* The data provided above is that of the Fund and is a percentage of NAV as at May 30 2025. All figures are subject to frequent changes on a daily basis and the percentages might not add up to 100% due to rounding.

To invest in a Class other than MYR Class and/or MYR-Hedged Class, investors are required to have a foreign currency account with any Financial Institution as all transactions relating to the particular foreign currency will ONLY be made via telegraphic transfer.

Where a distribution is declared, investors are advised that following the issue of additional Units/distribution, the NAV per Unit will be reduced from cum-distribution NAV to ex-distribution NAV.

Based on the Fund's portfolio returns as at April 30 2025, the Volatility Factor (VF) for this Fund is 5.2 for MYR Class (Low) (source: Lipper). Very Low includes Funds with VF that are not more than 4.73. Low includes Funds with VF that are above 4.73 but not more than 9.185. Moderate includes Funds with VF that are above 9.185 but not more than 11.98. High includes Funds with VF that are above 11.98 but not more than 16.345. Very High includes Funds with VF that are above 16.345. The VF means there is a possibility for the Fund in generating an upside return or downside return around this VF. The Volatility Class (VC) is assigned by Lipper based on quintile ranks of VF for qualified funds. The Fund's portfolio may have changed since this date and there is no guaranteed that the Fund will continue to have the same VF or VC in the future. Presently, only funds launched in the market for at least 36 months will display the VF and its VC.
