## ASSET ALLOCATION

|                                                      |                                     |
|------------------------------------------------------|-------------------------------------|
| Debentures, money market instruments and/or deposits | Minimum of 70% of the Fund’s NAV    |
| Cash, derivatives and/or structured products         | Remaining balance of the Fund’s NAV |

## INVESTMENT STRATEGY

To achieve the objective of the Fund, we intend to invest a minimum of 70% of the Fund’s NAV in fixed income instruments, i.e. debentures, money market instruments and/or deposits, and the remaining balance of the Fund’s NAV in cash, derivatives and/or structured products.

The Fund may also invest up to 40% of its NAV in unrated debentures and/or debentures which are rated below investment grade by Standard & Poor’s, Moody’s, Fitch, RAM, MARC or any other rating agencies (please refer to the credit ratings chart under “Understanding the Risks of the Fund - Credit and default risk” section, for further details).

At the Maturity Date of the Fund, we will redeem or sell the investments, and return all proceeds to you (based on the number of Units you hold), subject to the applicable Fund expenses and fees. In this respect, we will endeavour, as far as it is possible, to purchase investments with maturities that closely mirror the maturity period for this Fund so as to enable the Fund to potentially obtain the full nominal value of those instruments upon the Maturity Date. We may trade the fixed income instruments as and when opportunities arise and/or to manage the credit risk of the fixed income instruments issuers or external adverse events affecting any of the fixed income instruments in the Fund’s portfolio. In the event the Maturity Date falls on a non-Business Day, the Maturity Date shall be the first Business Day following the date that is the fifth (5<sup>th</sup>) anniversary of the Investment Date.

However, if Early Maturity is triggered, that is subject to the requirements specified under “How is an Early Maturity triggered”, we will liquidate all the investments in the portfolio and return the investment proceeds to you. In the event of an Early Maturity, the Fund will mature on the Early Maturity Date, which will fall on a Business Day as decided by us. Please refer to “Early Maturity” section below for more details.

The payment of proceeds to be paid to you, however, is expected to be within two (2) weeks from the Maturity Date and will not be more than two (2) months from the Maturity Date.

The fundamental investment process will be driven by two main factors:

- The interest rate outlook for the market over the medium term; and
- The overall balance between credit quality and yield of the targeted bonds.

This entails studying relevant economic and business statistics in order to produce forecasts of interest rate trends over the medium term.

#### **Fixed Income Instruments Selection Process and Criteria**

We will follow a strict selection process to ensure only appropriate fixed income instruments are invested in order to meet the Fund’s investment objective. The selection process is in essence of a screening process that selects instruments with risk-return profiles that match the Fund’s objective and maturity.

The selection of the debentures will depend largely on its credit quality. Focus will be on the ability of the issuer and/or guarantor to meet their financial obligations and make timely payment of interest and principal in order to protect your interest while delivering the expected returns to the Fund and meet the Fund’s investment objective. The following are the more important considerations:

- Issuer’s and/or guarantor’s industry and business medium term outlook;
- Issuer’s and/or guarantor’s financial strength and gearing levels;
- Issuer’s and/or guarantor’s cash flow quality and volatility;
- Issuer’s and/or guarantor’s expected future cash flow and ability to pay interest and principal;
- Collateral type and value, and claims priority;
- Price and yield-to-maturity; and
- Issuer’s and/or guarantor’s ratings by RAM, MARC, Standard & Poor’s, Moody’s, Fitch, or equivalent.

The Fund will also invest in money market instruments and deposits with Financial Institutions. The selection of the issuers will depend largely on the credit quality and liquidity of the issuer based on our internal credit rating model.

During adverse market conditions, the Fund holds the option to maintain a higher exposure into money market instruments and/or deposits compared to debentures in its attempt to mitigate market risks.

#### **Investments in Foreign Fixed Income Instruments**

The Fund will invest in foreign fixed income instruments where the regulatory authority is an ordinary or associate member of the International Organization of Securities Commissions (IOSCO).

#### **Derivative Investments**

Derivatives trades may be carried out for both investments and hedging purposes through financial instruments such as, but not limited to, forward contracts, futures contracts swaps and options.

#### **Structured Product**

The Fund may also invest into structured products such as but not limited to credit linked notes. Investment into these structured products will provide the Fund with the exposure to the reference asset. Each of these products has its own targeted maturity and will expose investors to the price fluctuation of, in the case of a credit linked note, the reference entity that the credit linked note is linked to. As a result, any fluctuation in the price of the structured product may also lead to fluctuations in the NAV of the Fund i.e., if the price of the structured product sees a drop in price, the NAV of the Fund will also be negatively impacted. As the note is structured by an external party, investments into a structured product will also expose the Fund to counterparty risk, which we will attempt to mitigate by carrying out a stringent selection process on its counterparty prior to an investment being made.

## Cross Trades Policy

We may conduct cross trades between funds we currently manage provided that all criteria imposed by the regulators are met. Notwithstanding, cross trades between the personal account of our employee and the Fund's account(s); and between our proprietary trading accounts and the Fund's account(s) are strictly prohibited. Compliance with the criteria are monitored by our compliance unit, and reported to our compliance and risk management committee, to avoid conflict of interests and manipulation that could have a negative impact on the investors.

## EARLY MATURITY

### What is an Early Maturity?

An Early Maturity is an event where the Fund is unwound on or after the first (1<sup>st</sup>) anniversary of the Fund's Investment Date and up to 30 days before the fifth (5<sup>th</sup>) anniversary of the Fund's Investment Date, subject to the Fund achieving certain requirements (please refer to "How is an Early Maturity triggered" below). Should this occur, the Fund will mature on the Early Maturity Date. When an Early Maturity occurs, we will liquidate all of the investments in the portfolio and return to you the NAV proportion to the number of Units held by you.

### How is an Early Maturity triggered?

The Fund's Early Maturity will be triggered when the NAV per Unit of the Fund is at or higher than the Target NAV per Unit for at least ten (10) consecutive Business Days ("Criteria"). However, the decision to exercise the right to trigger the Early Maturity is at our sole discretion. For example, we may need to consider the NAV per Unit after deducting the unwinding cost of forwards, swaps and structured products as well as other expenses. In this situation, we will decide to call for Early Maturity should the NAV per Unit (after deducting the unwinding cost of forwards, swaps and structured products as well as other expenses) is higher than the Target NAV per Unit.

