# RISK FACTORS

This section of the Prospectus provides you with information on the general risks involved when investing in a unit trust fund and the specific risks associated with the securities/instruments that the Fund will be investing in.

---

## GENERAL RISKS

---

### **Market risk**

Market risk arises because of factors that affect the entire market place. Factors such as economic growth, political stability and social environment are some examples of conditions that have an impact on businesses, whether positive or negative. Market risk cannot be eliminated but may be reduced through diversification. It stems from the fact that there are economy-wide perils, or instances of political or social instability which threaten all businesses. Hence, the Fund will be exposed to market uncertainties and fluctuations in the economic, political and social environment that will affect the market price of the investments either in a positive or negative way.

### **Fund management risk**

This risk refers to the day-to-day management of the Fund by us which will impact the performance of the Fund. For example, investment decisions undertaken by us as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the Deed, relevant law or guidelines due to factors such as human error, fraud, dishonesty or weaknesses in operational process and systems, may adversely affect the performance of the Fund.

### **Performance risk**

The performance of the Fund depends on the financial instruments that the Fund purchases. If the instruments do not perform within expectation or if there is a default, then, the performance of the Fund will be impacted negatively. The performance of the Fund may also be impacted if the allocation of assets is not properly done. This is where the experience and expertise of the fund managers are important and the risk on the lack of experience and expertise of the fund managers has been highlighted above. On that basis, there is never a guarantee that investing in the Fund will produce the desired investment returns or distribution of income.

### **Inflation risk**

This is the risk that your investment in the Fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.

### **Liquidity risk**

Liquidity risk refers to two scenarios. The first scenario is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment to be sold below its fair value which would adversely affect the NAV of the Fund and subsequently the value of Unit Holders' investments in the Fund.

### **Operational risk**

This risk refers to the possibility of a breakdown in our internal controls and policies. The breakdown may be a result of human error, system failure or fraud where our employees collude with one another. This risk may cause monetary loss and/or inconvenience to you. We will review our internal policies and system capability to mitigate instances of this risk. Additionally, we maintain a strict segregation of duties to mitigate instances of fraudulent practices amongst our employees.

### **Financing risk**

This risk occurs when you take a financing to finance your investment. The inherent risk of investing with financed money includes you being unable to service the financing payments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower NAV per Unit as compared to the NAV per Unit at the point of purchase towards settling the financing.

### **Suspension of repurchase request risk**

Having considered the best interests of Unit Holders, the repurchase requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the Fund's assets cannot be determined. In such case, Unit Holders will not be able to redeem their Units and will be compelled to remain invested in the Fund for a longer period of time than original timeline. Hence, their investments will continue to be subject to the risks inherent to the Fund.

## **SPECIFIC RISKS**

### **Shariah-compliant stock specific risk**

Prices of a particular Shariah-compliant stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such Shariah-compliant stock held by the Fund will adversely affect the Fund's NAV.

### **Shariah-compliant warrants investment risk**

The value of the Shariah-compliant warrants will depend on the pricing of the underlying securities whereby the growth and performance prospect of the underlying securities would consequentially affect the value of the Shariah-compliant warrants. In addition, the value of the Shariah-compliant warrants may decrease exponentially as the Shariah-compliant warrants approach their maturity date and the potential gains from a favourable price movement of the underlying securities may be offset by aggressive time decay. We may consider unwinding these Shariah-compliant warrants if there are material adverse changes to their value with the aim to mitigate the risk.

### **Credit and default risk**

Credit risk relates to the creditworthiness of the issuers of the Islamic money market instruments and the Financial Institutions where the Islamic deposits are placed (hereinafter referred to as "investment") and their expected ability to make timely payment of profit and/or principal. Any adverse situations faced by the issuer and/or the Financial Institutions may impact the value as well as liquidity of the investment. In the case of rated investments, this may lead to a credit downgrade. Default risk relates to the risk of an issuer and/or Financial Institution either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the investment. This could adversely affect the value of the Fund.

### **Profit rate risk**

Islamic money market instruments are subject to profit rate fluctuations. Generally, movement in profit rates affects the prices of Islamic money market instruments inversely. For example, when profit rates rise, prices of Islamic money market instruments will fall. The fluctuations of the prices of Islamic money market instruments will also have an impact on the NAV of the Fund. This risk can largely be eliminated by holding the Islamic money market instruments until their maturity. We also manage profit rate risk by considering each Islamic money market instruments' sensitivity to profit rate changes. When profit rates are expected to increase, the Fund would then likely seek to switch to Islamic money market instruments that are less sensitive to profit rate changes. For investments into Islamic deposits, the fluctuations in the profit rates will not affect the placement of Islamic deposits but will result in the opportunity loss by the Fund if the placement of Islamic deposits is made at lower profit rate.

### **Islamic embedded derivatives risk**

The NAV of the Fund will be impacted by the valuation of the Islamic embedded derivatives. Factors that may impact the valuation of the Islamic embedded derivatives will include, but not limited to movement of the underlying assets, volatility of the underlying assets, profit rate levels, the correlation of the underlying assets and other such factors. Any change in the aforesaid factors would either positively or negatively impact the valuation of the Islamic embedded derivatives hence impacting the NAV of the Fund. As such, the Fund's NAV will be exposed to potential price volatility, which will be dependent on the valuation of the Islamic embedded derivatives that the Fund invests in.

**Counterparty risk**

Counterparty risk concerns the Fund's investment in Islamic derivatives and Islamic embedded derivatives (hereinafter referred to as "Investments"). Counterparty risk is prevalent as the Investments are dependent on the ongoing ability and willingness of the Islamic OTC derivative counterparty ("issuer") to fulfil their respective financial commitments to the Fund in a timely manner. Bankruptcy, fraud or regulatory non-compliance arising out of and/or in connection with the issuer may impair the operations and/or the performance of the Fund. However, we will conduct stringent credit selection process of the issuer of the Investments prior to commencement of Investments and the monitoring mechanisms established by us may potentially mitigate this risk. If we are of the opinion there is material adverse change to an issuer, we may consider unwinding the issuer's Investments to mitigate potential losses that may arise.

**Islamic collective investment scheme risk**

Any adverse effect on the Islamic collective investment scheme which the Fund is investing in will impact the NAV of the Fund. For example, the respective Islamic collective investment schemes may underperform its benchmarks due to poor market conditions and as a result, the NAV of the Fund will be adversely affected as the performance of the Fund is dependent on the performance of the respective Islamic collective investment schemes. In addition, any mismanagement of the Islamic collective investment scheme or poor decisions taken on the Islamic collective investment scheme may adversely affect the NAV of the Islamic collective investment scheme and hence the Fund.

**Country risk**

Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund or prices of Units to fall.

**Currency risk**

As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuation in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. You should be aware that if the currencies in which the investments are denominated depreciate against the Base Currency, this will have an adverse effect on the NAV of the Fund in the Base Currency and vice versa. You should also note that any gain or loss arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

**Currency risk at the Hedged-class level**

Currency hedging reduces the effect of exchange rate movements for the Hedged-class, but it does not entirely eliminate currency risk between the Hedged-class and the Base Currency (not a perfect hedge). Hence, the unhedged portion of the respective Hedged-class will still be affected by the exchange rate movements and it may cause fluctuation of NAV of the respective Hedged-class. You should note, however, that if the exchange rate moves favourably, the Hedged-class would not benefit from any upside in currency movement due to the hedging strategy. In addition, hedging is subject to a minimum investment size of entering into a forward contract and the cost of hedging may affect returns of the respective Hedged-class.

**Legal and Regulatory Risk**

The Fund must comply with regulatory constraints or changes in the laws affecting it or its investment restrictions which might require a change in the investment policy and objective adopted by the Fund. Furthermore, such changes in the laws may have an impact on the market sentiment which may in turn affect the performance of the Fund. It is impossible to predict whether such impact caused by any change in the law will be positive or negative for the Fund. In the worst case scenario, a Unit Holder may lose all his investments in the Fund.

### **Reclassification of Shariah-status Risk**

This risk refers to the risk that the currently held Shariah-compliant securities in the Fund may be reclassified to be Shariah non-compliant in the periodic review of the securities by the SAC of the SC, the Shariah Adviser or the Shariah boards of the relevant Islamic indices. If this occurs, we will take the necessary steps to dispose of such securities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant securities. We will be required to dispose of these securities immediately if the prices are above the purchase price. Should the prices be below the purchase price, we may choose to hold on to these holdings until the prices meet the purchase price. Nevertheless, should we decide to dispose of these securities below the purchase price, the Fund will be faced with the risk of realising its losses, thus negatively impacting the NAV of the Fund. Please refer to “*Shariah Investment Guidelines*” of this Prospectus on the Fund’s Shariah methodology on the treatment of gains and losses as a result of the reclassification of Shariah non-compliant securities.

