FUND INFORMATION

Fund Name	AHAM Versa Portfolio - Growth (Formerly known as Affin Hwang Versa Portfolio - Growth)
Fund Type	Growth
Fund Category	Mixed assets (Fund-of-Funds)
Investment Objective	The Fund aims to provide investors with capital growth over a medium to long-term period through a portfolio of CIS.
Benchmark	Maybank 12-month fixed deposit rate + 5% per annum
Distribution Policy	The Fund is not expected to make distribution. However, incidental distribution may be declared whenever appropriate.

FUND PERFORMANCE DATA

Category	As at 31 Jul 2023 (%)
Portfolio composition	
Collective investment schemes - local	9.87
Collective investment schemes - foreign	20.51
Exchange-traded funds - foreign	61.40
Cash & cash equivalent	8.22
Total	100.00
Total NAV (RM'million)	11.651
NAV per Unit (RM)	0.5379
Unit in Circulation (million)	21.658
Highest NAV	0.5413
Lowest NAV	0.4565
Return of the Fund (%) ¹	7.58
- Capital Growth (%)	7.58
- Income Distribution (%)	Nil
Gross Distribution per Unit (sen)	Nil
Net Distribution per Unit (sen)	Nil
Total Expense Ratio (%)	1.92
Portfolio Turnover Ratio (times)	2.18

Basis of calculation and assumption made in calculating the returns:-

The performance figures are a comparison of the growth/decline in Net Asset Value ("NAV") for the stipulated period taking into account all the distribution payable (if any) during the stipulated period.

An illustration of the above would be as follow:-

Capital return	= NAV per Unit end / NAV per Unit begin – 1
Income return	= Income distribution per Unit / NAV per Unit ex-date
Total return	= (1+Capital return) x (1+Income return) – 1

¹ Performance of the Fund is reviewed from the investment date of the Fund 16 March 2022.

MANAGER'S REPORT

Income Distribution / Unit Split

No income distribution or unit split were declared for the financial period ended 31 July 2023.

Fund Performance

Performance Review (16 March 2022 to 31 July 2023)

For the period 16 March 2022 to 31 July 2023, the Fund has registered a return of 7.58% as compared to the benchmark return of 10.59%. The Fund thus underperformed the benchmark by 3.01%. The NAV per unit of the Fund as at 31 July 2023 was RM0.5379 while the initial NAV per unit of the Fund was RM0.5000.

"This information is prepared by AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad) for information purposes only. Past earnings or the fund's distribution record is not a guarantee or reflection of the fund's future earnings/future distributions. Investors are advised that unit prices, distributions payable and investment returns may go down as well as up. Source of Benchmark is from Bloomberg."

Benchmark: Maybank 12-month fixed deposit rate + 5% per annum

Past performance is not necessarily indicative of future performance and that Unit prices and investment returns may go down, as well as up.

Asset Allocation

For a snapshot of the Fund's asset mix during the year under review, please refer to Fund Performance Data.

As at 31 July 2023, the Fund's holdings comprised of 9.87% in local collective investment schemes, 20.51% in foreign collective investment schemes, and majority of the portfolio in foreign exchange traded funds. The remainder was held in cash and cash equivalents.

Strategy Employed

Over the period under review, the Fund maintained its strategy and invested into a diversified portfolio of Collective Investment Schemes ("CIS") with the aim of providing capital growth through exposure into global markets.

Market Review

Over the year under review, the Standard and Poor's ("S&P") 500 returned 12.99% while the Morgan Stanley Capital International ("MSCI") AC World index returned 14.11%. Specific to the Asian region, MSCI AC Asia ex Japan Index was up 6.56% while locally, the Financial Times Stock Exchange ("FTSE") Bursa Malaysia returned 2.04%. Bond markets were down over the year, impacting the Bloomberg Barclays Global Aggregate Index negatively by -2.69%. Domestically, bond markets' benchmark 10-year Malaysian Government Securities ("MGS") yield closed at 3.84%.

Market volatility persisted over the past year as macro events and policy rate increases across the global economy affected stock and bond markets. The economic fallout from the Covid-19 pandemic coupled with the Russia-Ukraine conflict has disrupted supply chains and commodity markets, weighing heavily on global economic growth. Central banks continue to rein in inflation contributed by supply-demand imbalances and

volatility in energy prices among other factors through monetary policy, which inadvertently played a role in destabilising the banking sector March this year.

The U.S. Federal Reserve (“Fed”) raised their policy rates in each monetary policy committee meetings since March last year, to of 5.50% in July 2023, although pausing for the first time in 15 months in June 2023. The sharp pace of policy tightening raised concerns in the financial markets of an over-tightening that could lead to a growth slowdown, or even a potential recession. Further signs of tension in the economy were also visible in March this year as the fallout of Silicon Valley Bank and the emergency rescue of Credit Suisse triggered concerns of contagion to other vulnerable banks. In addition to fractures in the banking sector, other notable events over the year included the concern over the US approaching its debt ceiling in January, failing which to reach a consensus to suspend or raise the limit could result in a catastrophic default. However, investors heaved a sigh of relief after lawmakers passed a bill to raise the debt ceiling, in a deal that included concessions on spending expected to have limited effect on economic growth. Despite narrowly avoiding a default, the U.S. did not escape unscathed as Fitch Ratings downgraded its rating on U.S. debt, quoting in a press release “The repeated debt-limit political standoffs and last-minute resolutions have eroded confidence in fiscal management.”

U.S. equities was volatile throughout the year but ended the month of July positive as upbeat Goldilocks data bolstered the case for a soft landing in the U.S., with the S&P 500 soaring 3.11% in July, benefitting from a wave of positive economic indicators that pointed to easing inflation, robust economic growth and a resilient labour market. The fervour and enthusiasm over new developments in Artificial Intelligence (“AI”) also played a role in driving returns over the financial year. The core personal consumption expenditure (“PCE”) price index, the Fed’s preferred gauge of inflation reached 4.10% on a yearly basis, down from 4.60% in May and below the market forecast of 4.20%.

In Asia, the broader MSCI Asia ex-Japan index was up over the 1-year period. Despite starting off 2023 strong, Chinese equity trended downwards following the country’s reopening after the pandemic started to cool before lifting in July, driven by stimulus optimism in China, evident as the MSCI China Index vaulted 9.30% in July as top party leaders unveiled measures at its Politburo meeting to reinvigorate growth in the country. Among the measures include a pledge by Beijing to provide stimulus support for its beleaguered property sector. Top party leaders also emphasised the need for measures to tackle youth unemployment as well as accelerate the issuance of local government special bonds to spur government investment. While there were no explicit announcements of blockbuster stimulus, the overall policy tone from the Politburo meeting did exceed expectations. There was an acknowledgement of pressing issues on-the-ground that could result in targeted easing measures to bolster growth and lift sentiment.