Should the right to trigger the Early Maturity is exercised by us, we will issue you an Early Maturity Communiqué on the next Business Day of the day when Criteria is met. Upon this, the Fund will mature on the Early Maturity Date, which falls on the 10<sup>th</sup> Business Day immediately following the date we issue the Communiqué to you. In the event we deem unable to liquidate all the assets on the 10<sup>th</sup> Business Day, we will issue a Communiqué to you to extend the Early Maturity Date up to the 20<sup>th</sup> Business Day from the date the Early Maturity Communiqué is issued.

Notes:

- (1) The Early Maturity Date may fall on a date, earliest on the 1<sup>st</sup> anniversary of the Investment Date up to the date, 30 days before the 5<sup>th</sup> anniversary of the Investment Date.
- (2) There is a possibility that the prevailing NAV could be higher than the Target NAV, however Early Maturity will only be triggered on the 1<sup>st</sup> anniversary of the Investment Date.

### What is the expected payout to you once an Early Maturity is triggered?

It is important to note that for an Early Maturity to be triggered, the NAV per Unit of the Fund must be higher than the Target NAV per Unit for at least ten (10) consecutive Business Days. The Target NAV per Unit is:-

$$\text{MYR } 1.0100 + \text{Sales Charge per Unit imposed} + \text{Target Yield in MYR per Unit terms.}$$

The Target Yield is the income distribution rate that the Fund endeavours to distribute to you, to meet the guided return, subject to the availability of income. It is useful to note that the Target Yield is a projected distribution rate that the Fund is expected to be able to meet, based on the targeted portfolio of fixed income instruments investments.

The Target Yield will be confirmed via a Communiqué after the end of the Offer Period and is expected to be presented as a % rate (e.g. 4.50%). For the Target Yield to be adjusted in MYR per Unit terms, the following calculation will be used:

$$\text{Target Yield in MYR per Unit terms} = (\text{Target Yield} \times (\text{Offer Price} + \text{Sales Charge per Unit}))$$

As an illustration to how the Target NAV per Unit is computed, let assume the following:

|                                    |   |                                                                                  |
|------------------------------------|---|----------------------------------------------------------------------------------|
| Target Yield                       | = | 4.50%                                                                            |
| Sales Charge per Unit imposed      | = | 3.0% (i.e. MYR 0.0300 per Unit)                                                  |
| Offer Price                        | = | MYR 1.0000 per Unit                                                              |
| Target Yield in MYR per Unit terms | = | $(4.50\% \times (\text{MYR } 1.0000 + \text{MYR } 0.0300)) = \text{MYR } 0.0464$ |

Target NAV per Unit is computed as:-

MYR 1.0100 plus Sales Charge per Unit imposed and Target Yield in MYR per Unit terms

= MYR 1.0100 + MYR 0.0300 + MYR 0.0464

= MYR 1.0864 per Unit

Therefore, the Target NAV per Unit is MYR 1.0864.

In this example, the Fund's NAV per Unit will need to be at least MYR 1.0864 per Unit for 10 consecutive Business Days before we can issue the Early Maturity Communique on the next Business Day of the day when criteria of "How Is an Early Maturity triggered" is met. Subsequently, the Fund will early mature on the 10<sup>th</sup> Business Day following the date the Early Maturity Communique is issued. We will need to liquidate the remaining assets in the Fund and you will be paid based on the NAV of the Fund as at the 10<sup>th</sup> Business Day from the date the Early Maturity Communique is issued. In the event we deem unable to liquidate all the assets on the 10<sup>th</sup> Business Day, we will issue a Communique to you to extend the Early Maturity Date up to the 20<sup>th</sup> Business Day from the date the Early Maturity Communique is issued. In such event, Unit Holders will be paid based on the NAV of the Fund as at the 20<sup>th</sup> Business Day from the date the Early Maturity Communique is issued.

As a reminder, the Target NAV per Unit covers your initial capital invested including the Sales Charge imposed and the annual income distribution at a rate that the Fund endeavours to distribute to you. The Early Maturity proceeds received by you based on the final NAV of the Fund is expected to closely match the Target NAV per Unit but it may be lower than the Target NAV per Unit as the liquidation of assets in the portfolio is subject to market conditions and liquidation costs. To increase the likelihood of the Offer Price, Sales Charge imposed and Target Yield being covered by the Early Maturity proceeds, an additional buffer of 1% has been incorporated into the computation of Target NAV per Unit. The final Target NAV per unit will be communicated to you via a Communique.

Should the Early Maturity occur in a later stage of the Fund, such as on the fifth (5<sup>th</sup>) year, you would have already received four (4) rounds of annual income distributions on top of the Early Maturity proceeds. Please be reminded that your investments in the Fund will be subject to the risks highlighted under "Understanding The Risks Of The Fund" section.

### Assumptions

For illustration purposes, Business Day count starts from the 1<sup>st</sup> anniversary of Investment Date. The Early Maturity Date may fall on a date, earliest on the 1<sup>st</sup> anniversary of the Investment Date up to the date, 30 days before the 5<sup>th</sup> anniversary of the Investment Date.

|                             |   |        |
|-----------------------------|---|--------|
| Sales Charge                | = | 3.00%  |
| Offer Price (MYR per Unit)  | = | 1.0000 |
| Target Yield                | = | 4.50%  |
| Target Yield (MYR per Unit) | = | 0.0464 |
| Target NAV per Unit         | = | 1.0864 |

## Early Maturity Triggered

## Early Maturity Not Triggered

## PERMITTED INVESTMENT

- Debentures;
- Money market instruments;
- Deposits;
- Derivatives;
- Structured products;
- Any other form of investments as may be permitted by the SC that is in line with the investment objective of the Fund.

