder's option at prices based on the Fund's NAV per unit of respective classes at the close of business on the relevant dealing day. The Fund's NAV per unit of respective classes is calculated by dividing the net assets attributable to unitholders of respective classes with the total number of outstanding units of respective classes.

K INCREASE/(DECREASE) IN NET ASSETS ATTRIBUTABLE TO UNITHOLDERS

Income not distributed is included in net assets attributable to unitholders.

L DERIVATIVE FINANCIAL INSTRUMENTS

A derivative financial instrument is any contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of another entity.

The Fund's derivative financial instruments comprise forward foreign currency contracts. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Financial derivative positions will be "marked to market" at the close of each valuation day. Foreign exchange gains and losses on the derivative financial instrument are recognised in profit or loss when settled or at the date of the statement of financial position at which time they are included in the measurement of the derivative financial instrument. Derivative instruments that have a positive and negative fair value are presented as financial assets at fair value through profit or loss and financial liabilities as fair value through profit or loss respectively.

The fair value of forward foreign currency contracts is determined using forward exchange rates on the date of the statements of financial position, with the resulting value discounted back to present value.

The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and the nature of the item being hedged. Derivatives that do not qualify for hedge accounting are classified as financial assets/liabilities measured at fair value through profit or loss.

M CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information contents of the estimates, certain key variables that are anticipated to have material impacts to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgements are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

However, the Manager is of the opinion that there are no accounting policies which require significant judgement to be exercised.

In undertaking any of the Fund's Shariah-compliant investment, the Manager will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the Securities Commission's ("SC") Guidelines on Unit Trust Funds.

**N REALISED AND UNREALISED PORTIONS OF INCREASE OR DECREASE IN NET ASSETS
ATTRIBUTABLE TO UNITHOLDERS**

The analysis of realised and unrealised amount in increase or decrease in net assets attributable to unitholders as presented on the statement of comprehensive income is prepared in accordance with SC's Guidelines on Unit Trust Funds.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024

1 INFORMATION ON THE FUND

The Unit Trust Fund was constituted under the name Aiiman Smart Invest Portfolio - Growth (the "Fund") pursuant to the execution of a Deed dated 18 June 2021, first supplemental deed dated 20 December 2022 and second supplemental deed dated 4 July 2023 entered into between AIIMAN Asset Management Berhad (the "Manager") and TMF Trustees Malaysia Berhad (the "Trustee").

The Fund commenced operations on 5 October 2021 and will continue its operations until terminated by the Trustee as provided under Clause 12.1 of the Deed.

The Fund offer investment diversification, the selection of Islamic Collective Investment Schemes will be made based on the geographical and asset class focus to broaden the investment reach. Through its investment into Islamic Collective Investment Schemes, the Fund will provide you with access into Shariah-compliant equities listed in global markets, as well as access into Shariah-compliant fixed income instruments such as sukuk, Islamic money market instruments and Islamic deposits, issued globally. The Manager will look towards growth portfolio by holding optimal exposure into both equities and fixed income instruments respectively. Exposure into equities are generally considered to be able to provide higher returns as compared to fixed income instruments thus exposing you to relatively higher risk that comes with equity investments. However, the Fund will also have exposure in fixed income instruments, which are generally considered to be of lower risk, and the optimal allocation is aimed at managing the overall volatility of the Fund.

Class B of the Fund was launched on 28 November 2023 as amended by second supplemental deed.

All investments will be subjected to the SC's Guidelines on Unit Trust Funds, the Deeds and the objective of the Fund.

The main objective of the Fund is to achieve capital appreciation over medium to long-term period.

The Manager is a company incorporated in Malaysia. The principal activities of the Manager are that of carrying out Islamic fund management activities and establishment, management and distribution of unit trust funds.

The financial statements were authorised for issue by the Manager on 29 April 2024.

Tax agent's fee		5,675	-	5,675
Total		97,315	94,328	191,643

The Fund is exposed to a variety of risks which include market risk (including price risk, profit rate risk and currency risk), credit risk, liquidity risk, capital risk and reclassification of Shariah status risk and collective investment scheme risk.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated by the SC's Guidelines on Unit Trust Funds.

Market risk

(a) Price risk

Price risk arises mainly from the uncertainty about future prices of Shariah-compliant investments. It represents the potential loss the Fund might suffer through holding market positions in the face of price movements. The Manager manages the risk of unfavourable changes in prices by continuous monitoring of the performance and risk profile of the investment portfolio.

