Diversify your EPF savings with Affin Hwang AM

EPF Members Investment Scheme ("EPF-MIS") is a voluntary investment scheme introduced in November 1996 as an option for EPF members to boost their retirement savings.

Under this scheme, members have a choice to transfer not more than 30% from the savings in excess of the Basic Savings amount in Account 1 into unit trust products offered by the appointed Fund Management Institutions ("FMI").

Benefits of EPF-MIS

- An opportunity to diversify your retirement savings
- Variety of funds to choose from depending on your objective and risk level
- Potentially give you higher returns and boost the total value of your EPF savings
- No cash investment required
- Effective alternative to long-term investments
- Overseas investment exposure

Eligibility

- EPF members
- Age 18-54
- Have savings above the prescribed Basic Savings amount in Account 1

What is Basic Savings?

Basic Savings refers to the minimum amount of savings that members need in order to support their basic retirement needs when they reach their retirement age.

It is a pre-determined amount set according to age in Account 1 - the older a person, the higher the basic savings requirement.

Basic Savings Schedule

Age	Basic Savings (RM)	Age	Basic Savings (RM)	Age	Basic Savings (RM)
18	2,000	31	39,000	44	116,000
19	4,000	32	43,000	45	125,000
20	6,000	33	47,000	46	134,000
21	8,000	34	52,000	47	144,000
22	10,000	35	57,000	48	154,000
23	13,000	36	62,000	49	164,000
24	15,000	37	68,000	50	175,000
25	18,000	38	74,000	51	187,000
26	21,000	39	80,000	52	199,000
27	24,000	40	86,000	53	212,000
28	27,000	41	93,000	54	226,000
29	31,000	42	101,000	55	240,000
30	35,000	43	108,000		

How Does EPF-MIS Work?

30% from the savings in excess of Basic Savings amount in Account 1

Calculation:
Total savings in EPF Account 1 – Basic Savings required in EPF Account 1 x 30%

Example:
Irina is a 35-year old EPF member and she has RM80,000 in her EPF account. Her Basic Savings requirement in Account 1 is RM57,000. The permitted withdrawal for EPF-MIS will be (RM80,000 - RM57,000) x 30% = RM6,900

The minimum amount of savings that can be withdrawn is RM1,000 and is subject to the availability of excess savings based on the Basic Savings Requirement in Account 1.