## INVESTMENT RESTRICTIONS AND LIMITS

The purchase of the permitted investments set out above shall not contravene the following limits:-

- a) The aggregate value of the Fund's investments in debentures, money market instruments, deposits and OTC derivatives issued by or placed with (as the case may be) any single issuer/institution shall not exceed 25% of the Fund's NAV;
- b) The value of the Fund's investments in debentures issued by any single issuer shall not exceed 20% of the Fund's NAV;
- c) The single issuer limit in (b) may be increased to 30% if the debentures are rated by RAM, MARC, Standard & Poor's, Moody's or Fitch to be of the best quality and offer highest safety for timely payment of interest and principal (i.e. AAA by RAM or its equivalent rated by other rating agencies);

- d) For the purpose of (a), where the single issuer limit is increased to 30% pursuant to item (c), the aggregate value of the Fund's investments shall not exceed 30% of the Fund's NAV;
- e) The value of the Fund's investments in debentures issued by any one group of companies shall not exceed 30% of the Fund's NAV;
- f) The aggregate value of the Fund's investments in debentures which are rated below investment grade i.e. lower than BBB3 rating by RAM or below investment grade rating by other rating agencies, must not exceed 40% of the Fund's NAV;
- g) The value of the Fund's placements in deposits with any single institution shall not exceed 20% of the Fund's NAV;
- h) The Fund's exposure from its derivatives position should not exceed the Fund's NAV at all times;
- i) The value of the Fund's OTC derivative transaction with any single counter-party shall not exceed 10% of the Fund's NAV;
- j) The value of the Fund's investment in unlisted securities must not exceed 10% of the Fund's NAV. However, this exposure limit does not apply to:-
  - i. Debentures traded on an OTC market; and
  - ii. Structured products;
- k) The value of the Fund's investments in structured products issued by a single counter-party must not exceed 15% of the Fund's NAV;
- l) The Fund's investments in debentures shall not exceed 20% of that issued by any single issuer;
- m) The Fund's investments in money market instruments shall not exceed 10% of the instruments issued by any single issuer. This limit does not apply to money market instruments that do not have a predetermined issue size;
- n) The limits and restrictions on the permitted investments set out above does not apply to securities or instruments issued or guaranteed by the Malaysian government or Bank Negara Malaysia;
- o) The issuers of the OTC derivatives must be licensed financial institutions with a minimum long term rating of AA by RAM or its equivalent rated by other rating agencies; and
- p) Any other investment limits or restrictions imposed by the Guidelines applicable to the Fund.

The abovementioned limits and restrictions will be complied with at all times based on the up-to-date value of the Fund, and the value of their investments and instruments. However, a 5% allowance in excess of any limits or restrictions may be permitted where the limit or restriction is breached through the appreciation or depreciation of the NAV of the Fund (whether as a result of an appreciation or depreciation in value of the investments, or as a result of repurchase of units or payment made from the Fund). The Manager will not make any further acquisitions to which the relevant limit is breached and the Manager, within three (3) months from the date of the breach will take all necessary steps and actions to rectify the breach.

## **DISTRIBUTION POLICY**

Depending on the level of income the Fund generates, the Fund will provide distribution on an annual basis.

## **VALUATION POINT OF THE FUND**

The Fund will be valued at 6.00 p.m. on every Business Day (or "trading day" or "T" day). However, if the Fund has exposure to investments outside of Malaysia, the Fund will be valued at 11.00 a.m. on the next Business Day (or "T + 1"). All foreign assets are translated into the base currency of the Fund i.e. MYR, based on the latest available bid exchange rate quoted by Bloomberg/Reuters at 4.00 p.m. (United Kingdom time) which is equivalent to 11 p.m. or 12 midnight (Malaysian time) on the same day, or at such time as stipulated in the investment management standards issued by the FiMM.

## **VALUATION OF ASSETS**

We will ensure that the valuation of the Fund is to be carried out in a fair manner in accordance to the relevant laws and Guidelines. We will obtain the daily price or value of the assets for the purpose of valuing the Fund in accordance to the Malaysian Financial Reporting Standard 9 issued by the Malaysian Accounting Standards Board. In the absence of daily price or value of the assets, we will use the latest available price or value of the assets respectively. The valuation bases for the permitted investments of the Fund are as follows:

➤ **Debentures**

For unlisted MYR denominated debentures, valuation will be done using the price quoted by a Bond Pricing Agency (“BPA”) registered with the SC. If the Manager is of the view that the price quoted by BPA differs from the market price by more than 20 basis points, the Manager may use the market price, provided that the Manager records its basis for using a non-BPA price, obtains the necessary internal approvals to use the non-BPA price and keeps an audit trail of all decisions and basis for adopting the market yield. For unlisted foreign debentures, they will be valued using the average indicative yield quoted by 3 independent and reputable institutions. For listed debentures, the valuations shall be based on the market price i.e. closing bid price. Where the use of the quoted market value is inappropriate, or where no market price is available, including in the event of suspension in the quotation of the listed debentures for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, such listed debentures are valued at fair value determined in good faith by the Manager or its delegate, based on the methods or bases approved by the Trustee after appropriate technical consultation.

➤ **Deposits**

Valuation of deposits placed with Financial Institutions will be done by reference to the principal value of the deposits and the interests accrued thereon for the relevant period.

➤ **Money Market Instruments**

The valuation of MYR denominated money market instruments will be done using the price quoted by BPA registered with the SC. For foreign money market instruments, valuation will be done using the indicative yield quoted by independent and reputable institutions.

➤ **Derivatives and Structured Products**

The valuation of derivatives and structured products will be based on the prices provided by the respective issuers or structurer. The issuers generate the market valuation through the use of their own proprietary valuation models, which incorporate all the relevant and available market data with respect to the derivatives and structured products (e.g. interest rates, movement of the underlying assets, volatility of the underlying assets, the correlation of the underlying assets and such other factors). For foreign exchange forward contracts (“FX Forwards”), we will apply interpolation formula to compute the value of the FX Forwards based on the rates provided by the Bloomberg or Reuters. If the rates are not available on the Bloomberg or Reuters, the FX Forwards will be valued by reference to the average indicative rate quoted by at least 3 independent dealers. In the case where the Manager is unable to obtain quotation from 3 independent dealers, the FX Forwards will be valued in accordance with a fair value as determined by us in good faith, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.