Major macro events over the financial year under review had an effect on the domestic market over the year but managed to gain some ground ending the financial year up by 2%, mainly driven by positive sentiments, lifting foreign investors’ confidence as they pour into local equities. Several policy announcements by the government in June last month caught the attention of investors. These include the Ekonomi Madani Plan which outlined several key economic targets as well as Part 1 of the National Energy Transition Roadmap which intends to achieve 70% renewable energy capacity mix by 2050. All eyes will be on election in 6 outstanding states which is due to be held on the 12 August that would provide clarity on the stability of the unity government. On economic data, Malaysia’s core inflation eased to 3.10% year-on-year (“y-o-y”) in June, a decrease from 3.50% in May. The downward trend in inflation is anticipated to persist as the laggard effects of Bank Negara Malaysia’s rate hikes filter through the economy, coupled with a high-base effect.

U.S. Treasury (“UST”) was seen rebounding post- the Federal Open Market Committee (FOMC) meeting, but the advance U.S. second quarter gross domestic product (“GDP”) print surprised on the upside while news on discussion on a potential tweak to Bank of Japan’s yield curve control unnerved the markets. The 2-year, 5-year and 10-year yields ended the month at 4.88%, 4.18% and 3.96% respectively. The 30-year UST closed at 4.01%. As a result, the inversion between the 2-year and 10-year U.S. Treasury narrowed to -92 basis points (“bps”) (June 2023: -106bps). Locally, Malaysia’s headline inflation continues its downward trend, easing to 2.4% y-o-y in June 2023. This brings the year-to-date inflation to 3.2%, which is within Bank Negara Malaysia’s official forecast of 2.7% - 3.8%.

Investment Outlook

The past U.S. economic data has been sending mixed signals, leading to increased market conviction that the U.S. may avoid a recession and move towards a soft landing. There is a risk that the Fed will hike rates by another 25bps in 2023; however, we believe that the Fed's hiking cycle is either at or very near its end.

The recent FOMC meeting in July that resulted in another 25bps hike brought the rate to 5.50%. However, the possibility of softer consumer price index ("CPI") in the upcoming months raises the bar for a September hike. Chair Powell reiterated the data-dependency path on rate direction, meeting by meeting. As of end July 2023, the futures market was pricing for the Fed to hold rate until end-2023. We believe that the cumulative effect of tighter monetary policy and stricter lending conditions will increasingly restrain economic activity and growth. As borrowing costs rise, it will eventually become more challenging for consumers to fund their spending with debt.

We remain cautious as economic indicators are mixed. A divergence in manufacturing versus services industries is observed as the Global Manufacturing Purchasing Managers' Index ("PMI") has been tracking below the critical threshold for the past 3 quarters as of June 2023, while the Global Services PMI has risen steadily year to date. On earnings revision, although the longer term 3-months ratio remains below historical average, Asia and global 1-month earnings revision ratio improved from 0.53 to 0.76 and 0.77 and 0.85 respectively.

Moving over to the fixed income space, we see opportunities to add duration in government bonds in the third quarter of 2023 as central banks approach the end of its rate hike cycle. Investment Grade bonds could be defensive and provide positive returns as global growth slows, while approaching High Yields with caution as a slowdown in growth could lead to more liquidity and credit rating downgrade pressures.

Locally, the Malaysian Government Securities ("MGS") yield curve was roughly unchanged on month-on-month basis. Foreign players prefer short-term papers (below 2Y) to short USDMYR, while local real money players focus on long-dated papers for higher yields, resulting in a flat MGS yield. MGS yields remain attractive on a real basis and are expected to offer value as headline inflation is predicted to ease further. However, we anticipate some correction at the long end in August due to heavy duration supply resulting from auctions of MGS 15Y, Malaysian Government Investment Issue (MGII) 20Y and MGII 30Y. Foreign inflows increased in June, despite weaker Ringgit amounting +MYR 5.2bio (May: +MYR 3bio) vs outflows for equity. Inflows as a result of the still attractive USD-hedged MGS yields and relative stability of the domestic bond market. However, we note that foreign funds are still underweight Malaysia based on latest funds positioning. This could provide upside potential for local bonds market.

State of Affairs of the Fund

There is neither any significant change to the state affairs of the Fund nor any circumstances that materially affect any interests of the unit holders during the financial period under review.

Soft Commissions received from Brokers

Soft commissions received from brokers/dealers may be retained by the management company only if the :-

- (i) goods and services provided are of demonstrable benefit to Unit holders of the Fund; and
- (ii) goods and services are in the form of research and advisory services that assists in the decision making process.

During the financial period under review, no soft commission was received by the Manager on behalf of the Fund.

Cross Trade

No cross trade transactions have been carried out during the financial period under review.

Securities Financing Transactions

The Fund has not undertaken any securities lending or repurchase transactions during the financial period under review.

Changes Made To the Fund's Prospectus

A Replacement Prospectus dated 22 November 2022 ("Effective Date") was issued during the financial period under review to reflect the various changes made to the Fund. This includes:

1. a change in the name of the Fund; and
2. updates to the investment restrictions and limits to be in line with the Securities Commission Malaysia's ("SC") Guidelines on Unit Trust Funds.

Kindly refer to the following pages for the full list of changes made to the Fund.