### **Shariah non-compliance risk**

As the Fund can only invest in Shariah-compliant investments, there is always a risk that losses may be suffered by the Fund when we are forced to dispose investments to rectify any Shariah non-compliance. This risk is mitigated through the appointment of a Shariah Adviser, who will be responsible to ensure that the Fund is managed and administered in accordance with Shariah requirements.

## **RISK MANAGEMENT**

In our day-to-day running of the business, we employ a proactive risk management approach to manage portfolio risks, operational risks and liquidity risks. The Board has established a board compliance and risk management committee to oversee AHAM’s risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance and risk management committee comprises of at least three (3) Board members and is chaired by an independent director. At the operational level, we have established a compliance and risk oversight committee with the primary function of identifying, evaluating and monitoring risks as well as to formulate internal control measures to manage and mitigate the exposure to risks that may affect the performance of the Fund, returns to the investors or Unit Holders’ interest within a clearly defined framework and is primarily responsible for ensuring that the policies and procedures that have been implemented are reviewed on an on-going basis with periodic assessments. The compliance and risk oversight committee reports to the board compliance and risk management committee on a quarterly basis.

In managing portfolio risks, we engage a stringent screening process by conducting fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors. Regular meetings are held to discuss investment themes and portfolio decisions taken at the meetings are then implemented according to the investment guidelines which also take into account requirements for minimum portfolio diversification across individual investment holdings, sectors, geographies and asset classes (based on the respective portfolio’s objective and strategy). We also practise prudent liquidity management with the objective to ensure that the Fund is able to meet its short-term expenses including repurchase requests by the Unit Holders.

We have in place a system that is able to monitor the transactions to ensure compliance with the Fund’s investment limits and restrictions. These limits are system-controlled and not manually tracked, thus reducing the probability of human error occurring in ensuring the Fund’s limits and restrictions are adhered to. We also undertake stringent evaluation of movements in market prices and regularly monitor, review and report to the person(s) or members of a committee undertaking the oversight function of the Fund to ensure that the Fund’s investment objective is met. Regular portfolio reviews by senior members of the investment team further reduce the risk of implementation inconsistencies and violations of the Guidelines.

We also have in place a credit risk management process to reduce counterparty risk of Islamic derivatives and Islamic embedded derivatives whereby such risk arises when the counterparties are not able to meet their contractual obligations. Prior to entering into a contract with the counterparty, we will conduct an evaluation on the credit standing of the counterparties to ensure they are able to meet their contractual obligations. It is important to note that an event of downgrade does not constitute a default. If we are of the view that the downgrade in the rating of the counterparty may lead to high credit risk, we will not hesitate to take pre-emptive measures to unwind these positions.

We also employ a performance attribution system that enables us to review the performance of the Fund to determine the key factors that have contributed to and detracted from the Fund's performance. This system complements our overall risk management process as the system also provides standard risk analytics on the portfolio such as the Fund's standard deviation, tracking error and measures of excess return. The data produced by the performance attribution system is reviewed regularly and at least on a monthly basis in meetings chaired by the managing director and participated by the portfolio managers and the performance evaluation team.

### **Liquidity Risk Management**

We have established liquidity risk management policies to enable us to identify, monitor and manage the liquidity risk of the Fund in order to meet the repurchase requests from the Unit Holders with minimal impact to the Fund as well as safeguarding the interests of the remaining Unit Holders. Such policies take into account, amongst others, the asset class of the Fund and the redemption policy of the Fund. To manage the liquidity risk, we have put in place the following procedures:

- a) The Fund may hold a maximum of 30% of its NAV in Islamic money market instruments and/or Islamic deposits. This will allow the Fund to have sufficient buffer to meet the Unit Holders' repurchase request;
- b) Regular review by the designated fund manager on the Fund's investment portfolio including its liquidity profile;
- c) Daily monitoring of the Fund's net flows and periodic liquidity stress testing of the Fund's assets against repurchase requests during normal and adverse market conditions are performed as pre-emptive measures in tracking the Fund's liquidity status. This will ensure that we are prepared and able to take the necessary action proactively to address any liquidity concerns, which would mitigate the potential risks in meeting Unit Holders' repurchase requests; and
- d) Suspension of repurchase requests from the Unit Holders under exceptional circumstances where the market value or fair value of a material portion of the Fund's assets cannot be determined. During the suspension period, the repurchase requests from the Unit Holders will be accepted but will not be processed. Such repurchase requests will be processed on the next Business Day once the suspension is lifted. That said, the action to suspend repurchase requests from the Unit Holders shall be exercised only as a last resort by the Manager having considered the best interests of Unit Holders.

**! It is important to note that events affecting the investments cannot always be foreseen. Therefore, it is not possible to protect investments against all risks. You are recommended to read the whole Prospectus to assess the risks associated with the Fund. If necessary, you should consult your professional adviser(s) for a better understanding of the risks.**

The Fund seeks to invest in companies that we believe will enjoy superior growth through their exposure to a number of investment themes and that we believe to be powerful, durable and where these growth prospects are not fully reflected in market expectations. These investment themes may include, but may not be limited to, disruption, healthcare innovation, smart manufacturing, changing lifestyles, urbanisation and themes relating to climate, energy transition and sustainability.

To achieve its investment objective, the Fund will also have the flexibility to hold exposure of up to 20% of the Fund's NAV in Islamic collective investment schemes that have similar investment objective to the Fund. The Fund will also have the flexibility to hold exposure of up to 10% of the Fund's NAV in unlisted Shariah-compliant securities.

### Foreign Investment

To meet its investment objective, the Fund may invest up to 100% of its NAV in investments listed or traded globally which are Shariah-compliant. The Fund will only invest in countries which are eligible markets.

### **Islamic Derivatives and Islamic Embedded Derivatives**

Islamic derivatives trades may be carried out for hedging purposes through Islamic financial instruments including, but not limited to, Islamic foreign currency forwards, Islamic cross currency swaps and other Islamic derivatives that are approved by the Shariah Adviser. These instruments may be used to hedge the principal and/or the returns of the foreign-currency denominated investments back to the Base Currency. The intention of hedging is to preserve the value of the asset from any adverse price movements. For example, to hedge against foreign currency exchange risk, the Fund may enter into an Islamic foreign currency forward contract to offset any adverse foreign currency movements by determining an agreed rate for an agreed tenure with its counterparty. While the hedging strategy will assist with mitigating the potential foreign exchange losses by the Fund, any potential foreign exchange gains from the hedging strategy will be capped as well.

The Fund may also invest into Islamic embedded derivatives such as Shariah-compliant equity linked notes. Investment into these Islamic embedded derivatives will provide the Fund with the exposure to the reference asset. Each of these Islamic embedded derivatives has its own targeted maturity and will expose the Fund to the price fluctuations of, in the case of a Shariah-compliant equity linked note, the credit that the Shariah-compliant equity linked note is linked to. As a result, any fluctuation in the price of the Islamic embedded derivatives may also lead to fluctuations in the NAV of the Fund, i.e. if the price of the Islamic embedded derivatives sees a drop in price, the NAV of the Fund will also be negatively impacted. As the Islamic embedded derivative is structured by an external party, investments in Islamic embedded derivative will also expose the Fund to counterparty risk, which we will attempt to mitigate by carrying out a stringent selection process on its counterparty prior to an investment being made. Risk into Islamic embedded derivatives will also be mitigated by limiting the Fund's total exposure to not more than 10% of the Fund's NAV.

The Fund adopts commitment approach to measure the Fund's global exposure to Islamic derivatives and Islamic embedded derivatives. The commitment approach is a methodology that aggregates the underlying market values or notional values of Islamic derivatives and/or Islamic embedded derivatives after taking into account the possible effects of netting and/or hedging arrangements. The Fund's global exposure from the Islamic derivatives position must not exceed 100% of NAV of the Fund at all times.

### **Temporary Defensive Position**

We hold the option to take temporary defensive positions that may be inconsistent with the Fund's principal investment strategy and asset allocation to protect the Fund against adverse market conditions that may impact the financial markets. To manage the risk of the Fund, we may shift the Fund's assets to be temporarily invested in Islamic money market instruments and/or Islamic deposits.

### **Cross Trades Policy**

We may conduct cross trades between funds which we are currently managing provided that all criteria imposed by the regulators are met. Notwithstanding the above, cross trades between the personal account of our employee and the Fund's account(s), and between our proprietary trading accounts and the Fund's account(s) are strictly prohibited. Compliance with the criteria would be monitored by our compliance unit, and reported to our compliance and risk management committee, to avoid conflict of interests and manipulation that could have a negative impact on investors.