# ABOUT THE FEES AND CHARGES

**There are fees and charges involved and you are advised to consider the fees and charges before investing in the Fund.**

You should be aware that all fees, charges and expenses referred to or quoted in this Information Memorandum (including any supplemental information memorandum) and the Deed (including any supplemental deed) are referred to or quoted as being exclusive of any tax which may be imposed by the relevant authority. We (including the Trustee and other service providers) will charge the applicable tax, if any, on the fees, charges and expenses in accordance with the relevant laws.

***The following are the charges that may be directly incurred by you.***

## **SALES CHARGE**

3.00% on the Offer Price and at our discretion, we may reduce the Sales Charge.

## **REPURCHASE CHARGE**

We will impose a Repurchase Charge if repurchase of Units is made after the Investment Date of the Fund.

Depending on when the repurchase request is made, the following Repurchase Charge shall be applicable:

- Up to 3.00% of NAV per Unit from the Investment Date up to the second (2<sup>nd</sup>) anniversary of the Investment Date.
- Up to 2.00% of NAV per Unit from the Business Day immediately following the second (2<sup>nd</sup>) anniversary up to the fourth (4<sup>th</sup>) anniversary of the Investment Date.
- Up to 1.00% of NAV per Unit from the Business Day immediately following the fourth (4<sup>th</sup>) anniversary up to the fifth (5<sup>th</sup>) anniversary of the Investment Date.
- At Maturity Date or Early Maturity Date – Nil

*The Repurchase Charge is not negotiable.*

Notes:

- (1) There will not be any Repurchase Charge applicable on the repurchase request made before the Investment Date.
- (2) At the Maturity Date or Early Maturity Date, we will cancel all Units and as such do not constitute a repurchase request. That being the case, Repurchase Charge is not applicable at the Maturity Date or Early Maturity Date, as the case may be.
- (3) The Repurchase Charge will be retained by the Manager.
- (4) The Repurchase Charge may be reduced at our discretion.

Assuming that the number of Units repurchased is 100,000, the NAV per Unit is MYR 1.00 and the repurchase request is made on the Fund's 1<sup>st</sup> anniversary from the Investment Date, the repurchased amount would be:-

100,000 Units x MYR 1.00 = MYR 100,000

Then, the Repurchase Charge would be:-

MYR 100,000 x 3.0% = MYR 3,000

## **TRANSFER FEE**

Nil.

## **SWITCHING FEE**

Not applicable as the switching facility is not available for this Fund.

***The following are the fees and expenses that you may indirectly incur when you invest in the Fund.***

## **ANNUAL MANAGEMENT FEE**

The management fee is up to 0.20% of the NAV of the Fund per annum (before deducting the management fee and trustee fee). The management fee is accrued daily and payable monthly.

Assuming that the NAV of the Fund is MYR 120 million for the day, then the daily accrued trustee fee would be:-

$$\frac{\text{MYR 120 million} \times 0.20\%}{365 \text{ days}} = \text{MYR 657.53 per day}$$

## **ANNUAL TRUSTEE FEE**

The Fund pays an annual trustee fee of up to 0.04% per annum of the NAV of the Fund (excluding foreign custodian fees and charges). The Trustee may be reimbursed by the Fund for any expenses properly incurred by it in the performance of its duties and responsibilities.

The trustee fee is calculated and accrued daily and payable monthly to the Trustee.

Assuming that the NAV of the Fund is MYR 120 million for the day, then the daily accrued trustee fee would be:-

$$\frac{\text{MYR 120 million} \times 0.04\%}{365 \text{ days}} = \text{MYR 131.51 per day}$$

## **FUND EXPENSES**

Only fees and expenses that are directly related and necessary to the business of the Fund may be charged to the Fund. These include the following:

- Charges/fees paid to foreign sub-custodian;
- Taxes and other duties charged on the Fund by the government and/or other authorities;
- The fee and other expenses properly incurred by the auditor appointed for the Fund;
- Fees for the valuation of any investments of the Fund by independent valuers;
- Costs incurred for the modification of the Deed of the Fund other than those for the benefit of the Manager and/or Trustee;
- Cost incurred for any meeting of the Unit Holders except for those that convened for the benefit of the Manager or Trustee;
- Costs, fees and expenses incurred for the fund valuation and accounting of the Fund performed by a fund valuation agent; and
- Other fees/expenses permitted in the Deed.

## MAXIMUM RATE OF FEES AND CHARGES ALLOWABLE BY THE DEED

We may impose higher fees and charges up to the following stated maximum rate, provided that we have taken the necessary procedures as stated in the Deed to increase the fees and charges.

|                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

## REBATES AND SOFT COMMISSIONS

We or any of our delegates thereof will not retain any rebate or soft commission from, or otherwise share in any commission with, any broker or dealer in consideration for directing dealings in the investments of the Fund. Accordingly, any rebate or shared commission should be directed to the account of the Fund.

The soft commission can be retained by us or our delegates provided that:-

the goods and services are of demonstrable benefit to the Unit Holder in the form of research and advisory services that assist in the decision-making process relating to the Fund's investments; and any dealing with the broker or dealer is executed on terms which are the most favourable for the Fund.