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	<p>Introduction:</p> <p>In general, the amendments made to the Prospectus are to reflect the following:</p> <ol style="list-style-type: none"> 1. Requirements of Guidelines on Unit Trust Funds (Revised: 21 December 2021) (“Revised GUTF”) and Prospectus Guidelines For Collective Investment Schemes (Revised; 1 September 2022) (“Revised PCIS”) 2. Change in the shareholding of AHAM which took effect on 29 July 2022, whereby AHAM ceased to be a subsidiary of Affin Hwang Investment Bank and the Affin Banking Group. AHAM’s ultimate major shareholders now, is CVC Capital Partners Asia Fund V, a private equity fund managed by CVC Capital Partners (“Change in Shareholding”); and 3. Amendments made to the First Supplemental Deed which was registered and lodged with the SC on 22 September 2022 (“Supplemental Deed”) <p>Except for the amendments pertaining to asset allocation of the Fund, we are of the view that other amendments reflected in the Replacement Prospectus do not materially prejudice the unit holders’ interests as they do not result in (1) change to the nature/objective of the Fund; (2) change to the risk profile of the Fund; (3) change in the distribution policy; (4) introduction of a new category of fees/charges; or (5) increase in fees/charges of the Fund (collectively known as “Material Prejudice Circumstances”). Hence a unit holders’ approval is not required under paragraph 9.70 of the Revised GUTF and section 295(4)(a) of the Capital Markets and Services Act 2007.</p> <p>Additionally, except for the amendments pertaining to asset allocation of the Fund, we are of the view that other amendments are not significant changes that will affect unit holders’ decision to stay invested in the Fund as they do not result in change to (1) investment strategy; (2) distribution policy; or (3) minimum balance of the Fund (“Significant Change Circumstances”).</p>	
1.	GENERAL AMENDMENTS	
1.1	<ol style="list-style-type: none"> 1. Unit Holder(s), <u>investor(s)</u>, or you Means the person / corporation registered as the holder of a Unit or Units including persons, where permitted, jointly registered.
5.	RISK FACTORS	
5.1	GENERAL RISKS Loan Financing Risk This risk occurs when you take a loan or financing to finance your investment. The inherent risk of investing with borrowed money includes you being unable to service the loan repayments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the loan.	Loan / Financing Risk This risk occurs when you take a loan or financing to finance your investment. The inherent risk of investing with borrowed / <u>financed</u> money includes you being unable to service the loan / <u>financing</u> repayments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower <u>NAV</u> per <u>Unit</u> as compared to the <u>NAV</u> per <u>Unit</u> at the point of purchase towards settling the loan / <u>financing</u> .
5.2	GENERAL RISKS Liquidity risk Liquidity risk refers to two scenarios. The first is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment to be sold below its fair value which would adversely affect the NAV of the Fund. Upon such event and in the best interest of the Unit Holders, the Trustee may suspend the repurchase of Units requests. Please refer to “Suspension of Dealing in Units” section of this Prospectus for more details.	Liquidity Risk Liquidity risk refers to two scenarios. The first is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment to be sold below its fair value which would adversely affect the NAV of the Fund <u>and subsequently the value of Unit Holders’ investments in the Fund.</u>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
5.3	Nil.	<p>Inserted the following after “Liquidity risk”:</p> <p>Suspension of Repurchase Request Risk Having considered the best interests of Unit Holders, the repurchase requests by the Unit Holders may be subject to suspension due to exceptional circumstances, where the market value or fair value of a material portion of the Fund’s assets cannot be determined. Such exceptional circumstances may occur when, amongst others, the collective investment schemes that make up material portion of the NAV of the Fund suspend the dealings* and the inability to repatriate the proceeds of the redemptions of the shares or units of the collective investment schemes arising from the regulatory restrictions and/or foreign exchange controls imposed by the authorities in respective jurisdictions. In such case, Unit Holders will not be able to redeem their Units and will be compelled to remain invested in the Fund for a longer period of time. Hence, their investments will continue to be subject to the risks inherent to the Fund. Hence, their investments will continue to be subject to the risks inherent to the Fund.</p> <p><i>* The Manager may consider to suspend the Fund when multiple collective investment schemes (which make up material portion of the Fund’s NAV) that the Fund invest in suspend the dealings under circumstances, amongst others, as follows:</i></p> <p>(i) <i>Should redemption applications by investors of the collective investment scheme exceeds 10% of the NAV of the collective investment schemes on any dealing day, the Manager of the collective investment schemes may in its absolute discretion defer such redemption applications; and</i></p> <p>(ii) <i>When substantial portion of the collective investment scheme’s investments is suspended or restricted for trading that subsequently affects the valuation of the collective investment schemes.</i></p>
5.4	<p>SPECIFIC RISKS</p> <p>Currency Risk</p> <p>As the investments of the Fund may be denominated in currencies other than the base currency, any fluctuation in the exchange rate between the base currency and the currencies in which the investments are denominated may have an impact on the value of these investments. You should note that any gains or losses arising from the</p>	<p>As the investments of the Fund may be denominated in currencies other than the base currency <u>of the Fund</u>, any fluctuation in the exchange rate between the base currency <u>of the Fund</u> and the currencies in which the investments are denominated may have an impact on the value of these investments. <u>You should</u></p>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	fluctuation in the exchange rate may further increase or decrease the returns of the investment.	<u>be aware that if the currencies in which the investments are denominated depreciate against the base currency of the Fund, this will have an adverse effect on the NAV of the Fund in the base currency of the Fund and vice versa.</u> You should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.
5.5	<p>SPECIFIC RISKS</p> <p>Country Risk</p> <p>Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund to fall.</p>	<p>Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund <u>and prices of Units</u> to fall.</p>
5.6	<p>RISK MANAGEMENT</p> <p>In our day-to-day running of the business, we employ a proactive risk management approach to manage portfolio risk and operational risks. The Board has established a board compliance and risk management committee to oversee AHAM's risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance and risk management committee comprises of at least three Board members and is chaired by an independent director. At the operational level, we have established a compliance and risk oversight committee with the primary function of identifying, evaluating and monitoring risks as well as to formulate internal control measures to manage and mitigate the exposure to risks that may affect the performance of the Fund, returns to the investors or Unit Holders' interest within a clearly defined framework and is primarily responsible for ensuring that the policies and procedures that have been implemented are reviewed on an on-going basis with periodic assessments. The compliance and risk oversight committee reports to the board compliance and risk management committee on a quarterly basis.</p> <p>As the Fund will be investing a minimum of 95% of its NAV in CIS, the risk management of the Fund will largely be held at the level of the respective CIS that the Fund is</p>	<p>In our day-to-day running of the business, we employ a proactive risk management approach to manage portfolio risks, <u>operational risks and liquidity risks.</u> The Board has established a board compliance and risk management committee to oversee AHAM's risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
	<p>invested into. Nevertheless, we will conduct a stringent screening process by conducting fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors and any risks associated with it when making geographical selections. We also have in place a credit risk management process to reduce counterparty risk of derivatives whereby such risk arises when the counterparty is not able to meet their contractual obligations. Prior to entering into a contract with the counterparty, we will conduct an evaluation on the credit standing of the counterparty to ensure they are able to meet their contractual obligations. It is important to note that an event of downgrade does not constitute a default. If we view that the downgrade in the rating of the counterparty may lead to high credit risk, we will not hesitate to take pre-emptive measures to unwind these positions.</p> <p>To manage non-compliance risks, we use information technology system that is able to monitor the trading of investment to ensure compliance with the Fund’s investment limits and restrictions. These limits are system-controlled and not manually tracked, thus reducing the probability of human error occurring in ensuring the Fund’s limits and restrictions are adhered to. We also undertake stringent evaluation of movements in market prices and regularly monitor, review and report to the investment committee to ensure that the Fund’s investment objective is met. Regular portfolio reviews by senior members of the investment team further reduce the risk of implementation inconsistencies and guidelines violations.</p> <p>We will also closely monitor the performance of the underlying investments of the Fund and obtain regular updates from the respective managers of the CIS by looking at the CIS’ standard deviation, tracking error and measures of excess return. The data obtained will be reviewed on a quarterly basis, or as and when extreme market conditions or price movement in CIS occur.</p>	<p>management of the Fund will largely be held at the level of the respective CIS that the Fund is invested into. Nevertheless, we will conduct a stringent screening process by conducting fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors and any risks associated with it when making geographical selections. We also have in place a credit risk management process to reduce counterparty risk of derivatives whereby such risk arises when the <u>counterparties are</u> not able to meet their contractual obligations. Prior to entering into a contract with the <u>counterparties</u>, we will conduct an evaluation on the credit standing of the <u>counterparties</u> to ensure <u>that</u> they are able to meet their contractual obligations. It is important to note that an event of downgrade does not constitute a default. If we view that the downgrade in the rating of the counterparty may lead to high credit risk, we will not hesitate to take pre-emptive measures to unwind these positions.</p> <p>To manage non-compliance risks, we use information technology system that is able to monitor the trading of investment to ensure compliance with the Fund’s investment limits and restrictions. These limits are system-controlled and not manually tracked, thus reducing the probability of human error occurring in ensuring the Fund’s limits and restrictions are adhered to. We also undertake stringent evaluation of movements in market prices and regularly monitor, review and report to the <u>person(s) or members of a committee undertaking the oversight function of the Fund</u> to ensure that the Fund’s investment objective is met. Regular portfolio reviews by senior members of the investment team further reduce the risk of implementation inconsistencies and guidelines violations.</p> <p>We will also closely monitor the performance of the underlying investments of the Fund and obtain regular updates from the respective managers of the CIS by looking at the CIS’ standard deviation, tracking error and measures of excess return. The data obtained will be reviewed on a quarterly basis, or as and when extreme market conditions or price movement in CIS occur.</p> <p><u>Liquidity Risk Management</u> <u>We have established liquidity risk management policies to enable us to identify, monitor and manage the liquidity risk of the Fund in order to meet the repurchase requests from the Unit Holders with minimal impact to the Fund as well as</u></p>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
		<p><u>safeguarding the interests of the remaining Unit Holders. Such policies take into account, amongst others, the asset class of the Fund and the redemption policy of the Fund. To manage the liquidity risk, we have put in place the following procedures:</u></p> <ul style="list-style-type: none"> a) <u>The Fund may hold a maximum of 15% of its NAV in money market instruments and/or deposits. This will allow the Fund to have sufficient buffer to meet the Unit Holders’ repurchase request;</u> b) <u>Regular review by the designated fund manager on the Fund’s investment portfolio including its liquidity profile;</u> c) <u>Daily monitoring of the Fund’s net flows and periodic liquidity stress testing of the Fund’s assets against repurchase requests during normal and adverse market conditions are performed as pre-emptive measures in tracking the Fund’s liquidity status. This will ensure that we are prepared and able to take the necessary action proactively to address any liquidity concerns, which would mitigate the potential risks in meeting Unit Holders’ repurchase requests; and</u> d) <u>Suspension of repurchase requests from the Unit Holders under exceptional circumstances* where the market value or fair value of a material portion of the Fund’s assets cannot be determined. During the suspension period, the repurchase requests from the Unit Holders will be accepted but will not be processed. Such repurchase requests will only be processed on the next Business Day once the suspension is lifted. That said, the action to suspend repurchase requests from the Unit Holders shall be exercised only as a last resort by the Manager having considered the best interests of Unit Holders after utilising the Fund’s liquid assets (i.e. money market instruments and/or deposits) in meeting the redemption request by Unit Holders.</u> <p><u><i>*The Manager will consider to suspend the dealing of the Fund should the collective investment schemes that make up material portion of the NAV of the Fund suspend the dealings** and the inability to repatriate the proceeds of the redemptions of the shares or units of the collective investment schemes arising from the regulatory restrictions and/or foreign exchange controls imposed by the authorities in respective jurisdictions.</i></u></p> <p><u><i>** The Manager may consider to suspend the Fund when multiple collective investment schemes (which make up material portion of the Fund’s NAV) that</i></u></p>