## SHARIAH INVESTMENT GUIDELINES

The following are the Shariah investment guidelines for the Fund, which the Manager is to strictly adhere to on a continuous basis. At all times, the Fund shall invest in investment instruments that are allowed under Shariah principles and shall not invest in instruments that are prohibited by Shariah principles based on the Shariah Adviser's established parameters as below, where applicable.

### ***Investment in Malaysia***

#### **Equity**

The Fund will invest based on a list of listed Shariah-compliant equities (inclusive of Shariah-compliant warrant) issued by the SAC of the SC.

For initial public offering (IPO) companies and unlisted Shariah compliant securities that have yet to be determined the Shariah status by the SAC of the SC, the Shariah Adviser adopts the following analysis as a temporary measure in determining its Shariah status until the SAC of the SC releases the Shariah status of the respective companies.

#### (1) Qualitative analysis

In this analysis, the Shariah Adviser will look into aspects of general public perception of the companies' images, core businesses which are considered important and *maslahah* (beneficial) to the Muslim *ummah* (nation) and the country. The non-permissible elements are very small and involve matters like *umum balwa* (common plight and difficult to avoid), *'uruf* (custom) and rights of the non-Muslim community which are accepted under the Shariah.

#### (2) Quantitative analysis

Companies which passed the above qualitative analysis will be further subjected to quantitative analysis. The Shariah Adviser deduces the following to ensure that they are lower than the Shariah tolerable benchmarks:

(a) Business activity benchmarks

The 5 per cent benchmark would be applicable to the following business activities:

- Conventional banking and lending;
- Conventional insurance;
- Gambling;
- Liquor and liquor-related activities;
- Pork and pork-related activities;
- Non-halal food and beverages;
- Shariah non-compliant entertainment;
- Tobacco and tobacco-related activities;
- Interest income from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitrator);
- Dividends from Shariah non-compliant investments; and
- Other activities deemed non-compliant according to Shariah principles as determined by the SAC of the SC.

The 20 per cent benchmark would be applicable to the following activities:

- Share trading;
- Stockbroking business;
- Rental received from Shariah non-compliant activities; and
- Other activities deemed non-compliant according to Shariah principles as determined by the SAC of the SC.

The above-mentioned contribution of Shariah non-compliant businesses/activities to the overall revenue/sales/turnover/income and profit before tax of the companies will be calculated and compared against the relevant business activity benchmarks i.e. must be less than 5 per cent and less than 20 per cent respectively as stated above.

(b) Financial ratio benchmarks

The financial ratios applied are as follows:

- Cash over total assets:  
Cash will only include cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments will be excluded from the calculation.
- Debt over total assets:  
Debt will only include interest-bearing debt whereas Islamic financing or sukuk will be excluded from the calculation.

Each of these ratios, which are intended to measure *riba'* and *riba'*-based elements within a company's statement of financial position, must be less than 33 per cent. Should any of the above deductions fail to meet the benchmarks, the Shariah Adviser will not accord Shariah-compliant status for the companies.

**Foreign Investment**

The Fund shall invest in securities (inclusive of Shariah-compliant warrant) listed under the list of Shariah-compliant securities issued by any Shariah indices commonly accepted and recognised internationally including but not limited to Dow Jones Islamic Market World Index.

Any foreign securities which are not certified by the local Shariah governing bodies of the respective countries or listed under the list of Shariah-compliant securities issued by Shariah indices recognized internationally shall be determined in accordance with the ruling issued by the Shariah Adviser as follows:

(1) Sector-based screens

The Shariah investment guidelines do not allow investment in companies which are directly active in, or derive more than 5% of their revenue or profit before taxation (cumulatively) from, the following activities (“prohibited activities”):

- Alcohol;
- Tobacco;
- Pork-related products;
- Conventional financial services (banking, insurance, etc.);
- Weapons and defense; and
- Entertainment (hotels, casinos/gambling, cinema, pornography, music, etc).

(2) Accounting-based screens

The accounting-based screens applied are as follows and must be less than 33%:

- (a) Total debt over trailing 24-months average market capitalization;
- (b) The sum of a company’s cash and interest-bearing securities divided by trailing 24-months average market capitalization; and
- (c) Accounts receivables divided by trailing 24-months average market capitalization.

Should any of the above deductions fail to meet the benchmarks, the Shariah Adviser will not accord Shariah-compliant status for the companies.

The Fund is to acquire only the following Shariah-compliant instruments:

**1. Islamic Money Market Instruments**

The Fund will invest in Islamic money market instruments approved by the SAC of BNM and/or Shariah Adviser. The Shariah Adviser will review any Islamic money market instruments to be invested by the Fund based on the data available at :

- Bond info hub ([www.bondinfo.bnm.gov.my](http://www.bondinfo.bnm.gov.my))
- Fully automated system for issuing/tendering (<http://fast.bnm.gov.my>)

For investment in foreign markets, Islamic money market instruments that are endorsed by other Shariah adviser or committee must be approved by the Shariah Adviser upon review of the relevant documents e.g. principal terms and conditions and Shariah pronouncements or approvals.

**2. Investment in Islamic Deposits**

Islamic deposits shall be placed with financial institutions licensed under the Islamic Financial Services Act 2013 and/or Financial Services Act 2013, whichever is appropriate. For the avoidance of doubt, only Islamic account is permitted for placement of deposits with institutions licensed under the Financial Services Act 2013. The Fund is also prohibited from investing in interest-bearing deposits and recognizing any interest income.

**3. Investment in Islamic Collective Investment Schemes**

The Fund shall invest in Islamic collective investment schemes which must be regulated and registered or authorised or approved by the relevant authority in its home jurisdiction.

**4. Islamic Derivatives**

Islamic derivatives that are endorsed by other Shariah advisers or committees must be approved by the Shariah Adviser upon review of the relevant documents e.g. principal terms and conditions and Shariah pronouncements or approvals.

## 5. Islamic Embedded Derivatives

Islamic embedded derivatives that are endorsed by other Shariah advisers or committees must be approved by the Shariah Adviser upon review of the relevant documents e.g. principal terms and conditions and Shariah pronouncements or approvals.

### Any other investments

For avoidance of doubt, the documents relating to the Shariah compliant liquidity management instrument should be submitted for prior approval by the Shariah Adviser.

Where the Shariah Adviser requests a change to the Shariah investment guidelines, it shall give the Manager a reasonable period of time to effect such change in the Prospectus in accordance with the requirements of any applicable law and regulation.

### Purification Process for the Fund

#### (a) Shariah Non-compliant Investment

This refers to Shariah non-compliant investment made by the Manager, if applicable. The said investment will be disposed of or withdrawn with immediate effect or within a month of knowing the status of the investment. In the event of the investment resulted in gain (through capital gain and/or dividend and/or profit) received before or after the disposal of the investment, the gain is to be channeled to baitulmal and/or any other charitable bodies as advised by the Shariah Adviser. The Fund has the right to retain only the investment cost. If the disposal of the investment resulted in losses to the Fund(s), the losses are to be borne by the Manager.

#### (b) Reclassification of Shariah Status of the Fund's Investment

These refer to securities which were earlier classified as Shariah-compliant but due to certain factors, such as changes in the companies' business operations and financial positions, are subsequently reclassified as Shariah non-compliant. In this regard, if on the date the Shariah-compliant securities turned Shariah non-compliant, the respective market price of Shariah non-compliant securities exceeds or is equal to the investment cost, the Fund that hold such Shariah non-compliant securities must dispose them off. Any dividends received up to the date of the announcement/review and capital gains arising from the disposal of the Shariah non-compliant securities on the date of the announcement/review can be kept by the Fund.

However, any dividends received and excess capital gain from the disposal of Shariah non-compliant securities after the date of the announcement/review at a market price that is higher than the closing price on the date of the announcement/review should be channeled to baitulmal and/or charitable bodies advised by the Shariah Adviser.

On the other hand, the Fund is allowed to hold its investment in the Shariah non-compliant securities if the market price of the said securities is below the Fund's investment costs. It is also permissible for the Fund to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held equal the investment cost. At this stage, they are advised to dispose of their holding.

In addition, during the holding period, the Fund is allowed to subscribe to:

- (a) any issue of new Shariah-compliant securities by a company whose Shariah non-compliant securities are held by the Fund, for example rights issues, bonus issues, special issues and warrants (excluding Shariah-compliant securities whose nature is Shariah non-compliant e.g. loan stocks); and
- (b) Shariah-compliant securities of other companies offered by the company whose Shariah non-compliant securities are held by the Fund,

on condition that it expedite the disposal of the Shariah non-compliant securities.