# UNDERSTANDING THE RISKS OF THE FUND

Below are the risks associated with the investments of the Fund that you should consider before investing.

|                             | GENERAL RISKS OF THE FUND                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Market risk</b>          | Market risk arises because of factors that affect the entire market place. Factors such as economic growth, political stability and social environment are some examples of conditions that have an impact on businesses, whether positive or negative. It stems from the fact that there are economy-wide perils, or instances of political or social instability which threaten all businesses. Hence, the Fund will be exposed to market uncertainties and fluctuations in the economic, political and social environment that will affect the market price of the investments either in a positive or negative way.                                                           |
| <b>Fund management risk</b> | This risk refers to the day-to-day management of the Fund by us which will impact the performance of the Fund. For example, investment decisions undertaken by us as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the Deed, relevant law or guidelines due to factors such as human error, fraudulent, dishonesty or weaknesses in operational process and systems, may adversely affect the performance of the Fund.                                                                                                                                                                                            |
| <b>Liquidity risk</b>       | Liquidity risk refers to two scenarios. The first is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment to be sold below its fair value which would adversely affect the NAV of the Fund. Upon such event and in the best interest of the Unit Holders, the Trustee may suspend the repurchase of Units requests. Please refer to <i>"What Is The Process of Repurchase Application"</i> for more details.                                                                                            |
| <b>Performance risk</b>     | The performance of the Fund depends on the financial instruments that the Fund purchases. If the instruments do not perform within expectation or if there is a default, then, the performance of the Fund will be impacted negatively. The performance of the Fund may also be impacted if the allocation of assets is not properly done. This is where the experience and expertise of the fund managers are important and the risk on the lack of experience and expertise of the fund managers has been highlighted above. On that basis, there is never a guarantee that investing in the Fund will produce the desired investment returns or on the distribution of income. |
| <b>Inflation risk</b>       | This is the risk that your investment in the Fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce your purchasing power even though the value of the investment in monetary terms has increased.                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <b>Operational risk</b>     | Operational risk is the risk of loss due to the breakdown, deficiencies or weaknesses in the operational support functions resulting in the operations or internal control processes producing an insufficient degree of customer quality or internal control by the Manager. Operational risk is typically associated with human error, system failure, fraud and inadequate or defective procedures and controls.                                                                                                                                                                                                                                                               |
| <b>Loan financing risk</b>  | This risk occurs when you take a loan or financing to finance your investment. The inherent risk of investing with borrowed money includes you being unable to service the loan repayments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower NAV per Unit as compared to the NAV per Unit at the point of purchase towards settling the loan.                                                                                                                                                        |

**SPECIFIC RISKS OF THE FUND**

**Credit and default risk**

Credit risk relates to the creditworthiness of the issuers of the fixed income instruments, i.e. debentures and money market instruments, and their expected ability to make timely payment of interest and/or principal. Any adverse situations faced by the issuer may impact the value as well as liquidity of the fixed income instrument. In the case of rated fixed income instruments, this may lead to a credit downgrade. Default risk relates to the risk that an issuer of a fixed income instrument either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the fixed income instruments. This could adversely affect the value of the Fund.

As the Fund may also invest up to 40% of its NAV in unrated debentures and/or debentures which are rated below investment grade by Standard & Poor's, Moody's, Fitch, RAM, MARC or any other rating agencies, this will imply a higher credit risk. We will follow a strict selection process to reduce the credit risk of the Fund. Please refer to "Fixed Income Instruments Selection Process and Criteria" on page 6 for more details.

The chart below shows the credit rating assigned by Moody's, Standard & Poor's, Fitch, RAM and MARC:-

**Note:** Credit ratings assigned by the credit rating agencies are dependent on the analyses and assessments conducted by the respective agencies. Due to different methodologies used by the agencies, the creditworthiness of the debentures may be concluded differently as well. Therefore, the credit ratings are not the sole indicator of investment merit. As such, credit rating assigned by a rating agency cannot be assumed as an equivalent rating by another rating agency and therefore, it should not be compared against with another.

**Interest rate risk**

This risk refers to the impact of interest rate changes on the valuation of the fixed income instruments, i.e. debentures and money market instruments. When interest rates rise, the instruments prices generally decline and this may lower the market value of the instruments. The reverse may apply when interest rates falls. For investments into deposits, the fluctuations in the interest rates will not affect the placement of deposits but will result in the opportunity loss by the Fund if the placement of deposits is made at lower interest rate.

| <b>Derivatives risk</b>        | Valuation of derivatives takes into account a multitude of factors such as movement of the underlying assets, the correlation of the underlying assets with the Fund, the implied future direction of the underlying assets and other factors. Any diverse changes of the factors mentioned above, may result in a lower NAV price and higher volatility for the Fund's NAV.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Structured product risk</b> | The NAV of the Fund will be impacted by the valuation of the structured product. Factors that may impact the valuation of the structured products will include, but not limited to movement of the underlying asset, volatility of the underlying assets, interest rate levels, the correlation of the underlying assets and other such factors. Any change in the aforesaid factors would either positively or negatively impact the valuation of the structured products hence impacting the NAV of the Fund. As such, the Fund's NAV will be exposed to potential price volatility, which will be dependent on the valuation of the structured products that the Fund invested in.                                                                                                                                                                                                                                                       |
| <b>Counterparty risk</b>       | Counterparty risk concerns the Fund's investment in structured products and derivatives ("Investments"). Counterparty risk is prevalent as the potential returns derived from the Investments are dependent on the ongoing ability and willingness of the issuer i.e. a financial institution to fulfill their respective financial commitments to the Fund in a timely manner. Bankruptcy, fraud or regulatory non-compliance arising out of and/or in connection with the issuer may impair the operations and/or the performance of the Fund. However, we will conduct stringent credit selection process of the issuer of the Investments prior to commencement of Investments and monitoring mechanisms established by us may potentially mitigate this risk. If, we are of the opinion there is material adverse change to an issuer, we may consider unwinding the issuer's Investments to mitigate potential losses that may arise. |
| <b>Currency risk</b>           | Currency risk is also known as foreign exchange risk where the risk is associated with the Fund's underlying investments which are denominated in different currencies than the Fund's base currency, i.e. MYR. The impact of the exchange rate movement between MYR and the currencies of the underlying investments may result in depreciation or appreciation of the value of the Fund's investments as expressed in MYR.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| <b>Country risk</b>            | The foreign investments of the Fund may be affected by risks specific to the country in which it invests in. Such risks, which include changes in a country's economic fundamentals, social and political stability, currency movements and foreign investment policies, may have an impact on the prices of the Fund's investments in such countries. Consequently, it may also affect the Fund's NAV.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Repurchase risk</b>         | You are reminded to be prepared to commit your investment until the Maturity Date. Any repurchase request made by you will be based on Forward Pricing which is the NAV per Unit at the next valuation point. The NAV per Unit at that valuation point may be lower than your investment outlay. You are also reminded that exiting this Fund prior to the Maturity Date will attract a Repurchase Charge and this may further reduce any monies payable to you. The Repurchase Charge incurred by you will be retained by the Manager.                                                                                                                                                                                                                                                                                                                                                                                                     |
| <b>Reinvestment risk</b>       | This risk arises when an issuer of fixed income instrument decides to repay the principal earlier than the intended maturity date, especially during times of declining interest rates. As a result, the Fund may experience lower returns due to reinvesting in lower yielding fixed income instruments.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <b>Mismatch risk</b>           | This risk arises upon the commencement of the Investment Date when there is a mismatch between the Maturity Date of the Fund and the maturity date of the investments which the Fund holds. A mismatch of maturity may potentially result in a loss to the Fund. As a simple example, assuming that the Fund matures on 31 July 2026 (5 years from Investment Date of 31 July 2021) but the Fund is holding a debenture that matures only in 2027. When the Fund matures, the Fund is forced to sell that debenture (to liquidate all investments) at the current market price (as at 31 July 2026) which may be lower than the nominal value of the debenture had the debenture been held until 2027.                                                                                                                                                                                                                                      |