6.2	INITIAL OFFER PRICE AND INITIAL OFFER PERIOD The initial offer price is set at MYR 0.50 only. The initial offer period shall be for a period of not more than twenty one (21) calendar days from the Commencement Date. The initial offer period may be shortened if we determine that it is in your best interest.	Deleted.
6.3	BENCHMARK Maybank 12-month fixed deposit rate + 5% per annum <i>It is important to note that this is only a measurement of the Fund's performance and is not a guaranteed return.</i>	Maybank 12-month fixed deposit rate + 5% per annum <u>The aforementioned customised benchmark has been selected to reflect the Fund's intention to achieve the additional return on top of the Maybank 12-month fixed deposits rate from investment opportunities in accordance with its investment strategies.</u> <u>Maybank 12-month fixed deposit rate can be obtained from www.maybank2u.com.my.</u> <i>It is important to note that this is only a measurement of the Fund's performance and is not a guaranteed return.</i>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
6.4	<p>ASSET ALLOCATION</p> <ul style="list-style-type: none"> ➤ A minimum of 95% of the Fund’s NAV will be invested in CIS; and ➤ A maximum of 5% of the Fund’s NAV in money market instruments and/or deposits. 	<ul style="list-style-type: none"> ➤ A minimum of <u>85%</u> of the Fund’s NAV will be invested in CIS; and ➤ A maximum of <u>15%</u> of the Fund’s NAV <u>will be invested</u> in money market instruments, deposits, <u>and/or derivatives for hedging purposes.</u>
6.5	<p>INVESTMENT STRATEGY</p> <p>In line with its objective, the investment strategy of the Fund is to invest in a diversified portfolio of CIS that will provide capital growth through exposure into global markets.</p> <p>To offer investment diversification, the selection of CIS will be made based on the geographical and asset class focus to broaden the investment reach. Through its investment into CIS, the Fund will provide you with access into equities listed in global markets, as well as access into fixed income instruments such as debt securities, money market instruments and deposits, issued globally. We will look towards having a growth portfolio by holding optimal exposure into both equities and fixed income instruments respectively. Exposure into equities are generally considered to be able to provide higher returns as compared to fixed income instruments thus exposing you to the relatively higher risk that comes with equity investments. However, the Fund will also have exposure in fixed income instruments, which are generally considered to be of lower risk, and the optimal allocation is aimed at managing the overall volatility of the Fund.</p> <p>In this respect, we take an active investment strategy in terms of its asset allocation, and geographical allocation decision. However, once a decision is made with regard to the actual allocation, the Fund will take a more passive stance by holding on to investments it already owns. Nevertheless, we will hold the flexibility to actively shift its asset and geographical allocation should it deem necessary based on the prevailing market conditions.</p> <p>We may place the uninvested portion of the Fund in liquid assets such as money market instruments and/or deposits with Financial Institutions. However, we may also take temporary defensive positions that may be inconsistent with the Fund’s principal strategy by holding up to all of the Fund’s NAV in money market instruments and/or deposits with Financial Institutions in attempting to respond to adverse conditions that could negatively impact the financial markets.</p>	<p>In line with its objective, the investment strategy of the Fund is to invest in a diversified portfolio of CIS that will provide capital growth through exposure into global markets.</p> <p>To offer investment diversification, the selection of CIS will be made based on the geographical and asset class focus to broaden the investment reach. However, we may also take temporary defensive positions that may be inconsistent with the Fund’s principal strategy by holding up to all of the Fund’s NAV in money market instruments and/or deposits with Financial Institutions in attempting to respond to adverse conditions that could negatively impact the financial markets.</p>