Where the Fund invests in securities (save for sukuk, money market instruments, deposit, liquid assets and equities or equities related i.e. warrants, right issue etc) earlier classified as Shariah-compliant but considered to have become Shariah non-compliant (by the Shariah adviser appointed by the issuer of that security) then guidance from the Shariah Adviser should be obtained.

Where the Fund invests in sukuk, money market instruments, deposits, liquid assets or equities or equities related earlier classified as Shariah-compliant that are subsequently determined, regarded or deemed to be Shariah non-compliant as a result of a new or previously unknown fatwa/ruling and/or upon advice by the Shariah Adviser, the Manager would be required to sell such sukuk, money market instruments or equities or equities related, or withdraw such deposits, or liquid assets, as soon as practicable of having notice, knowledge or advice of the status of such instruments. Any profit/gain received from such instruments prior to the occurrence of the aforesaid event shall be retained by the Fund. Any profit/gain received subsequent to the occurrence of the aforesaid event shall be channelled to baitulmal and/or charitable bodies, as advised by the Shariah Adviser.

**The investment portfolio of the Fund comprises of instruments that are classified as Shariah-compliant by the SAC of the SC, where applicable by the SAC of BNM or by any Shariah indices recognized internationally including but not limited to Dow Jones Islamic Market World Index. For instruments which are not classified as Shariah-compliant by the SAC of the SC, where applicable by the SAC of BNM or by any Shariah indices recognized internationally including but not limited to Dow Jones Islamic Market World Index, the instruments will be determined in accordance with the ruling by the Shariah Adviser.**

## VALUATION OF THE FUND

We will ensure that the valuation of the Fund is carried out in a fair manner in accordance to the relevant laws and the Guidelines. We will obtain the daily price or value of the assets for the purpose of valuing the Fund in accordance to the Malaysian Financial Reporting Standard 9 issued by the Malaysian Accounting Standards Board. In the absence of daily price or value of the assets, we will use the latest available price or value of the assets respectively.

### ➤ **Listed Shariah-compliant securities**

Valuation of investment in listed Shariah-compliant securities shall be based on the closing price or last known transacted price on the eligible market on which the investment is quoted. If the price is not representative of its fair value or is not available to the market, including in the event of suspension in the quotation of the listed Shariah-compliant securities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, the investments will be valued at fair value as determined in good faith by the Manager and its delegate, based on the methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

### ➤ **Unlisted Shariah-compliant securities**

For unlisted Shariah-compliant securities, valuations will be based on fair value as determined in good faith by the Manager using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

### ➤ **Islamic deposits**

Valuation of Islamic deposits placed with Financial Institutions will be done by reference to the principal value of such investments and the profits accrued thereon for the relevant period.

### ➤ **Islamic money market instruments**

Valuation of MYR denominated Islamic money market instruments will be done using the price quoted by a bond pricing agency ("BPA") registered with the SC. For non-MYR denominated Islamic money market instruments, valuation will be done using an average of quotations provided by reputable Financial Institutions. Where the Manager is of the view that the price quoted by BPA differs from their fair value or where reliable market quotations are not available, the fair value will be determined in good faith by the Manager. This may be determined by reference to the valuation of other Islamic money market instruments which are comparable in rating, yield, expected maturity date and/or other characteristic.

### ➤ **Islamic collective investment schemes**

Unlisted Islamic collective investment schemes will be valued based on the last published repurchase price.

For listed Islamic collective investment schemes, valuation will be done in a similar manner used in the valuation of listed Shariah-compliant securities described above.

➤ **Islamic derivatives and Islamic embedded derivatives**

The valuation of Islamic derivatives and Islamic embedded derivatives will be based on the prices provided by the respective issuers. The issuers generate the market valuation through the use of their own proprietary valuation models, which incorporate all the relevant and available market data with respect to the Islamic derivatives and Islamic embedded derivatives (e.g. profit rates, movement of the underlying assets, volatility of the underlying assets, the correlation of the underlying assets and such other factors). For foreign exchange Islamic forward contracts ("FX Forwards"), interpolation formula is applied to compute the value of the FX Forwards based on the rates provided by Bloomberg or Refinitiv. If the rates are not available on Bloomberg or Refinitiv, the FX Forwards will be valued based on fair value as determined in good faith by the Manager, using methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

➤ **Any other investments**

Fair value as determined in good faith by us, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

***Investors are advised that certain types of securities are required to be held until such securities mature for the "actual value" to be realised. Any sale of such securities prior to its maturity may attract costs and penalties that would result in a value which is less than its "actual value". As such, any valuation of such securities (prior to its maturity) are merely indicative of what the value might be and does not represent the "actual value" of such securities.***

## VALUATION POINT FOR THE FUND

The Fund will be valued at 6.00 p.m. on every Business Day (or "trading day" or "T day"). However, if the Fund has exposure to investments outside of Malaysia, the Fund shall be valued at 11.00 a.m. on the next Business Day (or "T + 1 day"). All foreign assets are translated into the Base Currency based on the latest available bid exchange rate quoted by Bloomberg or Refinitiv at 4.00 p.m. (United Kingdom time) which is equivalent to 11.00 p.m. or 12.00 midnight (Malaysian time) on the same day, or at such time as stipulated in the investment management standards issued by the FIMM.

Minimum Repurchase Amount*	200 Units	200 Units	200 Units	200 Units
Minimum Holding of Units*	200 Units	200 Units	200 Units	200 Units

\* At our discretion, we may reduce the transaction value and Units, including for transactions made via digital channels, subject to terms and conditions disclosed in the respective channels.

## WHAT IS THE DIFFERENCE BETWEEN PURCHASING USD CLASS AND OTHER CLASSES?

- You should note that there are differences when purchasing Units of the USD Class and other Classes. For illustration purposes, assuming you have USD 10,000 to invest:

Class(es)	USD Class	MYR Hedged-class	SGD Hedged-class	AUD Hedged-class
NAV per Unit	USD 0.50	MYR 0.50	SGD 0.50	AUD 0.50
Currency exchange rate	USD 1 = USD 1	USD 1 = MYR 4	USD 1 = SGD 2	USD 1 = AUD 2
Invested amount	USD 10,000 x USD 1 = USD 10,000	USD 10,000 x MYR 4 = MYR 40,000	USD 10,000 x SGD 2 = SGD 20,000	USD 10,000 x AUD 2 = AUD 20,000
Units received	USD 10,000 ÷ USD 0.50 = 20,000 Units	MYR 40,000 ÷ MYR 0.50 = 80,000 Units	SGD 20,000 ÷ SGD 0.50 = 40,000 Units	AUD 20,000 ÷ AUD 0.50 = 40,000 Units

Invested amount = USD 10,000 x currency exchange rate of the Class

Units received = Invested amount ÷ NAV per Unit of the Class

By purchasing Units of the USD Class you will receive less Units for every USD invested in the Fund (i.e. 20,000 Units), compared to purchasing Units in MYR Hedged-class (i.e. 80,000 Units), SGD Hedged-class (i.e. 40,000 Units) and AUD Hedged-class (i.e. 40,000 Units). Although there is a difference in the number of units, such Classes would have the same voting rights as the investment value of each Class, converted to the Base Currency, is the same.

Higher investment value in the Base Currency (regardless of unit holdings) may give you an advantage when voting at Unit Holders’ meetings as you have more voting rights due to the larger investment value in the Base Currency owned (except in situations where a show of hands is required to pass a resolution). However, you should also note that in a Unit Holders’ meeting to terminate the Fund, a Special Resolution may only be passed by a majority in number representing at least ¾ of the value of the Units held by Unit Holders voting at the meeting, and not based on the number of Units owned.

## HOW TO REPURCHASE UNITS?

- It is important to note that, you must meet the above minimum holding of Units after a repurchase transaction.

If you insist on making a repurchase request knowing that after the transaction you will hold less than the minimum holdings of Units, we may withdraw all your holding of Units and pay the proceeds to you.

We may, with the consent of the Trustee, reserve the right to defer your repurchase request if such transaction would adversely affect the Fund or the interests of the Unit Holders.

- You may submit the repurchase request by completing a transaction form and returning it to us between 8.45 a.m. and 3.30 p.m. on a Business Day.
- Payment of the repurchase proceeds will be made via bank transfer where proceeds will be transferred to your bank account. Where Units are held jointly, payment will be made to the person whose name appears first in the register of Unit Holders.
- Bank charges or other bank fees, if any, will be borne by you.