The Fund's overall exposure to price risk was as follows:

	<u>2024</u> RM	<u>2023</u> RM
Shariah-compliant quoted investments		
Collective investment schemes	38,661,868	29,684,133
Exchange-traded funds	24,221,481	28,134,792
	<u>62,883,349</u>	<u>57,998,925</u>

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk (continued)

(a) Price risk (continued)

The following table summarises the sensitivity of the Fund's profit/(loss) after taxation and net asset value to price risk movements. The analysis is based on the assumptions that the market price increased by 10% (2023: 10%) and decreased by 10% (2023: 10%) with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the quoted securities, having regard to the historical volatility of the prices.

<u>% Change in price</u>	<u>Market value</u> RM	<u>Impact on profit/(loss) after taxation</u> <u>/NAV</u> RM
<u>2024</u>		
-10%	56,595,014	(6,288,335)
0%	62,883,349	-
+10%	69,171,684	6,288,335
	<u> </u>	<u> </u>
<u>2023</u>		
-10%	52,199,032	(5,799,893)
0%	57,998,925	-
+10%	63,798,818	5,799,893
	<u> </u>	<u> </u>

(b) Profit rate risk

Profit rate risk arises from the effects of fluctuations in the prevailing levels of market profit rates on the fair value of financial assets and liabilities and future cash flows.

The Fund's exposure to profit rate risk is mainly confined to short-term Shariah-based deposit placements with financial institutions. The Manager overcomes this exposure by way of maintaining Shariah-based deposits on a short-term basis.

The Fund's exposure to profit rate risk associated with Shariah-based deposits with licensed financial institutions is not material as the Shariah-based deposits are held on a short-term basis.

As at 28 February 2023, the Fund was not exposed to any profit rate risk.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk (continued)

(c) Currency risk

Currency risk is associated with investments denominated in foreign currencies. When the foreign currencies fluctuate in an unfavourable movement against Ringgit Malaysia, the investments will face currency losses in addition to the capital gain/(loss). The Manager will evaluate the likely directions of a foreign currency versus Ringgit Malaysia based on considerations of economic fundamentals such as profit rate differentials, balance of payments position, debt levels and technical chart considerations.

The following table sets out the foreign currency risk concentrations and counterparties of the Fund:

	Shariah compliant collective investment schemes RM	Shariah compliant exchange traded funds RM	Cash and cash equivalents RM	Dividends receivable RM	Total RM
<u>2024</u>					
<u>Financial assets</u>					
United State Dollar	11,560,220	24,221,481	11,048	4,321	35,797,070

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk (continued)

(c) Currency risk (continued)

The table below summarises the sensitivity of the Fund's loss after tax and net asset value to changes in foreign exchange movements. The analysis is based on the assumption that the foreign exchange rate changes by each currency's respective historical volatility, with all other variables held constants. This represents management's best estimate of a reasonable possible shift in the foreign exchange rate, having regard to historical volatility of this rate. Any increase/(decrease) in foreign exchange rate will result in a corresponding (decrease)/increase in the net assets attributable to unitholders by each currency's respective historical volatility. Disclosures below are shown in absolute terms, changes and impacts could be positive or negative.

	<u>Change in rate %</u>	<u>Impact on profit/(loss) after tax/NAV RM</u>
<u>2024</u>		
United States Dollar	+/- 5.70	+/- 2,040,433
European Euro	+/- 5.41	+/- 14
		<hr/> <hr/>
<u>2023</u>		
United States Dollar	+/- 3.87	+/- 1,470,068
		<hr/> <hr/>

Credit risk

Credit risk refers to the ability of an issuer or counterparty to make timely payments of profit, principals and proceeds from realisation of investment. The Manager manages the credit risk by undertaking credit evaluation to minimise such risk.

Credit risk arising from cash and bank balances is managed by ensuring that they are held by parties with credit rating of AA or higher.

The settlement terms of the proceeds from the creation of units' receivable from the Manager are governed by the SC's Guidelines on Unit Trust Funds.

AIIMAN SMART INVEST PORTFOLIO – GROWTH

Others			
- NR	-	80,839	80,839
	<u>551,969</u>	<u>80,839</u>	<u>632,808</u>

* Other receivables consist of amount due from Manager and dividends receivable.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations. The Manager manages this risk by maintaining sufficient level of liquid assets to meet anticipated payment and cancellations of unit by unitholders. Shariah-based liquid assets comprise bank balances, Shariah-based deposits with a licensed financial institution and other instruments, which are capable of being converted into cash within 7 days.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date.