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS
6.6	<p>Derivatives</p> <p>The Fund may participate in non-MYR denominated assets, which we believe will be able to meet the Fund’s objective. These non-MYR denominated assets may be hedged back to MYR, i.e. the base currency, to mitigate foreign currency risk.</p> <p>The Fund may use derivatives, such as foreign exchange forward contracts and cross currency swaps for hedging purposes only. Cross currency swaps and/or foreign exchange forward contracts may be used to hedge the principal and/or the returns of the foreign currency exposure of the Fund, depending on the Manager’s view on the invested currency. The employment of derivatives under these circumstances is expected to reduce the impact of foreign currency movements on the Fund’s NAV irrespective of the currency classes. While the hedging strategy will assist with mitigating the potential foreign exchange losses by the Fund, any potential foreign exchange gains from the hedging strategy will be capped as well. The types of derivatives envisaged for hedging purposes include forwards and swaps which are OTC or traded on centralised exchanges.</p>	<p><u>Derivatives trades may be carried out for hedging purpose through financial instruments including, but not limited to, forward contracts, futures and swaps. Future and forward contracts are generally contracts between two parties to trade an asset at an agreed price on a pre-determined future date whereas swaps is an agreement to swap or exchange two financial instruments between two parties.</u></p> <p><u>The intention of hedging is to preserve the value of the asset from any adverse price movements. For example, to hedge against foreign currency exchange risk, the Fund may enter into a currency forward contract to offset any adverse foreign currency movements by determining an agreed rate for an agreed tenure with its counterparty. While the hedging transactions will assist with mitigating the potential foreign exchange losses by the Fund, any potential foreign exchange gains from the hedging strategy will be capped as well.</u></p> <p><u>The Fund adopts commitment approach to measure the Fund’s global exposure to derivatives. The commitment approach is a methodology that aggregates the underlying market values or notional values of the derivatives after taking into account the possible effects of netting and/or hedging arrangements. The Fund’s global exposure from the derivatives position must not exceed 100% of its NAV at all times.</u></p>
6.7	<p>INVESTMENT RESTRICTIONS AND LIMITS</p> <ul style="list-style-type: none"> ➤ The Fund’s assets must be relevant and consistent with the investment objective of the Fund. ➤ The Fund must not invest in: <ul style="list-style-type: none"> i. a fund-of-funds; ii. a feeder fund; and iii. any sub-fund of an umbrella scheme which is a fund-of-funds or a feeder fund. ➤ Investment spread limits and concentration limits:- 	<ul style="list-style-type: none"> ➤ The Fund’s assets must be relevant and consistent with the investment objective of the Fund. ➤ The Fund must not invest in: <ul style="list-style-type: none"> i. a fund-of-funds; ii. a feeder fund; and iii. any sub-fund of an umbrella scheme which is a fund-of-funds or a feeder fund. ➤ Investment spread limits and concentration limits:-

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023

The following accounting policies have been used in dealing with items which are considered material in relation to the financial statements.

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the Malaysian Financial Reporting Standards (“MFRS”) and International Financial Reporting Standards (“IFRS”). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including derivative financial instruments) at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reported financial period. It also requires the Manager to exercise their judgment in the process of applying the Fund’s accounting policies. Although these estimates and judgment are based on the Manager’s best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note K.

(a) Standards, amendments to published standards and interpretations that are effective:

- Amendments to MFRS 3 ‘Reference to Conceptual Framework’ (effective 1 January 2022) replace the reference to Framework for Preparation and Presentation of Financial Statements with 2018 Conceptual Framework.
- Annual Improvements to MFRSs 2018 – 2020 Cycle (effective for annual periods beginning on or after 1 January 2022).
- Amendments to MFRS 137 ‘Onerous contracts - cost of fulfilling a contract’ (effective 1 January 2022) clarify that direct costs of fulfilling a contract include both the incremental cost of fulfilling the contract as well as an allocation of other costs directly related to fulfilling contracts.

The adoption of the above standards, amendments to standards or interpretations did not have a material effect on the financial statements of the Fund.

(b) Standards and amendments that have been issued but not yet effective:

Amendments to MFRS 101 ‘Classification of liabilities as current or non-current’ (effective 1 January 2024) clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity’s expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). In addition, the amendments clarify that when a liability could be settled by the transfer of an entity’s own equity instruments (e.g. a conversion option in a convertible bond), conversion option meeting the definition of an equity instrument in MFRS 132 ‘Financial Instruments: Presentation’ does not impact the current or non-current classification of the convertible instrument.