#### **WHAT IS THE PROCESS OF REPURCHASE APPLICATION?**

- For a repurchase request received or deemed to have been received by us at or before 3.30 p.m. on a Business Day (or “T day”), Units will be repurchased based on the NAV per Unit of a Class for that Business Day. Any repurchase request received after 3.30 p.m. will be transacted on the next Business Day (or “T + 1 day”).
- Repurchase of Units must be made in terms of Units or value, provided it meets the minimum repurchase amount of the Class.
- Processing is subject to receipt of a complete transaction form and such other documents as may be required by us.

#### **WHAT IS THE REPURCHASE PROCEEDS PAYOUT PERIOD?**

- You will be paid within seven (7) Business Days from the day the repurchase request is received by us, provided that all documentations are completed and verifiable.

You will be refunded for every Unit held based on the prices mentioned below and the Sales Charge imposed on the day those Units were purchased.

- If the price of a Unit on the day the Units were first purchased (“original price”) is higher than the price of a Unit at the point of exercise of the cooling-off right (“market price”), you will be refunded based on the market price at the point of cooling-off; or
- If the market price is higher than the original price, you will be refunded based on the original price at the point of cooling-off.

You will be refunded within seven (7) Business Days from our receipt of the cooling-off application.

Please note that the cooling-off right is applicable to you if you are an individual investor and are investing in any of our funds for the first time. However, if you are a staff of AHAM or a person registered with a body approved by the SC to deal in unit trust funds, you are not entitled to this right.

We will process your cooling-off request if your request is received or deemed to have been received by us at or before 3.30 p.m. on a Business Day (or “T day”). Any cooling-off request received after 3.30 p.m. will be transacted on the next Business Day (or “T + 1 day”).

## SWITCHING FACILITY

Switching facility enables you to switch:

- between Classes of the Fund; or
- into any of our funds (or its classes), provided that the fund (or its class) is denominated in the same currency as the Class that you intend to switch out, and it is subject to the terms and conditions applicable for the respective funds.

However, you must meet the minimum holding of Units requirements of the Class that you switched out from and the minimum investment amount of the fund (or its class) that you intend to switch into. In addition, you must observe the minimum Units per switch as follows:

USD Class	MYR Hedged-class	SGD Hedged-class	AUD Hedged-class
200 Units	200 Units	200 Units	200 Units

*At our discretion, we may reduce the transaction of Units, including for transactions made via digital channels, subject to terms and conditions disclosed in the respective channels.*

You are also to note that we reserve the right to reject any switching requests that are regarded as disruptive to efficient portfolio management, or request that we deem to be contrary to the best interests of the Fund and/or the existing Unit Holders of a particular Class.

The process of the switching application is as below:

➤ **Switching between Classes of the Fund**

You must complete a switching transaction form and submit it to us together with relevant supporting documents, if any. If we receive your switching request at or before the cut-off time of 3.30 p.m. on a Business Day, we will process it using the NAV per Unit of a Class for that Business Day (or "T day"). If we receive your switching request after 3.30 p.m., we will process it using the NAV per Unit of a Class calculated at the end of the next Business Day (or "T + 1 day").

➤ **Switching from the Classes of this Fund into other funds (or its class) managed by AHAM**

You must complete a switching transaction form and submit it to us at or before the cut-off time of 3.30 p.m. on a Business Day (or "T day") together with relevant supporting documents, if any. If we receive your switching request after 3.30 p.m., we will process your request on the next Business Day ("T + 1 day").

You should note that the pricing day of a fund (or its class) may not be on the same day as when we receive your switching application. Please see below the pricing policy of switching for all our funds:

Switching Out Fund	Switching In Fund	Pricing Day	
		Switching Out Fund	Switching In Fund
Money market fund	Non-money market fund	T Day	T Day
Non-money market fund	Non-money market fund		
Money market fund	Money market fund	T Day	T + 1 Day
Non-money market fund	Money market fund	T Day	At the next valuation point, subject to clearance of payment and money received by the intended fund

**Switching from an Islamic fund to a conventional fund is discouraged for Muslim Unit Holders.**

## TRANSFER FACILITY

You are allowed to transfer your Units, whether fully or partially, to another person by completing the transfer transaction form and returning it to us on a Business Day. There is no minimum amount of Units required to effect a transfer except that the transferor and transferee must hold the minimum holdings of Units to remain as a Unit Holder.

It is important to note that we are at liberty to disregard or refuse to process the transfer application if the processing of such instruction will be in contravention of any law or regulatory requirements, whether or not having the force of law and/or would expose us to any liability.

## SUSPENSION OF DEALING IN UNITS

The Manager may, in consultation with the Trustee and having considered the interests of the Unit Holders, suspend the dealing in Units\* due to exceptional circumstances, where there is good and sufficient reason to do so. The Manager will cease the suspension as soon as practicable after the exceptional circumstances have ceased, and in any event, within twenty-one (21) days from the commencement of suspension.

The period of suspension may be extended if the Manager satisfies the Trustee that it is in the best interest of the Unit Holders for the dealing in Units to remain suspended, subject to a weekly review by the Trustee.

The Trustee may suspend the dealing in Units, if the Trustee, on its own accord, considers that exceptional circumstances have been triggered. In such a case, the Trustee shall immediately call for a Unit Holders' meeting to decide on the next course of action.

\* The action to impose suspension shall only be exercised as a last resort by the Manager, as disclosed in the section on "Liquidity Risk Management".

## DISTRIBUTION POLICY

The Fund is not expected to make distribution. However, incidental distribution may be declared whenever is appropriate.

Income distribution, if any, will be paid out in the currencies in which the Classes are denominated. You may elect the mode of distribution in cash payment or additional Units by way of reinvestment by ticking the appropriate column in the application form. You may also inform us at any time before the income distribution date of your wish of receiving cash payment or additional Units via reinvestment. All distribution will be automatically reinvested into additional Units in the Fund if you do not elect the mode of distribution in the application form.

Any distribution payable which is less than or equal to the amount of USD/MYR/SGD/AUD 300.00 will be automatically reinvested on your behalf.

Notwithstanding the above, we may also reinvest the distribution proceeds which remain unclaimed after twelve (12) months from the date of payment, provided that you still have an account with us.

### Cash Payment Process

Income distribution by way of cash payment will be paid via telegraphic transfer. Income will be transferred to your bank account within seven (7) Business Days after the distribution date.

To enable the cash payment process, Unit Holders investing in Classes other than MYR Hedged-class are required to have a foreign currency account with any Financial Institution denominated in the respective currency Classes of the Fund.

Reinvestment Process

We will create Units based on the NAV per Unit of the Class at the income payment date which is within two (2) Business Days after the distribution date.

There will not be any cost for reinvestments of those additional Units, i.e., no Sales Charge will be imposed on such reinvestment.

**Unit prices and distributions payable, if any, may go down as well as up.**

---

---

**UNCLAIMED MONEYS**

---

---

Any monies payable to you which remain unclaimed after twelve (12) months from the date of payment will be dealt as follows:-

- a) we may reinvest the unclaimed distribution proceeds provided that you still have an account with us; or
- b) we will pay to the Registrar of Unclaimed Monies in accordance with the requirements of the Unclaimed Moneys Act, 1965.

# FEES, CHARGES AND EXPENSES

**!** There are fees and charges involved and investors are advised to consider them before investing in the Fund.

You should be aware that all fees, charges and expenses referred to or quoted in this Prospectus (including any supplemental prospectus) and the Deed (including any supplemental deed) are referred to or quoted as being exclusive of any other applicable taxes. We (including the Trustee and other service providers) will charge any other applicable taxes on the fees, charges and expenses in accordance with any other relevant or applicable laws.

## CHARGES

The following are the charges that you may **directly** incur when you buy or redeem Units of this Fund.

### SALES CHARGE

Up to 5.50% of the NAV per Unit of a Class.

Note: All Sales Charge will be rounded up to two (2) decimal places.

### REPURCHASE CHARGE

Nil.

### TRANSFER FEE

Nil.

### SWITCHING FEE

The Manager does not impose any switching fee. However, if the amount of sales charge of the fund (or class) that the Unit Holder intends to switch into is higher than the sales charge imposed by the fund (or class) being switched from, then the difference in the sales charge between the two (2) funds (or classes) shall be borne by the Unit Holder.

## FEES AND EXPENSES

With the issuance of multiple Classes in this Fund, the fees and expenses for the Fund are apportioned based on the size of the Class relative to the whole Fund, which is also known as multi-class ratio. This apportionment is expressed as a ratio and calculated as a percentage.