* Units are redeemed on demand at the unitholders' option (Note J). However, the Manager does not envisage that the contractual maturity disclosed in the table above will be representative of the actual cash outflows, as unitholders of these instruments typically retain them for the medium to long term.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

3 FAIR VALUE ESTIMATION (CONTINUED)

Capital risk

The capital of the Fund is represented by net assets attributable to unitholders (2023: equity consisting of unitholders' capital net of accumulated losses). The amount of net assets attributable to unitholders (2023: equity) can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unitholders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unitholders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

Reclassification of Shariah status risk

The risk refers to the risk that the currently held Shariah-compliant securities in the portfolio of Shariah-based funds may be reclassified to be Shariah non-compliant upon review of the securities by the Shariah Advisory Council of the Securities Commission performed twice yearly. If this occurs, the value of the Fund may be adversely affected where the Manager will take the necessary steps to dispose of such securities in accordance with the Shariah Advisory Council's advice.

Collective investment scheme risk

This risk is associated with the Fund's investment in CIS exposing the Fund to the inherent investment risks faced by the CIS. The fund may also be exposed to liquidity risk which may arise from the inability of the CIS to meet redemption amounts, as well as the risk of not being aligned with the Fund's mandate in the event the CIS that the Fund is invested into breaches its asset allocation limits. Therefore, should any of the risks faced by the CIS materialised, the performance of the Fund will be affected.

3 FAIR VALUE ESTIMATION

Financial instruments comprise financial assets and financial liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of financial assets traded in active markets (such as trading securities) is based on quoted market prices at the close of trading on the financial year end date. The Fund utilises the bid price for financial assets which falls within the bid-ask spread.

An active market is a market in which transactions for the asset take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

3 FAIR VALUE ESTIMATION (CONTINUED)

The fair value of financial assets and financial liabilities that are not traded in an active market is determined by using valuation techniques.

(i) Fair value hierarchy

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Fund's financial assets and financial liabilities (by class) measured at fair value:

	<u>Level 1</u> RM	<u>Level 2</u> RM	<u>Level 3</u> RM	<u>Total</u> RM
<u>2024</u>				
Financial assets at fair value through profit or loss				
- Shariah-compliant collective Investment schemes	38,661,868	-	-	38,661,868
- Shariah-compliant exchange- traded funds	24,221,481	-	-	24,221,481
	<u>62,883,349</u>	<u>-</u>	<u>-</u>	<u>62,883,349</u>

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

3 FAIR VALUE ESTIMATION (CONTINUED)

(i) Fair value hierarchy (continued)

	<u>Level 1</u> RM	<u>Level 2</u> RM	<u>Level 3</u> RM	<u>Total</u> RM
<u>2023</u>				
Financial assets at fair value through profit or loss				
- Shariah-compliant collective Investment schemes	29,864,133	-	-	29,864,133
- Shariah-compliant exchange-traded funds	28,134,792	-	-	28,134,792
	<u>57,998,925</u>	<u>-</u>	<u>-</u>	<u>57,998,925</u>
Financial liabilities at fair value through profit or loss				
- forward foreign currency contracts	-	94,328	-	94,328
	<u>-</u>	<u>94,328</u>	<u>-</u>	<u>94,328</u>

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include active listed equities. The Fund does not adjust the quoted and published prices for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include forward foreign currency contracts. As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

- (ii) The carrying values of cash and cash equivalents, amount due from Manager, dividends receivable and all current liabilities except forward foreign currency contracts are a reasonable approximation of the fair values due to their short-term nature.

4 MANAGEMENT FEE

In accordance with the Deed, the Manager is entitled to a management fee at a rate not exceeding 5.00% per annum on the NAV of the Fund, calculated on a daily basis.

For the financial year ended 29 February 2024, the management fee is recognised at a rate of 1.05% (2023: 1.05%) per annum on the NAV of the Fund, calculated on a daily basis, as stated in the Fund's Prospectus.

There will be no further liability to the Manager in respect of management fee other than the amounts recognised above.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

5 TRUSTEE FEE

In accordance with the Deed, the Trustee is entitled to an annual fee at a rate not exceeding 0.10% per annum on the net asset value (“NAV”) of the Fund, excluding of foreign custodian fees and charges.

For the financial year ended 29 February 2024, the Trustee’s fee is recognised at a rate of 0.045% (2022: 0.045%) per annum on the NAV of the Fund, excluding of foreign custodian fees and charges, calculated on a daily basis, as stated in the Fund’s Prospectus.

There will be no further liability to the Trustee in respect of Trustee fee other than the amounts recognised above.