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONTINUED)

(b) Standards and amendments that have been issued but not yet effective (continued):

The amendments also specify that covenants of loan arrangements which an entity must comply with only after the reporting date would not affect classification of a liability as current or non-current at the reporting date. However, those covenants that an entity is required to comply with on or before the reporting date would affect classification of a liability as current or non-current, even if the covenant is only assessed after the reporting date.

The adoption of the above standards, amendments to standards or interpretations is not expected to have a material effect on the financial statements of the Fund.

B INCOME RECOGNITION

Dividend income

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income on the ex-dividend date, when the right to receive the dividend has been established.

Interest income

Interest income from short-term deposit with licensed financial institutions is recognised based on effective interest rate method on an accrual basis.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Realised gains and losses on sale of investments

For collective investment schemes ("CIS") and exchange-traded funds, realised gains and losses on sale of investments are accounted for as the difference between the net disposal proceeds and the carrying amount of the investments, determined on a weighted average cost basis.

C TRANSACTION COSTS

Transaction costs are costs incurred to acquire financial assets or liabilities at fair value through profit or loss. They include the bid-ask spread, fees and commissions paid to agents, advisors and brokers. Transaction costs, when incurred, are immediately recognised in the statement of comprehensive income as expenses.

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

D TAXATION

Current tax expense is determined according to the Malaysian tax laws at the current rate based upon the taxable profits earned during the financial period.

Tax on investment income from foreign investments is based on the tax regime of the respective countries that the Fund invests in.

Withholding taxes on investment income from foreign investment are based on tax regime of the respective countries that the Fund invests in. Such withholding taxes are not “income tax” in nature and are recognised and measured based on the requirements of MFRS 137. They are presented within other expenses line in the statement of comprehensive income.

E FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”), which is the Fund’s functional and presentation currency.

F FOREIGN CURRENCY TRANSLATION

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income, except when deferred in other comprehensive income as qualifying cash flow hedges.

G FINANCIAL ASSETS AND FINANCIAL LIABILITIES

(i) Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss, and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed, and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income.

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

G FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(i) Classification (continued)

The contractual cash flows of the Fund's debt securities are solely principal and interest ("SPPI"). However, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments and derivatives not designated as hedging instruments are measured at fair value through profit or loss.

Investment in CIS have contractual cash flows that do not represent SPPI, and therefore are classified as fair value through profit or loss.

The Fund classifies cash and cash equivalents, dividends receivable and amount due from Manager as financial assets at amortised cost as these financial assets are held to collect contractual cash flows consisting of amount outstanding.

The Fund classifies amount due to broker, amount due to Manager, amount due to Trustee and fund accounting fee as financial liabilities measured at amortised cost.

(ii) Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date – the date on which the Fund commits to purchase or sell the asset. Investments are initially recognised at fair value.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e., when the obligation specified in the contract is discharged or cancelled or expired.

Gains or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category including the effects of currency transactions are presented in the statement of comprehensive income within 'net gain/(loss) on financial assets at fair value through profit or loss' in the financial period which they arise.

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

G FINANCIAL ASSETS AND FINAICIAL LIABILITIES (CONTINUED)

(ii) Recognition and measurement (continued)

Investment in CIS and exchange-traded funds are valued at the last published net asset value ("NAV") per unit at the date of the statement of financial position.

Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective interest method.

(iii) Impairment

The Fund's financial assets measured at amortised cost are subject to expected credit losses. The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12 month and lifetime expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

The Fund defines a financial instrument as default, which is fully aligned with the definition of credit-impaired, when it meets one or more of the following criteria:

Quantitative criteria:

Any contractual payment which is more than 90 days past due is considered credit impaired.

Qualitative criteria:

The debtor meets unlikeliness to pay criteria, which indicates the debtor is in significant financial difficulty. The Fund considers the following instances:

- the debtor is in breach of financial covenants
- concessions have been made by the lender relating to the debtor's financial difficulty
- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation
- the debtor is insolvent

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

G FINANCIAL ASSETS AND FINAICIAL LIABILITIES (CONTINUED)

(iii) Impairment (continued)

Financial instruments that are credit-impaired are assessed on individual basis.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Fund may write off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in bad debt recoveries. There are no write-offs/recoveries during the financial period.

H CASH AND CASH EQUIVALENTS

For the purpose of statement of cash flows, cash and cash equivalents comprise cash and bank balances which are subject to an insignificant risk of changes in value.

I DERIVATIVE FINANCIAL INSTRUMENTS

A derivative financial instrument is any contract that gives rise to both a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

The Fund's derivative financial instruments comprise forward foreign currency contracts. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Financial derivative positions will be "marked to market" at the close of each valuation day. Foreign exchange gains and losses on the derivative financial instrument are recognised in the statement of comprehensive income when settled or at the date of the statement of financial position at which time they are included in the measurement of the derivative financial instrument. Derivative investments that have a positive fair value and a negative fair value are presented as financial assets and financial liabilities at fair value through profit or loss.

The fair value of forward foreign currency contracts is determined using forward exchange rates at the date of the statement of financial position, with the resulting value discounted back to present value.

The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and the nature of the item being hedged. Derivatives that do not qualify for hedge accounting are classified as financial assets/liabilities at fair value through profit or loss.

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

J UNITHOLDERS' CAPITAL

The unitholders' contributions to the Fund meet the criteria to be classified as equity instruments under MFRS 132 "Financial Instruments: Presentation". Those criteria include:

- the units entitle the holder to a proportionate share of the Fund's NAV;
- the units are the most subordinated class and class features are identical;
- there are no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units over its life are based substantially on the profit or loss of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial period if unitholder exercises the right to put the unit back to the Fund.

Units are created and cancelled at the unitholders' option at prices based on the Fund's NAV per unit at the time of creation or cancellation. The Fund's NAV per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding units.

K CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS IN APPLYING ACCOUNTING POLICIES

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information contents on the estimates, certain key variables that are anticipated to have material impacts to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgments are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

However, the Manager is of the opinion that there are no accounting policies which require significant judgment to be exercised.

In undertaking any of the Fund's investment, the Manager will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the Securities Commission's ("SC") Guidelines on Unit Trust Funds.

L REALISED AND UNREALISED PORTIONS OF PROFIT OR LOSS AFTER TAX

The analysis of realised and unrealised amounts in profit or loss after tax as presented on the statement of comprehensive income is prepared in accordance with SC's Guidelines on Unit Trust Funds.