As an illustration, assuming there is an indirect fee chargeable to the Fund of USD 100 and assuming further the size of the USD Class over the size of the Fund is 60% whereas the size of the MYR Hedged-class over the size of the Fund is 40%, the ratio of the apportionment based on the percentage will be 60:40, 60% being borne by the USD Class and 40% being borne by the MYR Hedged-class.

We may (in our sole and absolute discretion) waive or reduce the amount of any fees (except the trustee fee) and expenses of the Fund, either for all the investors or a particular investor.

The following are the fees that you may **indirectly** incur when you invest in the Fund.

## ANNUAL MANAGEMENT FEE

The annual management fee is up to 1.80% per annum of the NAV of the Fund and is calculated using the Base Currency (before deducting the management fee and trustee fee). The management fee is calculated and accrued daily and payable monthly to the Manager.

*Please note that the example below is for illustration only:*

Assuming that the NAV of the Fund is USD 200 million for that day, the accrued management fee for that day would be:

$$\frac{\text{USD } 200,000,000 \times 1.80\%}{365 \text{ days}} = \text{USD } 9,863.01 \text{ per day}$$

The management fee is apportioned to each Class based on the multi-class ratio.

## ANNUAL TRUSTEE FEE

The annual trustee fee is up to 0.05% per annum of the NAV of the Fund (excluding foreign custodian fees and charges) and is calculated using the Base Currency (before deducting the management fees and trustee fee). The trustee fee is accrued daily and payable monthly to the Trustee. In addition to the annual trustee fee, the Trustee may be reimbursed by the Fund for any expenses properly incurred by it in the performance of its duties and responsibilities.

*Please note that the example below is for illustration only:*

Assuming that the NAV of the Fund is USD 200 million for that day, the accrued trustee fee for that day would be:

$$\frac{\text{USD } 200,000,000 \times 0.05\%}{365 \text{ days}} = \text{USD } 273.97 \text{ per day}$$

The trustee fee is apportioned to each Class based on the multi-class ratio.

## ADMINISTRATIVE FEES

Only fees and expenses that are directly related to or necessary for the operation and administration of the Fund or each Class may be charged to the Fund or each Class respectively. These would include (but are not limited to) the following:

- Commissions or fees paid to brokers or dealers in effecting dealings in the investments of the Fund, shown on the contract notes or confirmation notes;
- (where the custodial function is delegated by the Trustee) charges and fees paid to the custodians for taking into custody any foreign investments of the Fund;
- Taxes and other duties charged on the Fund by the government and/or other authorities;
- Costs, fees and expenses properly incurred by the auditor appointed for the Fund;
- Costs, fees and expenses incurred for the fund valuation and accounting of the Fund performed by a fund valuation agent;
- Costs, fees and expenses incurred for any modification of the Deed save where such modification is for the benefit of the Manager and/or the Trustee;
- Costs, fees and expenses incurred for any meeting of the Unit Holders save where such meeting is convened for the benefit of the Manager and/or the Trustee;
- Costs and/or expenses associated with the distributions declared pursuant to the Deed and the payment of such distribution including without limitation fees, costs and/or expenses for the revalidation or reissuance of any distribution cheque or telegraphic transfer; and
- Other fees or expenses related to the Fund allowed under the Deed.

## REBATES AND SOFT COMMISSIONS

We or any of our delegates will not retain any rebate or soft commission from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission should be directed to the account of the Fund.

The soft commissions can be retained by us or our delegates provided that:-

- The soft commissions bring direct benefit or advantage to the management of the fund and may include research and advisory related services;
- any dealing with the broker or dealer is executed on terms which are the most favourable for the Fund; and
- the availability of soft commissions is not the sole or primary purpose to perform or arrange transactions with such broker or dealer, and we or our delegates will not enter into unnecessary trades in order to achieve a sufficient volume of transactions to qualify for soft commissions.

**All fees and charges payable by you are subject to all applicable taxes and/or duties as may be imposed by the government and/or the relevant authorities from time to time.**

# PRICING

## COMPUTATION OF NAV AND NAV PER UNIT

In this section, you will be introduced to certain terms used to explain how the Fund arrives at its NAV and consequently, NAV per Unit for each Class of the Fund. Under this section, please note the following definitions:-

“Value of the Fund before Income and Expenses”	Refers to the current value of the Fund inclusive of purchases and/or repurchases before the next valuation point.
“Value of a Class before Income and Expenses”	Refers to the current value of a Class inclusive of purchases and/or repurchases before the next valuation point.

You should also note that the NAV of the Fund is determined by deducting the value of all the Fund’s liabilities from the value of all the Fund’s assets, at a particular valuation point. The NAV per Unit of a Class is the NAV of the Fund attributable to a Class divided by the number of Units in Circulation for that particular Class, at the same valuation point.

Please refer to Section “*Valuation Point for The Fund*” of this Prospectus for an explanation of the valuation point.

For illustration purposes, the following is the computation of NAV per Unit for a particular day for the Classes. The multi-class ratio will vary and be apportioned accordingly when further Class(es) are introduced by us:-

	Fund (USD)	USD Class (USD)	MYR Hedged- Class (USD)	SGD Hedged- Class (USD)	AUD Hedged- Class (USD)
Value of the Fund/Class before Income and Expenses	154,200,000.00	77,100,000.00	30,840,000.00	30,840,000.00	15,420,000.00

<b>NAV per Unit in currency Class***</b>		<b>USD 0.3600</b>	<b>MYR 1.4400</b>	<b>SGD 0.7200</b>	<b>AUD 0.7200</b>

Notes:

- \* Multi-class ratio is apportioned based on the size of the Class relative to the whole Fund. This means the multi-class ratio is calculated by taking the *Value of a Class before Income and Expenses* for a particular day and dividing it with the *Value of the Fund before Income and Expenses* for that same day. This apportionment is expressed as a ratio and calculated as a percentage.
- \*\* NAV per Unit of a Class is derived by dividing the NAV of a Class with Units in Circulation of the particular Class. The rounding policy is four (4) decimal points for the purposes of publication of the NAV per Unit of a Class. However, the rounding policy will not apply when calculating the Sales Charge and Repurchase Charge (where applicable).
- \*\*\* NAV per Unit in currency Class is derived from the NAV per Unit of a Class in Base Currency multiplied by the currency exchange rate for the particular Class.

## INCORRECT PRICING

We will take immediate action to rectify any incorrect valuation and/or pricing of the Fund and/or the Units and to notify the Trustee and the SC of the same unless the Trustee considers the incorrect valuation and/or pricing of the Fund and/or the Units is of minimal significance.

The Trustee will not consider an incorrect valuation and/or pricing of the Fund and/or the Units to be of minimal significance if the error involves a discrepancy of 0.5% or more of the NAV per Unit unless the total impact on your account is less than MYR 10.00 or in the case of a foreign currency Class, less than 10.00 denominated in the foreign currency denomination of the Class. An incorrect valuation and/or pricing not considered to be of minimal significance by the Trustee will result in reimbursement of moneys in the following manner:

	Reimbursement by:	Receiving parties:
Over valuation and/or pricing in relation to the purchase and creation of Units	Fund	Unit Holder
Over valuation and/or pricing in relation to the repurchase of Units	AHAM	Fund
Under valuation and/or pricing in relation to the purchase and creation of Units	AHAM	Fund
Under valuation and/or pricing in relation to the repurchase of Units	Fund	Unit Holder or former Unit Holder

## COMPUTATION OF SELLING PRICE AND REPURCHASE PRICE

Under a single pricing regime, the Selling Price and the Repurchase Price are equivalent to the NAV per Unit. Any applicable Sales Charge and Repurchase Charge are payable separately from the Selling Price and the Repurchase Price.

Forward Pricing will be used to determine the Selling Price and the Repurchase Price of the Fund, which is the NAV per Unit as at the next valuation point after we receive the purchase request or repurchase request.