6 TAXATION

	<u>2024</u> RM	Financial period from 5 October 2021 (date of launch) to 28 <u>February 2023</u> RM
Current taxation – local	54,845	70,000

7 FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	<u>2024</u> RM	<u>2023</u> RM
Financial assets at fair value through profit or loss:		
- Shariah-compliant collective investment schemes – local	27,101,648	19,965,101
- Shariah-compliant collective investment schemes – foreign	11,560,220	9,899,032
- Shariah-compliant exchange-traded funds – foreign	24,221,481	28,134,792
	<u>62,883,349</u>	<u>57,998,925</u>
Net gain/(loss) on financial assets at fair value through profit or loss		
- realised gain/(loss) on sale of investment	2,872,475	(715,521)
- unrealised gain/(loss) on changes in fair value	6,898,203	(4,333,287)
- management fee rebate on collective investment schemes #	216,867	220,190
	<u>9,987,546</u>	<u>(4,828,618)</u>

In arriving at the fair value of the Fund's investment in a collective investment schemes, the management fee initially paid to the Manager of collective investment schemes, has been considered as part of its net asset value. In order to minimise the impact of management fees charged by the fund manager, management fee charged on the Fund's investment in the collective schemes has been refunded to the Fund. Accordingly, any rebate of management received from the Manager of collective investment schemes, is reflected as an increase in the net asset value of the collective investment schemes.

8 FORWARD FOREIGN CURRENCY CONTRACTS

As at the date of the statement of financial position, there is no forward foreign currency contract outstanding. As at the 28 February 2023, there is one forward foreign currency contract outstanding. The notional principal amount of the outstanding forward foreign currency contracts amounted to RM3,874,088. The forward foreign currency contracts entered into during the financial period were for hedging against the currency exposure arising from the investments denominated in United State Dollar. As the Fund has not adopted hedge accounting during the financial period, the change in the fair value of the forward foreign currency contracts are recognised immediately in the statement of comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 29 FEBRUARY 2024 (CONTINUED)

16 SIGNIFICANT EVENT DURING THE FINANCIAL YEAR

Change in substantial shareholders of immediate holding company of the Manager, i.e. AHAM Asset Management Berhad

On 19 April 2023, Nikko Asset Management International Limited ("NAMI") has divested all its equity interest of 27% in AHAM Asset Management Berhad to Nikko Asset Management Co., Ltd ("NAM") for 20% and remaining 7% of the equity interest to Lembaga Tabung Angkatan Tentera ("LTAT"), resulting in both NAM and LTAT becoming substantial shareholders of the immediate holding company of the Manager.

AIIAMAN SMART INVEST PORTFOLIO - GROWTH

STATEMENT BY THE MANAGER

I, Akmal Bin Hassan as the Managing Director of **AIIAMAN Asset Management Sdn Bhd**, do hereby state that in my opinion as the Manager, the financial statements set out on pages 1 to 37 are drawn up in accordance with the provisions of the Deed and give a true and fair view of the financial position of the Fund as at 29 February 2024 and of its financial performance, changes in net assets attributable to unitholders, and cash flows for the financial year ended 29 February 2024 in accordance with the Malaysian Financial Reporting Standards and International Financial Reporting Standards.

For and on behalf of the Manager,
AIIAMAN ASSET MANAGEMENT SDN BHD

AKMAL HASSAN
EXECUTIVE DIRECTOR/MANAGING DIRECTOR

Kuala Lumpur
30 April 2024

INDEPENDENT AUDITORS' REPORT TO THE UNITHOLDERS OF AIIMAN SMART INVEST PORTFOLIO - GROWTH

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our opinion

In our opinion, the financial statements of Aiiman Smart Invest Portfolio - Growth (“the Fund”) give a true and fair view of the financial position of the Fund as at 29 February 2024, and of its financial performance and its cash flows for the financial year ended then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

What we have audited

We have audited the financial statements of the Fund, which comprise the statement of financial position as at 29 February 2024, and the statement of comprehensive income, statement of changes in net assets attributable to unitholders and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 1 to 41.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the “Auditors’ responsibilities for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants (“By-Laws”) and the International Ethics Standards Board for Accountants’ International Code of Ethics for Professional Accountants (including International Independence Standards) (“IESBA Code”), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

INDEPENDENT AUDITORS' REPORT
TO THE UNITHOLDERS OF AIIMAN SMART INVEST PORTFOLIO - GROWTH
(CONTINUED)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Information other than the financial statements and auditors' report thereon

The Manager of the Fund is responsible for the other information. The other information comprises the Manager's Report, but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager for the financial statements

The Manager of the Fund is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to terminate the Fund, or has no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Auditors' responsibilities for the audit of the financial statements (continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- (d) Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