(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

M AMOUNT DUE FROM/(TO) BROKER

Amount due from and to broker represents receivable for securities sold and payable for securities purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. The due from broker balance is held for collection. Refer to Note G for accounting policy on recognition and measurement.

Any contractual payment which is more than 90 days past due is considered credit-impaired.

Significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required.

(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023

1 INFORMATION ON THE FUND

The Unit Trust Fund was constituted under the name Affin Hwang Versa Portfolio - Growth (the "Fund") pursuant to the execution of a Deed dated 8 October 2021 as modified by Supplemental Deed dated 8 August 2022 ("the Deeds") entered into between AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad) (the "Manager") and CIMB Commerce Trustee Berhad (the "Trustee"). The Fund has changed its name from Affin Hwang Versa Portfolio - Growth to AHAM Versa Portfolio - Growth as amended by the Supplemental Deed dated 8 August 2022.

The Fund commenced operations on 11 March 2022 and will continue its operations until terminated by the Trustee as provided under Clause 12.3 of the Deed.

The Fund may invest in any of the following investments:

- (a) Units/shares in collective investment schemes;
- (b) Money market instruments;
- (c) Deposits;
- (d) Derivatives; and
- (e) Any other form of investments as may be permitted by the SC from time to time which is in line with the objective of the Fund.

All investments will be subjected to the SC's Guidelines on Unit Trust Funds, the Deed and the objective of the Fund.

The main objective of the Fund is to provide investors with capital growth over a medium to long term period through a portfolio of collective investment schemes.

The Manager is a company incorporated in Malaysia. The principal activities of the Manager are establishment and management of unit trust funds, exchange-traded funds and private retirement schemes as well as providing fund management services to private clients. On 10 November 2022, the Manager has changed its name from Affin Hwang Asset Management Berhad to AHAM Asset Management Berhad.

The financial statements were authorised for issue by the Manager on 28 September 2023.

The Fund is exposed to a variety of risks which include market risk (including price risk, interest rate risk and currency risk), credit risk, liquidity risk and capital risk.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated by the SC's Guidelines on Unit Trust Funds.

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk

(a) Price risk

Price risk arises mainly from the uncertainty about future prices of investments. It represents the potential loss the Fund might suffer through holding market positions in the face of price movements. The Manager manages the risk of unfavorable changes in prices by continuous monitoring of the performance and risk profile of the investment portfolio.

The Fund's overall exposure to price risk was as follows:

	As at 31.07.2023 RM
Quoted investments	
Collective investment schemes	3,539,900
Exchange-traded funds	7,153,463
	<u>10,693,363</u>

The following table summarises the sensitivity of the Fund's profit after taxation and NAV to price risk movements. The analysis is based on the assumptions that the market price increased by 10% and decreased by 10% with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the quoted investments having regard to the historical volatility of the prices.

TO 31 JULY 2023 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk (continued)

(b) Interest rate risk

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and liabilities and future cash flows.

As at 31 July 2023, the Fund is not exposed to any interest rate risk.

(c) Currency risk

Currency risk is associated with asset/liabilities denominated in foreign currencies. When the foreign currencies fluctuate in unfavorable movement against Ringgit Malaysia, the investments will face currency losses in addition to the capital gain/(loss). The Manager will evaluate the likely directions of the foreign currency versus Ringgit Malaysia based on considerations of economic fundamentals such as interest rate differentials, balance of payments position, debt levels and technical chart considerations.

The following table sets out the foreign currency risk concentrations and counterparties of the Fund:

	<u>Cash and cash equivalents</u> RM	<u>Collective investment schemes</u> RM	<u>Exchange traded funds</u> RM	<u>Total</u> RM

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk (continued)

(c) Currency risk (continued)

The table below summarises the sensitivity of the Fund's profit after tax and NAV to changes in foreign exchange movements. The analysis is based on the assumption that the foreign exchange rate changes based on each currency's respective historical volatility, with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the foreign exchange rate, having regard to historical volatility of this rate. Any increase/(decrease) in foreign exchange rate will result in a corresponding (decrease)/increase in the net assets attributable to unitholders by each currency's respective historical volatility. Disclosures below are shown in absolute terms, changes and impacts could be positive or negative.

	<u>Change in rate</u> %	<u>Impact on profit after tax/ NAV</u> RM
<u>As at 31.07.2023</u>		
Euro	+/- 9.27	+/- 17
Japanese Yen	+/- 13.04	+/- 29,718
United States Dollar	+/- 6.73	+/- 636,894

Credit risk

Credit risk refers to the ability of an issuer or counterparty to make timely payments of interests, principals and proceeds from realisation of investments. The Manager manages credit risk by undertaking credit evaluation to minimise such risk.

Credit risk arising from cash and bank balances is managed by ensuring that they are held by parties with credit rating of AA or higher.

The settlement terms of amount due from brokers are governed by the relevant rules and regulations as prescribed by the respective stock exchanges.

The settlement terms of the proceeds from the creation of units' receivable from the Manager are governed by the SC's Guidelines on Unit Trust Funds.

The following table sets out the credit risk concentration and counterparties of the Fund:

AHAM VERSA PORTFOLIO - GROWTH

	<u>1,274,068</u>	<u>65,007</u>	<u>263</u>	<u>1,339,338</u>

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations. The Manager manages this risk by maintaining sufficient level of liquid assets to meet anticipated payments and cancellations of units by unitholders. Liquid assets comprise cash, and other instruments, which are capable of being converted into cash within 7 days.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date.

Fund accounting fee	1,000	-	1,000
	<u>393,637</u>	<u>-</u>	<u>393,637</u>

Capital risk

The capital of the Fund is represented by equity consisting of unitholders' capital and retained earnings. The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unitholders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unitholders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

3 FAIR VALUE ESTIMATION

Financial instruments comprise financial assets and financial liabilities. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of financial assets traded in active markets (such as trading securities) is based on quoted market prices at the close of trading on the financial period end date. The Fund utilises the current bid price for financial assets which falls within the bid-ask spread.