### Calculation of Selling Price

For illustration purposes, let's assume the following:-

Class	USD Class	MYR Hedged-class	SGD Hedged-class	AUD Hedged-class
Investment Amount	USD 10,000	MYR 10,000	SGD 10,000	AUD 10,000
Selling Price per Unit	USD 0.50	MYR 0.50	SGD 0.50	AUD 0.50
Number Of Units Received*	USD 10,000 ÷ USD 0.50 = 20,000 Units	MYR 10,000 ÷ MYR 0.50 = 20,000 Units	SGD 10,000 ÷ SGD 0.50 = 20,000 Units	AUD 10,000 ÷ AUD 0.50 = 20,000 Units
Sales Charge	5.50%	5.50%	5.50%	5.50%
Sales Charge Paid By Investor**	5.50% x USD 0.50 x 20,000 Units = USD 550	5.50% x MYR 0.50 x 20,000 Units = MYR 550	5.50% x SGD 0.50 x 20,000 Units = SGD 550	5.50% x AUD 0.50 x 20,000 Units = AUD 550
Total Amount Paid By Investor***	USD 10,000 + USD 550 = USD 10,550	MYR 10,000 + MYR 550 = MYR 10,550	SGD 10,000 + SGD 550 = SGD 10,550	AUD 10,000 + AUD 550 = AUD 10,550

Formula for calculating:-

$$* \text{ Number of Units received} = \frac{\text{Investment amount}}{\text{Selling Price per Unit}}$$

$$** \text{ Sales Charge paid by investor} = \text{Sales Charge} \times \text{Selling Price per Unit} \times \text{Number of Units received}$$

$$*** \text{ Total amount paid by investor} = \text{Investment Amount} + \text{Sales Charge paid by investor}$$

## Calculation of Repurchase Price

For illustration purposes, let's assume the following:-

Class	USD Class	MYR Hedged-class	SGD Hedged-class	AUD Hedged-class
Units Repurchased	20,000 Units	20,000 Units	20,000 Units	20,000 Units
Repurchase Price per Unit	USD 0.50	MYR 0.50	SGD 0.50	AUD 0.50
Repurchase Amount <sup>^</sup>	20,000 Units x USD 0.50 = USD 10,000	20,000 Units x MYR 0.50 = MYR 10,000	20,000 Units x SGD 0.50 = SGD 10,000	20,000 Units x AUD 0.50 = AUD 10,000
Repurchase Charge	0.00%	0.00%	0.00%	0.00%
Repurchase Charge Paid By Investor <sup>^^</sup>	0.00% x USD 10,000 = USD 0.00	0.00% x MYR 10,000 = MYR 0.00	0.00% x SGD 10,000 = SGD 0.00	0.00% x AUD 10,000 = AUD 0.00
Total Amount Received By Investor <sup>^^^</sup>	USD 10,000 - USD 0.00 = USD 10,000	MYR 10,000 - MYR 0.00 = MYR 10,000	SGD 10,000 - SGD 0.00 = SGD 10,000	AUD 10,000 - AUD 0.00 = AUD 10,000

Formula for calculating:-

<sup>^</sup> Repurchase amount = Unit repurchased x Repurchase Price per Unit

<sup>^^</sup> Repurchase Charge paid by investor = Repurchase Charge x Repurchase amount

<sup>^^^</sup> Total amount received by investor = Repurchase amount - Repurchase Charge paid by investor

# SALIENT TERMS OF THE DEED

Generally an investor would also be a registered Unit Holder unless the Units are purchased through an IUTA or using a nominee. In such an instance, the Units may not be registered in the name of the investor and thus not a registered Unit Holder. Please be advised that the Manager only recognises the rights attached to a registered Unit Holder.

## Rights And Liabilities Of Unit Holders

### Rights Of Unit Holders

You have the right, among others, to the following:

- to receive distribution of income (if any), participate in any increase in the value of the Units and to enjoy such other rights and privileges as are provided for in the Deed;
- to call for Unit Holders' meetings, and to vote for the removal of the Trustee or the Manager through a Special Resolution;
- to exercise the cooling-off right (if applicable); and
- to receive annual and semi-annual reports.

You are not entitled to request for the transfer of any of the assets of the Fund or be entitled to interfere with or question the exercise by the Trustee, or the Manager on the Trustee's behalf, of the rights of the Trustee as the registered owner of such assets. In amplification and not in derogation of the aforesaid, Units held shall not confer on any Unit Holder any interest in any assets of the Fund but only in such interest in the Fund as a whole as may be conferred on Unit Holders by the provisions of the Deed.

### Liabilities Of Unit Holders

- You would not be liable for any amount in excess of the purchase price paid for the Units as determined in accordance with the Deed at the time the Units were purchased and any charges payable in relation thereto; and
- You shall not be under any obligation to indemnify the Manager and/or the Trustee in the event that the liabilities incurred by the Manager and/or the Trustee in the name of or on behalf of the Fund pursuant to and/or in the performance of the provisions of the Deed exceed the value of the assets of the Fund and any right of indemnity of the Manager and/or the Trustee shall be limited to recourse to the Fund.

## Provisions Regarding Unit Holders' Meetings

### Quorum Required For Convening A Unit Holders' Meeting

- (a) The quorum required for a meeting of the Unit Holders of the Fund or a Class, as the case may be, shall be five (5) Unit Holders (irrespective of the Class), whether present in person or by proxy; however, if the Fund or a Class, as the case may be, has five (5) or less Unit Holders (irrespective of the Class), the quorum required for a meeting of the Unit Holders of the Fund or a Class, as the case may be, shall be two (2) Unit Holders (irrespective of the Class), whether present in person or by proxy.
- (b) If the meeting has been convened for the purpose of voting on a Special Resolution, the Unit Holders present in person or by proxy must hold in aggregate at least twenty-five per centum (25%) of the Units in Circulation (irrespective of the Class) of the Fund or a particular Class, as the case may be, at the time of the meeting.
- (c) If the Fund or a Class, as the case may be, has only one (1) remaining Unit Holder, such Unit Holder, whether present in person or by proxy, shall constitute the quorum required for the meeting of the Unit Holders of the Fund or a Class, as the case may be.

### Unit Holders' Meeting Convened By Unit Holders

Unless otherwise required or allowed by the relevant laws, the Manager shall, within twenty-one (21) days of receiving a direction from not less than fifty (50) or one-tenth (1/10), whichever is less, of all the Unit Holders of the Fund or of a particular Class, as the case may be, at the registered office of the Manager, summon a meeting of the Unit Holders of the Fund or of that Class, as the case may be, by:

Staff of AHAM are required to seek prior approval from the executive director or the managing director of AHAM before dealing in any form of securities. All transactions with related parties are to be executed on terms which are best available to the Fund and which are no less favourable to the Fund than an arms-length transaction between independent parties.

# TAX ADVISER'S LETTER

Dear Sirs

## **AHAM Aiiiman Global Multi Thematic Fund (formerly known as Affin Hwang Aiiiman Global Multi Thematic Fund) Taxation of the Fund and Unit Holders**

1. This letter has been prepared for inclusion in the Replacement Prospectus ("Replacement Prospectus") in connection with the offer for sales of units in the AHAM Aiiiman Global Multi Thematic Fund ("the Fund").

The following is general information based on Malaysian tax law in force at the time of lodging the Replacement Prospectus with the Securities Commission Malaysia ("SC") and investors should be aware that the tax law may be changed at any time. To an extent, the application of tax law depends upon an investor's individual circumstances. The information provided below does not constitute tax advice. The Manager therefore recommends that an investor consult his accountant or tax adviser on questions about his individual tax position.

## **2. Taxation of the Fund**

### **2.1 Income Tax**

As the Fund's Trustee is a resident in Malaysia, the Fund is regarded as a resident in Malaysia. The taxation of the Fund is governed principally by Sections 61 and 63B of the Malaysian Income Tax Act, 1967 ("MITA").

Pursuant to the Section 2(7) of MITA, any reference to interest shall apply, mutatis mutandis, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

The income of the Fund in respect of dividends, interest or profits from deposits and other investment income (other than income which is exempt from tax) derived from or accruing in Malaysia or received in Malaysia from outside Malaysia is liable to income tax. The Fund may be receiving income such as exit fee which will be subject to tax at the prevailing tax rate applicable on the Fund. Gains on disposal of investments by the Fund will not be subject to income tax.

The income tax rate applicable to the Fund is 24%.

Tax exempt interest as listed in the Appendix attached received by the Fund are not subject to income tax.

With effect from 1 January 2014, Malaysia has fully moved to a single-tier income tax system. The Fund is not liable to tax on any Malaysia sourced dividends paid, credited or distributed to the Fund under the single-tier tax system, where the company paying such dividend is not entitled to deduct tax under the MITA. The tax deductibility of other deductions by the Fund against such dividend income will be disregarded in ascertaining the chargeable income of the Fund.

In addition to the single-tier dividend that may be received by the Fund, the Fund may also receive Malaysian dividends which are tax exempt from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Fund is not subject to income tax on such tax exempt dividend income.

The Fund may also receive interest, dividends, profits and other income from investments derived from sources outside of Malaysia. Prior to 1 January 2022, income arising from sources outside Malaysia and received in Malaysia was exempted from Malaysian income tax pursuant to Paragraph 28 of Schedule 6 of the MITA. Effective from 1 January 2022, Paragraph 28 of Schedule 6 of the MITA was amended to only exempt a non-resident person from foreign sourced income received in Malaysia. Unit trusts funds with a trustee who is tax resident in Malaysia are considered tax residents of Malaysia and would not qualify for the exemption under the amended Paragraph 28 of Schedule 6 of the MITA.