**!** It is important to note that events affecting the investments cannot always be foreseen. Therefore, it is not possible to protect investments against all risks. You are recommended to read the whole Information Memorandum to assess the risks associated with the Fund. If necessary, you should consult your professional adviser(s) for a better understanding of the risks.

## **HOW TO MAKE PAYMENT FOR PURCHASE APPLICATION?**

- Bank Transfer  
You may transfer the purchase payment into our bank account via telegraphic transfer or online transfer and include your name in the transaction description for our reference. You may obtain our bank account details from our online download center at [www.affinhwangam.com](http://www.affinhwangam.com).
- Bank charges or other bank fees, if any, will be borne by you.

## **WHAT IS THE PROCESS OF THE PURCHASE APPLICATION?**

- During the Offer Period, if we receive your purchase application on a Business Day, we will create your Units based on the offer price of the Fund. Units will ONLY be sold during the Offer Period.
- Sale of Units will be honoured upon receipt of complete set of documents together with the proof of payments.

## **HOW TO REPURCHASE UNITS?**

- You must meet the minimum holding of Units after a repurchase transaction. If you insist on making a repurchase request knowing that after the transaction you will hold less than the minimum holdings of Units, we may withdraw all your holding of Units and pay the proceeds to you.
- You may submit the repurchase request by completing a transaction form and returning it to us between 8.45 a.m. to 3.30 p.m. on a Business Day.
- Payment of the repurchase proceeds will be made via bank transfer where proceeds will be transferred to your bank account. Where Units are held jointly, payment will be made to the person whose name appears first in the register of Unit Holders.
- Bank charges and other bank fees, if any, will be borne by you.

## **WHAT IS THE PROCESS OF REPURCHASE APPLICATION?**

- During the Offer Period, if we receive your repurchase application on a Business Day, we will repurchase your Units based on the Offer Price of the Fund. After the Offer Period, for a repurchase request received or deemed to have been received by us at or before 3.30p.m. on a Business Day (or "T day"), Units will be repurchased based on the NAV per Unit of the Fund for that Business Day. Any repurchase request received after 3.30p.m. will be transacted on the next Business Day (or "T + 1 day").
- Processing is subject to receipt of a complete transaction form and such other documents as may be required by us.
- In addition, the Trustee may suspend the repurchase of Units requests:
  - (i) where the Trustee considers that it is not in the interests of the existing Unit Holders to permit the assets of the Fund to be sold or that the assets cannot be liquidated at an appropriate price or on adequate terms and immediately call a Unit Holders' meeting to decide on the next course of action; or
  - (ii) without the consent of the Unit Holders, due to exceptional circumstances when there is a good and sufficient reason to do so having regard to the interests of the Unit Holders. In such case, the period of the suspension shall not exceed 21 days of the commencement of the suspension.

## **WHAT IS THE REPURCHASE PROCEEDS PAYOUT PERIOD?**

- You will be paid within ten (10) days from the day the repurchase request is received by us, provided that all documentations are completed and verifiable.

## **WHAT IS THE PRICING OF UNITS?**

- Any applicable Sales Charge and Repurchase Charge are payable separately from the Selling Price and Repurchase Price. During Offer Period, the Selling Price and the Repurchase Price is equivalent to the Offer Price. After the Offer Period, Forward Pricing will be used to determine the Repurchase Price per Unit of the Fund, which is the NAV per Unit for the Fund as at the next valuation point after the repurchase request is received by us.

## **WHERE TO PURCHASE AND REPURCHASE UNITS?**

- Units can be purchased and repurchased at any of the location listed in “Directory of Sales Office” section.
- You may obtain a copy of the Information Memorandum, PHS and application forms from the abovementioned location. Alternatively, you may also visit our website at [www.affinhwangam.com](http://www.affinhwangam.com).

## **WHAT IS COOLING-OFF RIGHT?**

- You have the right to apply for and receive a refund for every Unit that you have paid for within six (6) Business Days from the date we received your purchase application. You will be refunded for every Unit held based on the NAV per Unit and the Sales Charge of the particular Class, on the day those Units were first purchased and you will be refunded within ten (10) days from the receipt of the cooling-off application.

Please note that the cooling-off right is applicable to you if you are an individual investor and are investing in any of our funds for the first time. However, if you are a staff of AHAM or a person registered with a body approved by the SC to deal in unit trusts, you are not entitled to this right.

We will process your cooling-off request if your request is received or deemed to have been received by us at or before 3.30 p.m. on a Business Day (or “T day”). Any cooling-off request received after 3.30 p.m. will be transacted on the next Business Day (or “T+1 day”).

Processing is subject to receipt of a complete transaction form and such other documents as may be required by us.

## **WHAT ARE THE SWITCHING OPTIONS?**

- Switching facility is not available for this Fund.

## **CAN I TRANSFER MY UNITS TO ANOTHER PERSON?**

- You are allowed to transfer your Units, whether fully or partially, to another person by completing the transfer transaction form and returning it to us on a Business Day. There is no minimum amount of Units required to effect a transfer except that the transferor and transferee must hold the minimum holdings of Units to remain as a Unit Holder.