An active market is a market in which transactions for the asset take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

(i) Fair value hierarchy

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL PERIOD FROM 11 MARCH 2022 (DATE OF LAUNCH)
TO 31 JULY 2023 (CONTINUED)

3 FAIR VALUE ESTIMATION (CONTINUED)

(i) Fair value hierarchy (continued)

The following table analyses within the fair value hierarchy the Fund's financial assets (by class) measured at fair value:

	<u>Level 1</u> RM	<u>Level 2</u> RM	<u>Level 3</u> RM	<u>Total</u> RM
<u>As at 31.07.2023</u>				
Financial assets at fair value through profit or loss				
- collective investment schemes	3,539,900	-	-	3,539,900
- exchange-traded funds	7,153,463	-	-	7,153,463
	<u>10,693,363</u>	<u>-</u>	<u>-</u>	<u>10,693,363</u>

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include collective investment schemes and exchange-traded funds. The Fund does not adjust the quoted prices for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

- (ii) The carrying values of cash and cash equivalents, dividends receivable, amount due from Manager and all current liabilities are a reasonable approximation of the fair values due to their short-term nature.

4 MANAGEMENT FEE

In accordance with the Deed, the Manager is entitled to a management fee at a rate not exceeding 5.00% per annum on the net asset value ("NAV") of the Fund calculated on a daily basis.

For the financial period from 11 March 2022 (date of launch) to 31 July 2023, the management fee is recognised at the rate of 1.00% per annum on the NAV of the Fund, calculated on a daily basis.

There will be no further liability to the Manager in respect of management fee other than the amount recognised above.

5 TRUSTEE FEE

In accordance with the Deed, the Trustee is entitled to an annual fee at a rate not exceeding 0.10% per annum on the net asset value ("NAV") of the Fund, excluding of foreign custodian fees and charges.

For the financial period from 11 March 2022 (date of launch) to 31 July 2023, the Trustee's fee is recognised at a rate of 0.04% per annum on the NAV of the Fund, calculated on a daily basis as stated in the Fund's Prospectus.

There will be no further liability to the Trustee in respect of Trustee fee other than the amounts recognised above.

6 FUND ACCOUNTING FEE

The fund valuation and accounting fee for the Fund is RM1,000 for the financial period from 11 March 2022 (date of launch) to 31 July 2023.

7 AUDITORS' REMUNERATION AND TAX AGENT FEE

For the financial period from 11 March 2022 (date of launch) to 31 July 2023, auditors' remuneration of RM9,000 and tax agent fee of RM3,500 will be borne by the Manager.

9 FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	<u>As at 31.07.2023</u>
	RM
Financial assets at fair value through profit or loss:	
- collective investment schemes - local	1,150,220
- collective investment schemes - foreign	2,389,680
- exchange-traded funds - foreign	7,153,463
	<u>10,693,363</u>
	Financial period from 11.3.2022 (date of launch) to <u>31.7.2023</u> RM
Net gain on financial assets at fair value through profit or loss:	
- realised gain on sale of investments	105,545
- unrealised gain on changes in fair value	746,916
- management fee rebate on collective investment schemes #	5,086
	<u>857,547</u>

In arriving at the fair value of CIS, the management fee initially paid to the Manager of CIS have been considered as part of its NAV. In order to prevent the double charging of management fee, which is not permissible under SC's Guidelines, management fee charged on the Fund's investments in CIS have been refunded to the Fund. Accordingly, any rebate of management fee received from the Manager of CIS is reflected as an increase in the NAV of the CIS.

PTR is derived from the following calculation:

$$\frac{(\text{Total acquisition for the financial period} + \text{total disposal for the financial period}) \div 2}{\text{Average NAV of the Fund for the financial period calculated on a daily basis}}$$

where: total acquisition for the financial period = RM16,953,279
total disposal for the financial period = RM7,006,832

16 SIGNIFICANT EVENTS DURING THE FINANCIAL PERIOD

Change in corporate shareholding of AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad)

On 28 January 2022, Affin Bank Berhad announced that funds advised by CVC Capital Partners, a leading global private equity and investment advisory firm with approximately US\$125 billion of assets under management, has agreed to acquire approximately 68% of the equity interest in AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad).

The Acquisition has been approved by Securities Commissions Malaysia on 1 July 2022, and upon completion of the Acquisition on 29 July 2022, AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad) has ceased to be a subsidiary of Affin Hwang Investment Bank Berhad.

Change in substantial shareholders of AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad)

On 19 April 2023, Nikko Asset Management International Limited (“NAMI”) has divested all its equity interest of 27% in AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad) to Nikko Asset Management Co., Ltd (“NAM”) for 20% and remaining 7% of the equity interest to Lembaga Tabung Angkatan Tentera (“LTAT”), resulting in both NAM and LTAT becoming substantial shareholders of the Manager.

STATEMENT BY THE MANAGER

I, Dato' Teng Chee Wai, for and on behalf of the board of directors of the Manager, **AHAM Asset Management Berhad (formerly known as Affin Hwang Asset Management Berhad)**, do hereby state that in the opinion of the Manager, the financial statements set out on pages 1 to 34 are drawn up in accordance with the provisions of the Deeds and give a true and fair view of the financial position of the Fund as at 31 July 2023 and of its financial performance, changes in equity and cash flows for the financial period from 11 March 2022 (date of launch) to 31 July 2023 in accordance with the Malaysian Financial Reporting Standards and International Financial Reporting Standards.

For and on behalf of the Manager,
AHAM ASSET MANAGEMENT BERHAD
(FORMERLY KNOWN AS AFFIN HWANG ASSET MANAGEMENT BERHAD)

DATO' TENG CHEE WAI
EXECUTIVE DIRECTOR/MANAGING DIRECTOR

INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF AHAM VERSA PORTFOLIO - GROWTH
(FORMERLY KNOWN AS AFFIN HWANG VERSA PORTFOLIO - GROWTH)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our opinion

In our opinion, the financial statements of AHAM Versa Portfolio – Growth (“the Fund”) (formerly known as Affin Hwang Versa Portfolio – Growth) give a true and fair view of the financial position of the Fund as at 31 July 2023, and of its financial performance and its cash flows the financial period from 11 March 2022 (date of launch) to 31 July 2023 in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

What we have audited

We have audited the financial statements of the Fund, which comprise the statement of financial position as at 31 July 2023, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 1 to 34.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the “Auditors’ responsibilities for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants (“By-Laws”) and the International Ethics Standards Board for Accountants’ International Code of Ethics for Professional Accountants (including International Independence Standards) (“IESBA Code”), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors’ report thereon

The Manager of the Fund is responsible for the other information. The other information comprises the Manager’s Report, but does not include the financial statements of the Fund and our auditors’ report thereon.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager for the financial statements

The Manager of the Fund is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to terminate the Fund, or has no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Auditors' responsibilities for the audit of the financial statements (continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- (d) Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