The Ministry of Finance of Malaysia issued the gazette orders, Income Tax (Exemption) (No. 5) Order 2022 [P.U.(A) 234/2022] and Income Tax (Exemption) (No. 6) Order 2022 [P.U.(A) 235/2022] on 19 July 2022 which took effect from 1 January 2022. The orders grant exemption on foreign sourced income as follows:

- Dividend income received by companies and limited liability partnerships; and
- All types of foreign sourced income received by individuals, except for those carrying on a partnership business in Malaysia.

However, as the unit trust fund is not a “company”, “limited liability partnership” or “individual”, the above gazette orders do not apply to unit trust funds.

The income of the Fund which is received in Malaysia from outside Malaysia during the period from 1 January 2022 until 30 June 2022 is subject to the tax rate of 3% on gross foreign sourced income received in Malaysia. Foreign sourced income received in Malaysia from 1 July 2022 onwards will be taxed based on the prevailing income tax rate applicable to the Fund, i.e. 24%.

The foreign sourced income of the Fund may be subject to foreign tax in the country from which the income is derived. Pursuant to Schedule 7 of the MITA, where an income is chargeable to tax in Malaysia as well as in a foreign country, a relief shall be given by way of credit known as bilateral credit if the source country has a tax treaty with Malaysia where the foreign tax credit shall be set-off up to 100% of foreign tax suffered and unilateral credit if the source country does not have a tax treaty with Malaysia where the foreign tax credit shall be set-off up to 50% of foreign tax suffered.

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into. Generally, any gain or loss relating to the principal portion will be treated as capital gain or loss. Gains or losses relating to the income portion would normally be treated as revenue gains or losses. The gain or loss on revaluation will only be taxed or claimed upon realisation. Any gain or loss on foreign exchange is treated as capital gain or loss if it arises from the revaluation of the principal portion of the investment.

Generally, income from distribution by the Malaysia Real Estate Investment Trusts (“REITs”) will be received net of withholding tax of 10%. No further tax will be payable by the Fund on the distribution. Distribution from such income by the Fund will also not be subject to further tax in the hands of the Unit Holders.

Expenses being manager’s remuneration, maintenance of register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage, which are not allowed under the general deduction rules, qualify for a special deduction, subject to a minimum of 10% and a maximum of 25% of such expenses pursuant to Section 63B of the MITA.

## **2.2 Gains on Disposal of Investments**

Gains on disposal of investments by the Fund will not be subject to income tax but where the investments represent shares in real property companies, such gains may be subject to Real Property Gains Tax (“RPGT”) under the RPGT Act, 1976. A real property company is a controlled company which owns or acquires real properties or shares in real property companies with a market value of not less than 75% of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

### 2.3 Service Tax

The issuance of units by the Fund to investors will not be subject to Service Tax. Any distributions made by the Fund to unitholders are also not subject to Service Tax. The Fund would not be required to pay Service Tax on the acquisition of fund management services from the Fund Manager.

To the extent that the Fund invests in any financial services products (e.g. securities, derivatives, units in a fund or unit trust), the acquisition of these interests will also not be subject to Service Tax.

If the Fund acquires any imported taxable services from a service provider outside of Malaysia, these services would be subject to 6% Service Tax. The Fund would be required to file an SST-02A return on an ad hoc basis and report and pay this amount of tax to the Royal Malaysian Customs Department.

## 3. Taxation of Unit Holders

### 3.1 Taxable Distribution

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Fund to the extent such income is distributed to them. Unit Holders are also liable to pay income tax on the taxable income distributions paid by the Fund. Taxable income distributions carry a tax credit in respect of the tax chargeable on that part of the Fund. Unit Holders will be subject to tax on an amount equal to the net taxable income distribution plus attributable underlying tax paid by the Fund. No withholding tax will be imposed on the income distribution of the Fund.

Income distributed to Unit Holders is generally taxable as follows in Malaysia:-

Unit Holders	Malaysian Tax Rates for Year of Assessment 2022
<p><b>Malaysian tax residents:</b></p> <ul style="list-style-type: none"> <li>▪ Individual and non-corporate Unit Holders</li> <li>▪ Co-operative societies</li> <li>▪ Trust bodies</li> <li>▪ Corporate Unit Holders               <ul style="list-style-type: none"> <li>i. <b>Non-Malaysian tax residents:</b>

The tax credit that is attributable to the income distributed to the Unit Holders will be available for set off against tax payable by the Unit Holders. There is no withholding tax on taxable distributions made to non-resident Unit Holders.

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

### 3.2 Withholding Tax on Distribution from Retail Money Market Fund (“RMMF”) to Unit Holders

Distribution of income of a unit trust fund that is a RMMF to its Unit Holders (other than the distribution of interest income to non-individual Unit Holders) is exempted from tax in the hands of the Unit Holders. Non-individual Unit Holders will be chargeable to tax on the income distributed to the Unit Holder from the interest income of a RMMF exempted under Paragraph 35A of Schedule 6 of the MITA with effect from 1 January 2022 as follows:-

Types of Unit Holders	Malaysian Tax Rates for Year of Assessment 2022
<b>Non-individual residents:</b>	
<ul style="list-style-type: none"> <li>▪ Withholding tax rate</li> <li>▪ Withholding tax mechanism</li> <li>▪ Due date of payment</li> </ul>	<ul style="list-style-type: none"> <li>▪ 24%</li> <li>▪ Income distribution carries a tax credit, which can be utilised to set off against the tax payable by the Unit Holders</li> <li>▪ The withholding tax is to be remitted to the Director General of Malaysian Inland Revenue within one month of the distribution of interest income</li> </ul>
<b>Non-individual non-residents:</b>	
<ul style="list-style-type: none"> <li>▪ Withholding tax rate</li> <li>▪ Withholding tax mechanism</li> <li>▪ Due date of payment</li> </ul>	<ul style="list-style-type: none"> <li>▪ 24%</li> <li>▪ Withholding tax deducted will be regarded as a final tax</li> <li>▪ The withholding tax is to be remitted to the Director General of Malaysian Inland Revenue within one month of the distribution of interest income</li> </ul>

As the Fund is not a RMMF, the above withholding tax on distribution of interest income that is exempted under Paragraph 35A of Schedule 6 of the MITA will not be applicable to the non-individual Unit Holders of the Fund.

### **3.3 Tax Exempt Distribution**

Tax exempt distributions made out of gains from realisation of investments and other exempt income earned by the Fund will not be subject to Malaysian tax in the hands of Unit Holders, whether individual or corporate, resident or non-resident. All Unit Holders do not pay tax on that portion of their income distribution from the Fund's distribution equalisation account.

### **3.4 Distribution Voucher**

To help complete a Unit Holder's tax returns, the Manager will send to each Unit Holder a distribution voucher as and when distributions are made. This sets out the various components of the income distributed and the amount of attributable income tax already paid by the Fund.

### **3.5 Sale, Transfer or Redemption of Units**

Any gains realised by a Unit Holder on the sale, transfer or redemption of his units are generally tax-free capital gains unless the Unit Holder is an insurance company, a financial institution or a person trading or dealing in securities. Generally, the gains realised by these categories of Unit Holders constitute business income on which tax is chargeable.

### **3.6 Reinvestment of Distribution**

Unit Holders who receive their income distribution by way of investment in the form of the purchase of new units will be deemed to have received their income distribution after tax and reinvested that amount in the Fund.

### **3.7 Unit Splits**

Unit splits issued by the Fund are not taxable in the hands of the Unit Holders.

### **3.8 Service Tax**

Pursuant to the Lampiran A of the First Schedule of the Service Tax Regulations 2018 ("First Schedule"), only taxable services listed in the First Schedule are subject to service tax. This excludes any investment income or gains received by the Unit Holder as such income and gains are not prescribed taxable services.

The legal fees, consultant fees and management fees may be subject to service tax at 6% if the service providers are registered for Services Tax. Effective from 1 January 2019, the imposition and scope of service tax has been widened to include any imported taxable service.

We hereby confirm that the statements made in this tax adviser letter correctly reflect our understanding and the interpretation of the current Malaysian tax legislations and the related interpretation and practice thereof, all of which may subject to change. Our comments above are general in nature and cover taxation in the context of Malaysian tax legislation only and do not cover foreign tax legislation. The comments do not represent specific tax advice to any investors and we recommend that investors obtain independent advice on the tax issues associated with their investments in the Fund.

Yours faithfully