It is important to note that we are at the liberty to disregard or refuse to process the transfer application if the processing of such instruction be in contravention of any law or regulatory requirements, whether or not having the force of law and/or would expose us to any liability. The person who is in receipt of the Units must be a Sophisticated Investor as well.

## **HOW DO I RECEIVE THE INCOME DISTRIBUTION?**

- All income shall be paid in cash. There will be no option for you to reinvest the income in the form of additional Units for this Fund.

For telegraphic transfer option, payment will be transferred to your bank account within seven (7) Business Days after the distribution date.

At the Maturity Date of the Fund, we will redeem or sell the assets of the Fund, and return all proceeds to you (based on the number of Units you hold), subject to the applicable Fund expenses and fees. The payment of income and proceeds is expected to be paid to you within two (2) weeks from the Maturity Date and will not be more than two (2) month from the Maturity Date.

## ABOUT THE TRUSTEE - TMF TRUSTEES MALAYSIA BERHAD

The Trustee is part of TMF Group, an independent global service provider in the trust and fiduciary sector. The group has more than 125 offices in 83 jurisdictions in the world. TMF Group started in Malaysia in 1992 with its first office in Labuan International Business Financial Centre (IBFC), providing trust and fiduciary services. The Kuala Lumpur office was established in 2003 to support the Labuan office in servicing Malaysian clients and to undertake domestic trust business.

### Duties and Responsibilities of the Trustee

The Trustee's main functions are to act as trustee and custodian of the assets of the Fund and to safeguard the interests of Unit Holders of the Fund. In performing these functions and duties, the Trustee has to exercise all due care and vigilance and is required to act in accordance with the provisions of the Deed, all relevant laws and the Guidelines. Apart from being the legal owner of the Fund's assets, the Trustee is also responsible for ensuring that the Manager performs its duties and obligations in accordance with the provisions of the Deed, all relevant laws and the Guidelines.

# RELEVANT INFORMATION

## SALIENT TERMS OF THE DEED

### Your Rights and Liabilities

You have the right, among others, to the followings:-

- (a) To receive the distribution of income, participate in any increase in the value of the Units and to other such rights and privileges as set out under the Deed for the Fund;
- (b) To call for Unit Holders' meetings, and to vote for the removal of the Trustee or the Manager through a special resolution; and
- (c) To receive annual and quarterly reports.

However, you would not have the right to require the transfer to the Unit Holder of any of the investments or assets of the Fund. Neither would you have the right to interfere with or question the exercise by the Trustee or the Manager on his behalf, of the rights of the Trustee as trustee of the investments or assets of the Fund.

You are not liable to the followings:-

- (a) For any amount in excess of the purchase price paid for the Units as determined pursuant to the Deed at the time the Units were purchased;
- (b) For any obligation to indemnify the Trustee and/or the Manager in the event that the liabilities incurred by the Trustee and the Manager in the name of or on behalf of the Fund pursuant to and/or in the performance of the provisions of the Deed exceed the NAV of the Fund, and any right of indemnity of the Trustee and/or the Manager shall be limited to recourse to the Fund.

### Provisions Regarding Unit Holders' Meetings

#### *Unit Holders' Meeting Convened By The Unit Holders*

Unless otherwise required or allowed by the relevant laws, the Manager shall, within twenty-one (21) days of receiving a direction from not less than fifty (50) or one-tenth (1/10) of all the Unit Holders, whichever is less, summon a meeting of the Unit Holders by:-

- (a) by post at least seven (7) days before the date of the proposed meeting a notice of the proposed meeting to all the Unit Holders; and
- (b) publishing at least fourteen (14) days before the date of the proposed meeting an advertisement giving notice of the proposed meeting in a national language newspaper published daily and another newspaper approved by the relevant authorities.

The Unit Holders may apply to the Manager to summon a meeting for any purpose including, without limitation, for the purpose of:-

- (a) requiring the retirement or removal of the Manager;
- (b) requiring the retirement or removal of the Trustee;
- (c) considering the most recent financial statements of the Fund; or
- (d) giving to the Trustee such directions as the meeting thinks proper;

provided always that the Manager shall not be obliged to summon such a meeting unless a direction has been received from not less than fifty (50) or one-tenth (1/10) of all the Unit Holders, whichever is the lesser number.

#### *Unit Holders' Meeting Convened By The Trustee*

Notwithstanding anything herein the Deed contained, and unless otherwise required or allowed by the relevant laws, a meeting of the Unit Holders summoned by the Trustee for the purpose of authorising the exercise of the right to vote by the Manager and/or the Trustee in respect of any shares forming part of the investments of the Fund which are held by the Manager and/or the Trustee at any election for the appointment of any director of a corporation whose shares are so held shall be summoned by:

- (a) sending by post at least fourteen (14) days before the date of the proposed meeting a notice of the proposed meeting to all the Unit Holders; and
- (b) publishing at least fourteen (14) days before the date of the proposed meeting an advertisement giving notice of the meeting in a national language newspaper published daily and another newspaper approved by the relevant authorities.

All such notices and advertisement to the Unit Holders shall specify the place, time and terms of the resolutions to be proposed. Where the Trustee summons a Unit Holders' meeting in the event:

- (a) the Manager is in liquidation;
- (b) in the opinion of the Trustee, the Manager has ceased to carry on business; or
- (c) in the opinion of the Trustee, the Manager has, to the prejudice of Unit Holders, failed to comply with the Deed or contravened any of the provisions of the Act.

Or where the Trustee may also summon a Unit Holders' meeting for any purpose including, without limitation, for the purpose of:

- (a) requiring the retirement or removal of the Manager;
- (b) giving instructions to the Trustee or the Manager if the Trustee considers that the investment management policies of the Manager are not in the interests of Unit Holders;
- (c) securing the agreement of the Unit Holders to release the Trustee from any liability;
- (d) deciding on the next course of action after the Trustee has suspended the sale and repurchase of Units pursuant to Clause 6.9.1 of the Deed; and
- (e) deciding on the reasonableness of the annual management fee charged to the Fund or each Class.

Then, a meeting of the Unit Holders summoned by the Trustee shall be summoned by:

- (a) sending by post at least twenty-one (21) days before the date of the proposed meeting a notice of the proposed meeting to each of the Unit Holders at the Unit Holder's last known address or, in the case of Jointholders, to the Jointholder whose name stands first in the records of the Manager at the Jointholder's last known address; and
- (b) publishing at least twenty-one (21) days before the date of the proposed meeting an advertisement giving notice of the meeting in a national language newspaper published daily and another newspaper approved by the relevant authorities.

#### *Unit Holders' Meeting Convened By The Manager*

The Manager may for any purpose whatsoever summon a meeting of the Unit Holders by sending by post at least fourteen (14) days before the date of the proposed meeting, or such other time as may be prescribed by the relevant laws, a notice of the proposed meeting to all the Unit Holders. All such notices and advertisement to the Unit Holders shall specify the place, time and terms of the resolutions to be proposed.

#### *Quorum Required for Convening A Unit Holders' Meeting*

The quorum required for a meeting of the Unit Holders shall be five (5) Unit Holders, whether present in person or by proxy, provided that if the Fund has five (5) or less Unit Holders, the quorum required for a meeting of the Unit Holders of the Fund shall be two (2) Unit Holders, whether present in person or by proxy; if the meeting has been convened for the purpose of voting on a Special Resolution, the Unit Holders present in person or by proxy must hold in aggregate at least twenty five per centum (25%) of the Units in circulation at the time of the meeting.

#### **Termination of the Fund**

The Fund may be terminated or wound up subject to a Special Resolution being passed at a Unit Holders' meeting to terminate or wind up the Fund.

#### **Procedures to be taken to increase the Fees and Charges from the current amount stipulated in the Information Memorandum**

We may not charge a Sales Charge and/or Repurchase Charge at a rate higher than that disclosed in a prevailing information memorandum unless:-

- (a) we have notified the Unit Holders of the higher rate and the date on which such higher rate is to become effective; and
- (b) a supplemental/replacement information memorandum is issued thereafter.

We or the Trustee may not charge an annual management fee and/or an annual trustee fee at a rate higher than that disclosed in a prevailing information memorandum unless:

- (a) both the trustee and the Manager have come to an agreement on the higher rate;
- (b) we has notified the Unit Holders of the higher rate and the date on which such higher rate is to become effective; and
- (c) a supplemental/replacement information memorandum stating the higher rate is issued thereafter.

## **INCORRECT PRICING**

We will take immediate action to rectify any incorrect valuation and/or pricing of the Fund and/or the Units and to notify the Trustee and the SC of the same unless the Trustee considers the incorrect valuation and/or pricing of the Fund and/or the Units is of minimal significance.

The Trustee will not consider an incorrect valuation and/or pricing of the Fund and/or the Units to be of minimal significance if the error involves a discrepancy of 0.5% or more of the NAV per Unit unless the total impact on your account is less than MYR 10.00, if applicable. An incorrect valuation and/or pricing not considered to be of minimal significance by the Trustee will result in reimbursement of moneys in the following manner:

|                                                                                         | Reimbursement by: | Receiving parties:                |
|-----------------------------------------------------------------------------------------|-------------------|-----------------------------------|
| Over valuation and/or pricing in relation to the repurchase and cancellation of Units.  | AHAM              | Fund                              |
| Under valuation and/or pricing in relation to the repurchase and cancellation of Units. | Fund              | Unit Holder or former Unit Holder |

## **POLICY ON GEARING AND MINIMUM LIQUID ASSETS REQUIREMENTS**

The Fund is not permitted to borrow cash or other assets (including the borrowing of securities within the meaning of the SC's Securities Borrowing and Lending Guidelines [SBL Guidelines]) in connection with its activities.

Except for securities lending as provided under the SBL Guidelines, none of the cash or investments of the Fund may be lent. Further, the Fund may not assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person. In structuring the portfolio of the Fund, we will maintain sufficient liquid assets to ensure short term liquidity in the Fund to meet operating expenses.

## **UNCLAIMED MONIES**

Any monies payable to you which remain unclaimed after twelve (12) months from the date of payment will be paid to the Registrar of Unclaimed Monies by the Manager in accordance with the requirements of the Unclaimed Moneys Act 1965.

# INVESTORS INFORMATION

## How can I keep track of my investment?

You may obtain the daily Fund price from our website at [www.affinhwangam.com](http://www.affinhwangam.com). The daily prices are based on information available one (1) Business Day prior to publication.

We will provide you with an annual report and a quarterly report within two (2) months after the end of the financial period the report covers. In addition, we will also send you a monthly statement confirming the current Unit holdings and transactions relating to your Units in the Fund.

## Who should I contact if I need additional information of the Fund?

You can seek assistance from our customer service personnel at our toll free number 1-800-88-7080 between 8.45 a.m. to 5.30 p.m. on a Business Day. Alternatively, you can e-mail us at [customercare@affinhwangam.com](mailto:customercare@affinhwangam.com).

## ANTI-MONEY LAUNDERING POLICIES AND PROCEDURES

Pursuant to the Anti-Money Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act 2001 (“AMLATFPUAA”) and the SC’s Guidelines on Prevention of Money Laundering and Terrorism Financing for Capital Market Intermediaries, it is our responsibility to prevent AHAM from being used for money laundering and terrorism financing activities. To this end, we have established an Anti-Money Laundering/Counter-Financing of Terrorism Framework (AML/CFT Framework) and put in place anti-money laundering process and procedures to combat such activities. This includes a robust due diligence process and procedures for client on-boarding (such as know-your-client procedures and customer due diligence) as well as ongoing monitoring of clients transactions to detect any suspicious transactions.

To meet our regulatory obligations to verify the identity of our clients and to verify the source of funds, we may request for additional information from you. Information requested may include, but not limited to, supporting documents, documentary evidence to support information given and could extend to documents regarding identity of beneficial owners (if applicable). We reserve the right to reject an application to invest in the Fund should clients fail to provide the information required. Furthermore, where a particular transaction is deemed suspicious, we have an obligation under the AMLATFPUAA to notify the relevant authority of the transaction.
